

The interior pictures show different apartments with various levels of finish and various rents. The rents of these 12 1,000sf 2BR/1BA corner apartments range from \$820 to \$1,135 and average \$0.95/sf. Heat, broadband internet, basic cable, and one off street parking spot are included in the rent.

The exterior picture is good, because it's a winter picture and because it shows adjacent historic homes (a good example of different types of housing in an historic district)
