Subject: Introduction of Resolution Increasing Capital Grantor Share Appropriation Authority for 2013

Dear Honorable Members:

We are submitting the attached resolution for introduction at the February 5, 2013, Common Council meeting.

The intent is to increase capital grantor share appropriation authority for 2013. There is a need for increased capital grantor funding, based on known and anticipated capital grant projects. Appropriations for these capital projects will be offset by grant funding.

Respectfully submitted,

Mark Nicolini  
Budget and Management Director
