

To whomever it may concern, I am writing  
this letter in request of appeal in case  
file 02-S-54. On the grounds that there  
is evidence of a missing sign on said  
date in original complaint. And a sub-  
sequent, police report has been filed. I think  
I put December 25, 01, as the date of the  
infraction on original complaint. When in fact  
it occurred on November 25 of 01.

Thank You  
Michael Chambers

On the night of december,25 2001,I was traveling East-bound on Burleigh st..When I reached the intersection of 12th and Burleigh...not seeing the unmarked median strip,at the far side of the intersection,in the East-bound direction.I hit the median pretty hard,as I was traveling at a good speed.The impact of which gave me and my passenger a good jarring around. I immediately pulled over to check the damage,but wasn't able to see anything;due to it being approximately 12p.m.at night. However when I inspected the damage the next day,I was shocked to find that the damage was much greater than previously thought. I didn't report the damage until the 31st.of december 2001,as I wasn't exactly sure what recourse if any I.It took me those few days,to find out what I could do,and how I had to go about getting it accomplished,which in part is why I'm writing you today. The department of the city,public works:sign division has records of all sign maintenance records,but would not give me copies of these records...but you can obtain them directly.I've also enclosed 1-itemized estimate,as I was having a great deal of trouble getting two,as some repair shops would do some of the damage but not the others and would accomodate me with an estimate.So I am supplying you with the one I have.Along with a repair receipt,along with a parts receipt.As I had to have some of the work done already,what I could afford.Thank you:
