Resolution authorizing City entry into Green Infrastructure Funding Agreement and Conservation Easement with MMSD and MPS for Rogers Street Academy at 2430 West Rogers Street, in the 8th Aldermanic District.

Whereas, The City of Milwaukee is the owner of record of Rogers Street Academy at 2430 W. Rogers Street concerning which the MPS Board has the duty of care, control and management under Wis. Stat. 119.16 (1m) and (3)(b) and Wis. Stat. 119.60 (2); and

Whereas, The Metropolitan Milwaukee Sewerage District (MMSD) has, in the past, provided grant funding to MPS to reimburse MPS for green infrastructure improvements to MPS school sites; and

Whereas, Green infrastructure improvements through this funding source will help divert storm water from local sewerage systems; and

Whereas, MMSD requires MPS, and the City as the record title holder of the MPS sites: to enter into funding agreements for each parcel; and to enter, after the infrastructure has been installed at each of the school sites, a conservation easement for each parcel; and

Whereas, The Green Infrastructure Funding Agreement now needed for said MPS site has been submitted to this file; and

Whereas, The template conservation easement to be used post-installation will be in

substantially the same form and substance as the template conservation easement that was approved by the Common Council in Resolution File No. 191139; now therefore, be it

Resolved, By the Common Council of the City of Milwaukee, that the Green Infrastructure Funding Agreement that is submitted to this file is hereby approved, and City personnel, including the DPW Commissioner, are authorized: (i) to cause the City to enter the funding agreement document in the same form, or in substantially the same form and substance, as have been submitted to this file; and (ii) to cause the City to enter, for the school site, post-installation of the green infrastructure improvements, the conservation easement in the same form, or in substantially the same form and substance, as was submitted to File No. 191139 and approved by that Resolution File; and (iii) to take such further acts as may be contemplated or required to be taken by the City under those documents so as to carry out the intent and purpose of this resolution and those documents.

23. [241213](#) Substitute resolution relative to acceptance and funding of a Grant Agreement through the United States Department of Transportation's Charging and Fueling Infrastructure program to develop a public electric vehicle charging network.
- Whereas, the City of Milwaukee adopted a Climate and Equity Plan in June 2023 with goals of reducing community-wide greenhouse gas emissions 45% by 2030 and achieving net-zero greenhouse gas emissions by 2050 while creating good-paying green jobs that pay at least \$40,000 per year with a focus on recruiting workers of color into these green jobs; and
- Whereas, "Electrify Transportation" is one of the Ten Big Ideas in the Climate and Equity Plan; and
- Whereas, the major focus of the Electrify Transportation chapter is the build out of a public electric vehicle charging network to increase EV adoption rates; and
- Whereas, the stated goal of the United States Department of Transportation's Charging and Fueling Infrastructure program is to provide funding to strategically deploy publicly accessible electric vehicle charging infrastructure and other alternative

fueling infrastructure. The program prioritizes low- and moderate-income neighborhoods with low ratios of private parking or high ratios of multiunit dwellings; and

Whereas, the City of Milwaukee's Environmental Collaboration Office developed a Preliminary Electric Vehicle Readiness Plan in 2023 and applied for maximum funding from the US Department of Transportation; and

Whereas, the Preliminary Electric Vehicle Readiness Plan and associated grant application contains a list of preliminary locations, a Community Benefits Plan to support local workers, and a plan for a Public-Private Partnership wherein a private sector partner would be selected to Design, Build, Finance, Operate, and Maintain the system; and

Whereas, the private sector partner will be expected to provide the local cost share of \$3,741,383 in exchange for all or a portion of the system revenues; and

Whereas, The City of Milwaukee's Environmental Collaboration Office has been notified of selection for \$14.96M in funding from the United States Department of Transportation's Charging and Fueling Infrastructure program; and

Whereas, the estimated period of performance for this grant is six years from the effective date of the award at signature; and

Whereas, the grant award is divided into two phases, with the first phase being engineering, National Environmental Policy Act (NEPA) review, and final site selection and the second phase being construction; and

Whereas, criteria for site selection includes all federal requirements including but not limited to a minimum of four charging ports per location, sufficient power supplies, willing property owners to host sites, public accessibility, and NEPA compliance, and

Whereas, initial planning will assume approximately forty-seven sites will be located within City of Milwaukee city limits and six sites may be located in neighboring communities within Milwaukee County, including Milwaukee County parks or cultural sites; now therefore be it

Resolved, By the Common Council of the City of Milwaukee, that the Environmental Collaboration Office shall accept this funding without further approval, unless the terms change as indicated in Section 304-81 of the Milwaukee Code of Ordinances; and, be it

Further Resolved that the City Comptroller is authorized to:

1. Commit funds within the Project/Grant Parent of the 2025 Special Revenue-Grant and Aid Projects the following amount for the project titled: Public EV Charging Project:

2. Create the necessary Grant and Aid Project/Grant and Project/Grant levels; budget against these Project/Grant values the amount required under the grant agreement;

3. Establish the necessary City Share Project Values; and, be it

Further Resolved, that the Department of Administration-Environmental Collaboration Office will select an eligible engineering firm from the Department of Public Work’s Master Service Contracts to support preliminary engineering, NEPA reviews, and public outreach; and be it

Further Resolved, that Milwaukee Public Library locations are prioritized for electric vehicle charging infrastructure under this grant; and

Further Resolved, further Council action is required prior to finalizing other sites for construction of EV charging infrastructure under this grant; and

Further Resolved, that these funds are budgeted for the Department of Administration- Environmental Collaboration Office which is authorized to expend from the amount budgeted for specified purposes as indicated in the grant budget and incur costs consistent with the award date.

Resolution relating to Port Milwaukee’s acceptance of a U.S. Department of Transportation Port Infrastructure Development Program grant and approval of both the grant agreement and a subrecipient agreement regarding said grant.

Whereas, in 2020, Port Milwaukee was awarded \$15,893,543 from the U.S. Department of Transportation Port Infrastructure Development Program (“PIDP”) to assist in the construction of a new Agricultural Maritime Export Facility (“AMEF”), which would be operated by The DeLong Co., Inc. (“DeLong”), a Port Milwaukee tenant; and

Whereas, on January 19, 2021, the Common Council adopted File Number 201186, authorizing Port Milwaukee to accept and enter into a grant agreement for those PIDP funds; and

Phase one of the AMEF is complete and is currently being operated by DeLong; and

To date, the AMEF has received, stored, and loaded onto vessels more than 100,500 metric tons of dried distiller grains with solubles and soybean meal and its shipments have been received internationally, including in the United Kingdom, Ireland, Spain and Morocco; and

Whereas, Port Milwaukee initiated a second PIDP grant proposal to the U.S. Department of Transportation Maritime Administration (“MARAD”) to complete Phase 2 of the AMEF; and

Whereas, Phase 2 of the AMEF (the “Project”) will allow DeLong to receive multiple commodities simultaneously and load them onto a single vessel with multiple cargo holds, only possible by adding two grain silos and associated handling equipment; and

Whereas, MARAD has approved the PIDP 2023 grant proposal and awarded \$9,276,352.00 (“the Grant”) to assist Port Milwaukee and DeLong in constructing the Project; and

Whereas, DeLong is making a match contribution toward completion of the Project; and

Whereas, Port Milwaukee is serving as a pass-through entity and DeLong is responsible for all non-federal funds associated with the Project; and

Whereas, the Grant will be sub-awarded to DeLong through a Subrecipient Agreement, which will require DeLong to complete the Project in compliance with both the PIDP grant proposal and Port Milwaukee Grant Agreement with MARAD; now, therefore, be it

Resolved, By the Common Council of the City of Milwaukee, that Port Milwaukee is authorized to accept the Grant in substantial conformance with the terms of the attached Grant Agreement, Agreement Number 693JF72444075, by and between Port Milwaukee and MARAD without further Common Council Approval unless the terms of the grant change in a manner described in s. 304-81 of the Milwaukee Code of Ordinances; and, be it

Further Resolved; that Port Milwaukee is authorized to enter into a Subrecipient Agreement with DeLong in substantial conformance with the agreement attached to this file; and, be it

Further Resolved, that the Municipal Port Director, as representative of the Board of Harbor Commissioners, is authorized to sign agreements, forms, claims and other required documents binding upon the Board in connection with the acceptance of the Grant and subaward to DeLong; and, be it

Whereas, the Milwaukee Common Council adopted the benchmarking policy requiring property owners of commercial buildings that are 50,000-square-foot or larger and owners of government buildings 10,000-square-foot or larger to annually input their building’s energy consumption usage into the ENERGY STAR Portfolio Manager tool and share it with ECO staff by a required compliance deadline of June 30th, 2025; and

Whereas, at the urging of the Whitehouse Council on Environmental Quality, the City of Milwaukee joined the national Building Performance Standards Coalition; and

Whereas, using building energy use intensity data collected through the benchmarking ordinance, and following 6-12 months of comprehensive stakeholder engagement, the Environmental Collaboration Office intends to propose a Building Performance Standard ordinance by early 2027 that achieves equivalent or greater energy savings as compared to ASHRAE Standard 90.1-2019 for commercial buildings and IECC 2021 for residential multifamily buildings; and

Whereas, the Fire and Police Commission desires to maintain a level of law enforcement that is at least equivalent to that provided in the previous year;
- Whereas, the Fire and Police Commission uses continuous testing, hiring, and recruiting efforts to fill positions within the Milwaukee Police Department;
- Whereas, despite the Fire and Police Commission’s efforts, the number of candidates for police officer have been insufficient to fill each planned recruitment class;
- Whereas, the Fire and Police Commission desires to attract and retain police officers who have prior experience, credentials, and other qualifications as specified in Recruitment #2411-2342-LAT;
- Whereas, the Fire and Police Commission desires to offer a sign-on bonus to individuals who apply under Recruitment #2411-2342-LAT and who are appointed in the calendar year 2025 to the Milwaukee Police Department’s Police Academy to increase the number of candidates under such recruitment;
- Whereas, if an eligible Lateral Transfer elects to receive a sign-on bonus, the Lateral Transfer shall enter into a written agreement with the Fire and Police Commission,

which requires, in part, repayment of the sign-on bonus by the Lateral Transfer to the Fire and Police Commission under certain terms and conditions specified in the agreement;

Whereas, the decision by the Lateral Transfer to enter into an agreement with the Fire and Police Commission and thereby receive the sign-on bonus is voluntary, and the Lateral Transfer may decline without any effect on his or her employment with the Milwaukee Police Department;

Whereas, the agreement between the Lateral Transfer and the Fire and Police Commission does not constitute an employment agreement or guarantee of continued employment, nor is it intended to create a restrictive covenant related to competition following the Lateral Transfer's employment with the Milwaukee Police Department; Now therefore be it

Resolved, by the Common Council of the City of Milwaukee that money be appropriated to fund and pay sign-on bonuses to eligible lateral transfers to Recruitment #2411-2342-LAT who are appointed in the calendar year 2025 to the Milwaukee Police Academy to increase the number of candidates under such recruitment, is approved; and be it

Further Resolved, that the Fire and Police Commission is authorized to execute and approve all documents, including agreements in a form substantially similar to Exhibit B, and take all actions necessary to carry out this recruitment incentive; and be it

Further Resolved, That the City Comptroller be, and hereby is, authorized and directed to carry out the intent of this resolution; and be it

Further Resolved, that at the Fire and Police Commission's direction, the proper City officials are authorized and directed to issue such sign-on bonus payments:

To be paid to eligible Lateral Transfers in the amount of \$10,000, to be charged to the Milwaukee Police Department Salaries Fund 0001, ORG 3310, SBCL R999, Account 006000, except as directed otherwise by the Comptroller; and be it

Whereas, As of October 2024, the Milwaukee Police Department had 651 vacant positions, which is the most vacancies of any department; and

Whereas, While vacancies increase the workload of existing employees, vacancies also lower costs since total salary and benefit expenditures are reduced; and

Whereas, Creating quarterly reports on vacant positions allows the Common Council to understand total cost savings and to plan future departmental personnel adjustments; and

Whereas, Amendment 6 placed a footnote in the 2025 Budget stating, “The Department of Administration - Budget and Management Division and the Comptroller [are directed] to create quarterly reports on all vacant positions, beginning Pay Period 1, 2025”; now, therefore, be it

Resolution directing the Board of Zoning Appeals to better utilize e-notify to inform residents of Board-related matters affecting their neighborhoods.

Whereas, Each year, the Board of Zoning Appeals (BOZA) receives applications for, and renders decisions on, hundreds of requests for zoning-related approvals (primarily variances and special use permits); and

Whereas, These BOZA decisions impact the well-being of residents of the neighborhoods in which the subject properties are located; and

Whereas, BOZA notifies the community of matters coming before it through the mailing of notices to owners of property within code-specified distances of the subject properties; notice is not provided to non-owner residents, or to residents or owners just outside the notification radii; and

Whereas, E-notify is a system by which the City notifies Milwaukee residents of City business based on residents signing up to be notified of certain types of matters; and

Whereas, The License Division presently uses e-notify to apprise interested residents of licensing matters; and

Whereas, By using e-notify, BOZA could provide broader notice of the matters

coming before it, including notice to interested residents who are not property owners, as well as to residents just outside the code-specified areas in which mail notification is provided; and
