Rocky Marcoux
Commissioner
Dept. of City Development
809 N. Broadway
Milwaukee, WI 53202

Dear Commissioner Marcoux:

Common Council file no. 090706 directed the Commissioner of City Development to prepare amendments for several tax incremental districts likely to be closed in 2011 or 2012, for the purpose of extending the life of the districts to pay for street-paving and street construction projects within one-half mile of the districts' boundaries.

Because of the considerable staff work required to prepare such amendments, and the uncertainty that members of the Joint Review Board will support amendments that extend the life of TIDs for the purpose of street paving, I am directing that you work with the office of the City Engineer to prepare one such amendment, for TID 34, as an initial test of this legislation.

Sincerely,

TOM BARRETT
Mayor
