

*In the opinion of Co-Bond Counsel to the City, under existing statutes and court decisions and assuming continuing compliance with certain tax covenants described herein, interest on the Bonds is excluded from gross income for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the “Code”), and is not treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code; such interest, however, is included in the adjusted current earnings of certain corporations for purposes of calculating the alternative minimum tax imposed on such corporations. (See “TAX STATUS” herein for a description of certain other provisions of law, which may affect the federal tax treatment of the interest on the Bonds). Interest on the Bonds is not exempt from State of Wisconsin income tax or franchise tax.*

#### INTEREST RATES AND INTEREST RATE PERIODS

*General.* The Variable Rate Bonds shall bear interest at Daily Rates, Weekly Rates, Bond Interest Term Rates, Auction Rates, Long Term Rates or Fixed Rates, determined as described below, from and including their date or from and including the most recent Interest Payment Date to which interest has been paid or duly provided for; *provided* that in no event will the interest rate on any Bonds exceed the Maximum Rate. The interest rate for each Bond bearing interest at a Daily Rate, Weekly Rate, Bond Interest Term Rate, and Long Term Rate during each Interest Rate Period shall be determined by the Remarketing Agent as the lowest rate of interest which, in the judgment of the Remarketing Agent, would cause such Bonds to have a market value as of the date of determination equal to the principal amount thereof, taking into account Prevailing Market Conditions. The interest rate of Bonds bearing interest at the Auction Rate will be established as described under the subheading “*Auction Rate Period; Auction Rate*” herein. The interest rate on Bonds bearing interest at the Fixed Rate will be established as described under the subheading “*Fixed Rate Period; Fixed Rate*” herein.

Interest on the Bonds shall be payable in arrears on each Interest Payment Date, commencing on January 3, 2006. “*Interest Payment Date,*” with respect to the Bonds, means (i) as to Bonds bearing interest at a Daily Rate and Weekly Rate, the first Business Day of each calendar month, any day that is a Conversion Date from a Daily Rate Period or a Weekly Rate Period, as appropriate, and the maturity date for the Bonds; (ii) as to Bonds bearing interest at a Bond Interest Term Rate, the first Business Day after the last day of each Bond Interest Term within each Short Term Rate Period and any day that is a Conversion Date from Bonds bearing interest at a Bond Interest Term Rate; (iii) as to Bonds bearing interest at an Auction Rate, the Auction Rate Interest Payment Date; (iv) as to Bonds bearing interest at a Long Term Rate, the semi-annual dates corresponding with the calendar day after the last day of the Long Term Interest Rate Period, commencing with the first semi-annual date next succeeding the 31st day after the Conversion Date; (v) as to Bonds bearing interest at a Fixed Interest Rate, the first February 1 or August 1 next succeeding the 31st day after the Conversion Date to a Fixed Interest Rate and each February 1 and August 1 thereafter.

The amount of interest payable with respect to any Variable Rate Bonds on any Interest Payment Date shall be computed (1) during Daily Rate Periods, Weekly Rate Periods or Short Term Rate Periods, on the basis of a 365– or 366– day year for the number of days actually elapsed, and

(2) during Long Term Rate or Fixed Rate Periods, on the basis of a 360 day year of twelve 30 day months. Interest on the Bonds bearing interest at an Auction Rate shall be computed on the basis of a 360-day year and the number of days actually elapsed.

*Daily Rate Period; Daily Rates.* A Daily Interest Period shall commence on a Business Day and shall extend to, but not include, the next succeeding Business Day. Variable Rate Bonds in a Daily Rate Period shall bear interest at a Daily Rate.

The Remarketing Agent will set the Daily Rate no later than 10:00 a.m., New York City time, on the commencement date of the Daily Interest Period to which it relates.

*Weekly Rate Period; Weekly Rates.* The Bonds shall initially bear interest at the Weekly Rate. The initial Weekly Rate, which shall be applicable with respect to all of the Bonds, shall be as set forth in the Bond Purchase Agreement applicable to the Bonds. Thereafter, a Weekly Rate shall be determined for each Weekly Interest Period as summarized in this section.

The first Weekly Interest Rate for each Weekly Interest Rate Period shall be determined on or prior to the first day of such Weekly Interest Rate Period and shall apply to the period commencing on the first day of such Weekly Interest Rate Period and ending on and including the next succeeding Tuesday. Thereafter, each Weekly Interest Rate shall apply to the period commencing on and including Wednesday and ending on and including the next succeeding Tuesday, unless such Weekly Interest Rate Period shall be in effect as of a Conversion Date or the stated Maturity Date, in which event the last Weekly Interest Rate for such Weekly Interest Rate Period shall apply to the period commencing on and including the Wednesday preceding the last day of such Weekly Interest Rate Period and end on the stated Maturity Date.

The Remarketing Agent will set the Weekly Rate by 5:00 p.m., New York City time, on Tuesday of each week during such Weekly Interest Rate Period, or if such Tuesday is not a Business Day, then on the next preceding Business Day and on each Tender Date. The Remarketing Agent will give notice of each Weekly Interest Rate to the City and the Trustee by no later than the close of business on the day of determination of such Weekly Interest Rate.

*Short-Term Rate Period; Bond Interest Term Rates.* During each Short-Term Interest Rate Period, each Bond bearing interest at a Bond Interest Term Rate shall bear interest during each Bond Interest Term for such Bond at the Bond Interest Term Rate for such Bond. Each of such Bond Interest Terms and Bond Interest Term Rates for each Bond (other than Bank Bonds), shall be determined by the Remarketing Agent no later than 12:00 noon, New York City time, on the first day of each Bond Interest Term. The Remarketing Agent will give notice of each Bond Interest Term and Bond Interest Term Rate to the City and the Trustee by no later than the close of business on the day of determination. Each Bond Interest Term shall be a period of not less than one day nor more than 270 days, determined by the Remarketing Agent to be the period which, together with all other Bond Interest Terms for all of the Bonds bearing interest at a Bond Interest Term Rate, will result in the lowest overall interest expense to the City on the Bonds taking into account such factors as deemed necessary by the Remarketing Agent.

*Long Term Rate Period; Long Term Rates.* Long Term Interest Periods shall be determined by the City. During each Long Term Interest Rate Period for the Bonds, the Bonds shall bear interest at a Long Term Interest Rate, which shall be determined by the Remarketing Agent on a Business Day no

later than the effective date of such Long Term Interest Rate Period. The Remarketing Agent will give notice of the Long Term Interest Rate to the City and the Trustee by no later than the close of business on the day of determination of such Long Term Interest Rate.

- (ii) whether there were Sufficient Clearing Bids in such Auction;
- (iii) if such Broker-Dealer (a “*Seller’s Broker-Dealer*”) submitted a Bid or a Sell Order on behalf of an Existing Owner, whether such Bid or Sell Order was accepted or rejected, in whole or in part, and the principal amount of ARS, if any, to be sold by such Existing Owner;
- (iv) if such Broker-Dealer (a “*Buyer’s Broker-Dealer*”) submitted a Bid on behalf of a Potential Owner, whether such Bid was accepted or rejected, in whole or in part, and the principal amount of ARS, if any, to be purchased by such Potential Owner;
- (v) if the aggregate principal amount of ARS to be sold by all Existing Owners on whose behalf such Broker-Dealer submitted a Bid or a Sell Order exceeds the aggregate principal amount of ARS to be purchased by all Potential Owners on whose behalf such Broker-Dealer submitted a Bid, the name or names of one or more Buyer’s Broker-Dealers

(and the name of the Participant, if any, of each such Buyer's Broker-Dealer) acting for one or more purchasers of such excess principal amount of ARS and the principal amount of ARS to be purchased from one or more Existing Owners on whose behalf such Broker-Dealer acted by one or more Potential Owners on whose behalf each of such Buyer's Broker-Dealers acted;

(vi) if the principal amount of ARS to be purchased by all Potential Owners on whose behalf such Broker-Dealer submitted a Bid exceeds the aggregate principal amount of ARS to be sold by all Existing Owners on whose behalf such Broker-Dealer submitted a Bid or a Sell Order, the name or names of one or more Seller's Broker-Dealers (and the name of the Participant, if any, of each such Seller's Broker-Dealer) acting for one or more sellers of such excess principal amount of ARS and the principal amount of ARS to be sold to one or more Potential Owners on whose behalf such Broker-Dealer acted by one or more Existing Owners on whose behalf each of such Seller's Broker-Dealers acted; and

(vii) the Auction Date for the next succeeding Auction.

*Interest Rate and Payment Terms.* (i) Interest on ARS shall accrue from and including, as applicable, the Issuance Date, the Conversion Date or the most recent Auction Interest Payment Date to which interest has been paid or duly provided for.

(ii) The Trustee shall determine the aggregate amount of interest payable with respect to ARS on each Auction Interest Payment Date. The Trustee shall promptly notify the Securities Depository of its calculations.

(iii) Interest on ARS shall be computed on the basis of a 360-day year for the actual number of days elapsed. The applicable Auction Rate Period shall be determined by the Auction Agent. The Applicable Auction Rate for the initial Auction Rate Period shall be determined by each Broker-Dealer. The Applicable Auction Rate for each Auction Interest Period after the first Auction Interest Period shall be the Auction Rate; *provided that:*

(A) if a notice of a proposed adjustment in the percentages used to determine the Maximum Auction Rate, the All-Hold Rate and the Non-Payment Rate shall have been given by the Market Agent, such adjustment shall not have taken effect, then an Auction with respect to the ARS shall not be held on the Auction Date immediately preceding the next succeeding Auction Interest Payment Date and the Applicable Auction Rate with respect to the ARS for such next succeeding Auction Interest Period shall equal the Maximum Auction Rate on such Auction Date;

(B) if, on any Auction Date for the ARS, an Auction is not held for any reason other than contemplated herein, then the Applicable Auction Rate for the ARS for the next succeeding Auction Interest Period shall equal the Auction Rate in effect on the day immediately preceding such Auction Date; and

(C) in the event that the Maximum Auction Rate shall be in effect for the lesser of three such Auction Periods or thirty (30) days, the City shall promptly initiate proceedings to Convert the ARS to another Mode.

(iv) Notwithstanding the foregoing:

(A) if the ARS are no longer Book-Entry Bonds, the Applicable Auction Rate for any Auction Interest Period commencing after the delivery of Bonds representing the ARS shall equal the Maximum Auction Rate;

(B) in the event that the Maximum Auction Rate shall be in effect for the lesser of three such Auction Periods or thirty (30) days, the City shall promptly initiate proceedings to Convert the ARS to another Mode; or

(C) if an Auction Rate Payment Default shall have occurred, the Applicable Auction Rate for the Auction Interest Period commencing on or immediately after such Auction Rate Payment Default and for each Auction Interest Period thereafter, to and including the Auction Interest Period, if any, during which, or commencing less than two Business Days after, such Auction Rate Payment Default is cured in accordance with the Indenture, shall equal the Non-Payment Rate on the first day of each such Auction Interest Period, *provided* that if an Auction occurred on the Business Day immediately preceding any such Auction Interest Period, the Applicable Auction Rate for such Auction Interest Period shall be the Non-Payment Rate.

*Changes in Auction Period or Auction Date.* (A) The Auction Period for the Bonds with respect to each Auction Rate Period, if any, initially shall be either a seven-day period or a 35-day period commencing generally on a Monday, generally on a Tuesday, generally on a Wednesday, generally on a Thursday or generally on a Friday, in or as announced by the City in its notice of the proposed Conversion to an Auction Rate Period as provided in the Indenture.

(B) During any Auction Rate Period, the City may from time to time on any Auction Interest Payment Date change the length of the Auction Period with respect to all of the Bonds between 7 days and 35 days or change the first day of each Auction Period, or both, in each case in order to accommodate economic and financial factors that may affect or be relevant to the length of the Auction Period and the interest rate borne by the Bonds. The City shall initiate the change in the length or day of commencement of the Auction Period, or both, by giving written notice to the Trustee, the Auction Agent, each Broker-Dealer and the Securities Depository that the Auction Period shall change if the conditions described herein are satisfied and the proposed effective date of the change, at least thirty (30) days prior to the Auction Date for such Auction Period.

Further discussion of Auction Rates, Auction Rate Periods and Auction Procedures may be found at *EXHIBIT B* of the Indenture.

*Fixed Rate Period; Fixed Rate.* The Fixed Interest Rate Period shall last until redemption or maturity of the Bonds bearing a Fixed Interest Rate; the Interest Payment Date shall be the first February 1 or August 1 next succeeding the 31st day after the Conversion Date to a Fixed Interest Rate and each February 1 and August 1 thereafter; and the Interest Accrual Date shall be the first day of the Fixed Interest Rate Period and, thereafter, each Interest Payment Date in respect thereof, other than the last such Interest Payment Date.

Not later than the Business Day prior to the Fixed Interest Rate Date (or if such day is not a Business Day, then on the immediately preceding Business Day), the Remarketing Agent shall determine the interest rate which in its judgment (based on then Prevailing Market Conditions) is the interest rate, but not in excess of the interest rate, which would enable the Remarketing Agent to sell

all of the Bonds or Tranche thereof, as the case may be, on the Fixed Interest Rate Date with a Fixed Interest Rate until maturity at 100% of the principal amount thereof plus accrued interest, if any, with respect thereto; *provided, however*, that if the City exercises its option to have the Bonds remarketed on the Fixed Interest Rate Date at a discount or premium, the Remarketing Agent shall establish the Fixed Interest Rate taking into account any such discount or premium specified by the City.

*Failure of Remarketing Agent to Determine Interest Rates.* In the event the Remarketing Agent fails for any reason to determine the interest rate for any interest period: (A) the interest rate then in effect for Bonds bearing interest at a Daily Rate, Weekly Rate or Bond Interest Term Rate will remain in effect for the next interest period or if no interest rate for the immediately preceding day was determined by the Remarketing Agent or in the event that the interest rate determined by the Remarketing Agent shall be held to be invalid or unenforceable by a court of law, then the interest rate for such day shall be equal to 100% of The Bond Market Association Municipal Swap Index of Municipal Market Data, made available for such day, or if such index is no longer available, or no such index was so made available for such day, 70% of the interest rate on 30 day high grade unsecured commercial paper notes sold through dealers by major corporations as reported in *The Wall Street Journal* or *The Bond Buyer* on the day the interest rate would otherwise be determined as specified by the City in writing to the Trustee; and (B) the interest rate then in effect for Bonds bearing interest at a Long Term Rate or if no Conversion occurs at the end of a Long Term Interest Rate Period, on or prior to the first day of such Long Term Interest Rate Period, then the next Long Term Interest Rate Period shall end on the first Business Day on or after the next Wednesday, and the Long Term Interest Rate for such Long Term Interest Rate Period shall be the rate per annum equal to 70% of the interest rate on high grade unsecured commercial paper notes sold through dealers by major corporations as reported by *The Wall Street Journal* or *The Bond Buyer* on the first day of such Long Term Interest Rate Period and for a maturity which most nearly equals the Long Term Interest Rate Period for which a Long Term Interest Rate is being calculated, as specified by the City to the Trustee.

See “THE BONDS—INTEREST RATES AND INTEREST PERIODS—*Auction Rate Period; Auction Rate*,” herein, in the event the Auction Agent or the Broker-Dealer fail to calculate or, for any reason, fail to timely provide the Auction Rate for any Auction Rate Period.

*Rates and Rate Periods Binding.* All determinations of interest rates by the Remarketing Agent shall be conclusive and binding upon the City, the Trustee, the Auction Agent, if any, the Letter of Credit Bank, if any, the applicable Liquidity Facility Provider, and the Bondholders (the “*Notice Parties*”).

#### CONVERSIONS BETWEEN RATE PERIODS

*Conversion Dates.* The rate period in which all or a portion of the Variable Rate Bonds operate may be changed from time to time as summarized under this heading. A Conversion Date for any Variable Rate Bonds means the day on which a particular type of interest rate becomes effective for Variable Rate Bonds.

*Conversion to a Different Mode.* The City may, from time to time, by the written direction to the Notice Parties, elect that the Bonds or a Tranche thereof, shall bear interest at a different Mode. The direction of the City shall specify: (1) the new Mode selected by the City; (2) the effective date of such Conversion from the current Mode to a new Mode, which shall be (a) in each case, a Business

Day not earlier than the thirtieth day, or forty-fifth day for a Conversion to the Short Term Interest Rate Period, following the receipt by the Trustee of such direction; (b) a valid Redemption Date for the current Mode or a day on which such Bonds would otherwise be subject to optional redemption or mandatory tender if such Conversion did not occur; and (3) the date of delivery of such Bonds to be converted (if other than the effective date). In addition, the direction of the City shall be accompanied by a form of notice to be mailed to the Bondholders of such Bonds by the Trustee.

*Notice of Conversion.* The Trustee shall give notice by mail, postage prepaid, of a Conversion to a new Mode to the other Notice Parties, the Bondholders of the Bonds subject to Conversion and, if a book-entry system is in effect, then to the Securities Depository, not less than 20 days prior to the effective date of such new Mode. Such notice shall state (1) that the interest rate on the Bonds will be converted to a new Mode, and that all Bonds are subject to mandatory tender regardless of whether or not the Conversion to a new Mode is completed; (2) the effective date of such new Mode; and (3) that such Bonds are subject to mandatory tender for purchase on such effective date, setting forth the applicable purchase price.

*Revocation of Conversion.* The City may revoke a notice of Conversion prior to the effective date of such new Mode. If the Conversion is revoked, or all the conditions of Conversion of the Bonds from one mode to another are not met as to such Conversion on or prior to the Conversion Date, then Bonds to be converted shall be remarketed as if no Conversion is being performed, and the Bonds shall still be tendered.

*Method of Notice of Conversion.* In the event that the City shall elect to convert the interest rate on the Bonds or a Tranche, thereof, as the case may be, to a new Mode, then the written direction furnished by the City as required shall be made by registered or certified mail, or by electronic mail, telex or facsimile confirmed by registered or certified mail. Any such direction of the City shall specify the new Mode for the Bonds or a Tranche thereof and shall be accompanied by a copy of the notice required to be given by the Trustee.

In connection with any Conversion to a new Mode, the City shall cause to be provided to the Notice Parties a Favorable Opinion of Bond Counsel on the Conversion Date.

*Conditions to Converting to the Daily Interest Rate Mode and Weekly Interest Rate Mode.* With respect to a Conversion to Daily Interest Rate Mode and Weekly Interest Rate Mode:

- (1) there shall be in effect a Letter of Credit or a Liquidity Facility as may be required by the Indenture;
- (2) prior to the Conversion Date the City shall have appointed a Remarketing Agent and a Letter of Credit Bank or a Liquidity Facility Provider with respect to such Bonds, and there shall have been executed and delivered with respect to such Bonds a Remarketing Agreement and a Letter of Credit or a Liquidity Facility.
- (3) a Favorable Opinion of Bond Counsel.

*Conditions to Converting to the Short Term Interest Rate Mode.* With respect to a Conversion to Short Term Interest Rate Mode:

(1) there shall be in effect a Letter of Credit or a Liquidity Facility as may be required by the Indenture;

(2) prior to the Conversion Date the City shall have appointed a Remarketing Agent and a Letter of Credit Bank or a Liquidity Facility Provider with respect to such Bonds, and there shall have been executed and delivered with respect to such Bonds a Remarketing Agreement and a Letter of Credit or a Liquidity Facility;

(3) the City must engage, at its expense, a commercial paper issuing and paying agent (the “*Issuing Agent*”), reasonably acceptable to the Trustee and the Paying Agent, having access to DTC’s electronic money market issuing and payment system and otherwise eligible to serve as an issuing and paying agent under DTC’s policies and procedures for the issuance and payment of commercial paper;

(4) the Remarketing Agent must arrange for the execution and delivery to DTC of the required DTC letter of representation for the eligibility of the Bonds in the Short Term Interest Rate Mode in DTC’s book entry system and the provisions of any needed CUSIP numbers;

(5) the City shall take all other action needed to comply with DTC requirements to the issuance and payment of Bonds while in the Short Term Interest Rate Mode;

(6) the City shall enter into any amendment of the Indenture, as applicable, that is needed to comply with DTC’s or any Rating Agency’s requirements concerning the issuance of payment of the Bonds in the Short Term Interest Rate Mode; and

(7) a Favorable Opinion of Bond Counsel.

*Conditions to Converting to Long Term Interest Rate Mode.* With respect to a Conversion to Long Term Interest Rate Mode:

(1) written direction of the City shall also specify: (1) the duration of the Long Term Interest Rate Period (which shall be 271 days or longer) during which the Bonds shall bear interest at a Long Term Interest Rate; (2) the last day of the Long Term Interest Rate Period (which last day shall be either the day prior to the Maturity Date, or a day which is at least 271 days after the effective date thereof);

(2) there shall be in effect a Letter of Credit or a Liquidity Facility, as may be required by the Indenture; and

(3) a Favorable Opinion of Bond Counsel.

*Conversions from an Auction Rate Period.* At the option of the City, the Interest Rate Period applicable to all of the Bonds or a Tranche thereof, as the case may be, may be converted from an Auction Rate Period to a Daily Interest Rate Period, a Weekly Interest Rate Period, a Long Term Interest Rate Period, a Short Term Interest Rate Period or a Fixed Interest Rate Period.

*Conditions to Converting to Fixed Interest Rate Mode.* With respect to a Conversion to the Fixed Interest Rate Mode:

(1) the City shall have the option to convert the interest payable with respect to the Bonds or a Tranche thereof, as the case may be, to a Fixed Interest Rate. In connection with any Conversion to a Fixed Interest Rate, the City shall have the right to direct the Remarketing Agent to remarket the Bonds of such Tranche, on the Fixed Interest Rate Date at a discount or at a premium, including a premium sufficient to pay any remarketing fees; *provided* that in order to exercise such option, the City must deposit with the Trustee on or prior to the Fixed Interest Rate Date an amount equal to the discount and *provided further* the City has received a Favorable Opinion of Bond Counsel in connection with any remarketing at a discount or a premium. No later than the Business Day prior to the Fixed Interest Rate Date, the Remarketing Agent shall determine the Fixed Interest Rate; and

(2) a Favorable Opinion of Bond Counsel.

*Conversions from a Fixed Interest Rate Mode.* With respect to a Conversion from the Fixed Interest Rate Mode:

(1) the City shall have the option to convert the interest payable with respect to the Bonds or a Tranche thereof, as the case may be, from a Fixed Interest Rate Mode on any valid Redemption Date for such Bonds upon payment at Mandatory Tender of the purchase price for such Bonds, plus accrued interest, if any, to such Redemption Date; *provided* that in order to exercise such option, the City must deposit with the Trustee on or prior to such Redemption Date an amount equal to the purchase price of the Bonds to be Converted from the Fixed Interest Rate Mode, and the City has received a Favorable Opinion of Bond Counsel in connection with any remarketing at a discount or a premium;

(2) the City shall comply with the requirements for redemption set forth in the Indenture, and

(3) a Favorable Opinion of Bond Counsel.

*Credit Support Requirements.* For Bonds in Fixed Interest Rate Mode, no credit support is required.

*Failure to Meet Conditions to Convert to a New Mode.* In the event that any condition to the Conversion of the Bonds or a Tranche thereof shall not have been satisfied as provided in the Indenture, then the Mode with respect to such Bonds shall not be converted and the Bonds, staying in their respective Modes, shall be remarketed as if no Conversion is being performed and the Bonds have been tendered.

*Failure to Meet Conditions to Convert to a New Mode for Bonds in the Long Term Interest Rate Mode.* Bonds in the Long Term Interest Rate Mode, or a Tranche thereof, to be converted from this Mode shall remain in this Mode and: 1) for such Bonds, that are being tendered prior to the end of their current Long Term Interest Rate Period, the Bonds shall remain outstanding as if no tender had been performed; and 2) for such Bonds not being tendered prior to the end of their current Long Term

Interest Rate Period, the Bonds shall be remarketed as if no Conversion is being performed, and the Bonds, or Tranche, shall still be tendered pursuant to the Indenture.

#### REDEMPTION OF BONDS

*Optional Redemption.* The Bonds are subject to optional redemption at the option of the City, in whole or in part, as follows:

(a) Bonds in the Daily Rate Mode and Weekly Rate Mode are subject to optional redemption by the City, in whole or in part, in Authorized Denominations, on any Business Day at a redemption price equal to 100% of the principal being redeemed plus accrued interest, if any, to such Redemption Date, without premium.

(b) Bonds in the Short Term Interest Rate Mode are subject to optional redemption by the City, in whole or in part, in Authorized Denominations, on any Interest Payment Date at a redemption price equal to 100% of the principal being redeemed plus accrued interest, if any, to such Redemption Date, without premium.

(c) Bonds in the Long Term Interest Rate Mode and Fixed Interest Rate Mode are subject to optional redemption by the City, in whole or in part, in Authorized Denominations, on any date on or after the start of the redemption periods specified below, at redemption prices set forth below, plus accrued interest, if any, to such Redemption Date:

LENGTH OF LONG TERM OR FIXED INTEREST RATE PERIOD	NO-CALL PERIOD	PREMIUM
Equal to or greater than 13 years	8 years	2% in the first year, 1% in the second year and 0% thereafter
Equal to or greater than 10 years but less than 13 years	5 years	2% in the first year, 1% in the second year and 0% thereafter
Equal to or greater than 7 years but less than 10 years	3 years	1.5% in the first year, 0.5% in the second year and 0% thereafter
Equal to or greater than 4 years but less than 7 years	3 years	1% in the first year, 0% thereafter
Equal to or greater than 2 years but less than 4 years	1 year	0.5% in the first year and 0% thereafter
Greater than 1 year but less than 2 years	1 year	0% at all times
One year or less	Non-callable	N/A

Notwithstanding the foregoing, upon any determination of the Bonds to a Long Term Interest Rate or a Fixed Interest Rate, the City may establish a different schedule of dates and prices for optional redemption if a Favorable Opinion of Bond Counsel is provided to the Trustee.

*Mandatory Sinking Fund Redemption of Bonds.* The Bonds shall be subject to mandatory sinking fund redemption prior to stated maturity on February 1 of each year set forth below in Sinking Fund Installments in the amount set forth next to each year at a redemption price equal to 100% of the principal amount thereof plus accrued interest to the Redemption Date:

FEBRUARY 1 OF THE YEAR	PRINCIPAL AMOUNT
2021	\$5,000,000
2022	\$5,000,000
2023	\$5,000,000
2024	\$5,000,000
2025*	\$5,000,000

---

\*Final Maturity Date

The City may purchase Bonds and credit them against the Sinking Fund Installments at the principal amount thereof by delivering them to the Trustee for cancellation at least forty-five (45) days before the applicable Redemption Date. Upon the purchase or optional redemption of any Bonds for which Sinking Fund Installments shall have been established, an amount equal to the principal amount of the Bonds so purchased or redeemed shall be credited toward future applicable Sinking Fund Installments in such order as the City shall determine.

If fewer than all the Bonds are to be redeemed, the City will select which Tranche or Tranches of Bonds are to be redeemed, and the Trustee will select the Bonds within such Tranche or Tranches. The Trustee will make the selection from Bonds not previously called for redemption. For this purpose, the Trustee will consider each Bond in a denomination larger than the minimum Authorized Denomination permitted by the Indenture at the time to be separate Bonds each in the minimum Authorized Denomination. During the period that DTC or DTC’s nominee is the Registered Owner of the Bonds, if less than all of the Bonds are to be redeemed, the particular Bonds or portions of the Bonds to be redeemed shall be selected by DTC in such manner as DTC may determine.

In the event that the Bonds shall be optionally redeemed in part, then the principal amount so redeemed (including principal of Bank Bonds) shall be applied to reduce the amount of Sinking Fund Installments (including principal due on the Maturity Date) as the City shall specify in writing to the Trustee and the Remarketing Agent; *provided* that the amounts so applied shall be in Authorized Denominations.

Notwithstanding the foregoing, when any Bonds to be redeemed pursuant to this section are bearing interest at an Auction Rate, if such February 1 is not an Auction Rate Interest Payment Date, the mandatory sinking account redemption shall occur on the Auction Rate Interest Payment Date immediately succeeding such February 1.

Notwithstanding the mandatory Sinking Fund Installments established above, the City may modify such mandatory Sinking Fund Installments at any time the City decides to convert the Bonds to a Fixed Interest Rate or a Long Term Interest Rate. In order for any such modification to become effective, the City shall first deliver to the Notice Parties a Favorable Opinion of Bond Counsel.

*Selection of Bonds to Be Redeemed.* Bonds are subject to redemption in the manner provided in this section, *provided* that for so long as the Book-Entry-Only system is being used, the interests of the Participants in the particular Bonds or portions thereof to be redeemed within a maturity shall be selected by lot by DTC in such manner as DTC and the Participants may determine.

Upon surrender of a Bond to be redeemed, in part only, the Trustee will authenticate for the Holder a new Bond or Bonds of the same Tranche equal in principal amount to the unredeemed portion of the Bond surrendered.

*Notice of Redemption.* Notice of the call for any redemption of Bonds prior to maturity, specifically identifying by designation, letters, numbers or other distinguishing marks (including CUSIP numbers), the Bonds or portions thereof to be redeemed, the redemption price to be paid, the date fixed for redemption, the name and address of the place or places where the amounts due upon such redemption are payable, and the maturity dates of the Bonds to be redeemed shall be given by the Trustee on behalf of the City by mailing a copy of the redemption notice by registered or certified mail, if to a Securities Depository, otherwise by first class mail, and in either case postage prepaid, at least thirty (30) days and not more than sixty (60) days prior to the Redemption Date, to the registered Holder of each such Bond to be redeemed at the address shown on the registration books kept by the Trustee. Such notice shall further state that on such date there shall become due and payable upon each Bond to be redeemed the redemption price thereof, or the redemption price of the specified portions of the principal thereof in the case of Bonds to be redeemed in part only, together with interest accrued to the Redemption Date, and that from and after such date interest thereon shall cease to accrue and be payable. In the case of any redemption of Bonds prior to maturity to be made at the direction of the City, the Trustee shall give the required notices after receipt of fifteen (15) days' prior written notice from the City of such direction and shall not be required to give such notices until such time.

The City may provide that, if at the time of mailing of notice of an optional redemption there shall not have been deposited with the Trustee Governmental Obligations sufficient to redeem all the Bonds called for redemption, such notice may state that it is conditional, that is, subject to the deposit of the redemption Governmental Obligations with the Trustee not later than the opening of business five (5) Business Days prior to the scheduled Redemption Date, and such notice shall be of no effect unless such moneys are so deposited. In the event sufficient Governmental Obligations are not on deposit on the required date, then the redemption shall be canceled and on such cancellation date notice shall be mailed to the Holders of such Bonds, to be redeemed in the manner provided in this section.

Failure to give any required notice of redemption or any defect therein as to any particular Bonds will not affect the validity of the call for redemption of any Bonds in respect of which no failure occurs. Any notice sent as provided herein will be conclusively presumed to have been given whether or not actually received by the addressee.

*Payment of Bonds Called for Redemption.* Upon surrender to the Trustee or the Trustee's agent, Bonds called for redemption shall be paid at the redemption price stated in the notice, plus, when applicable, interest accrued to the Redemption Date.

*Effect of Redemption Call.* On the date so designated for redemption, notice having been given in the manner and under the conditions provided herein and moneys for payment of the redemption price being held in trust to pay the redemption price, the Bonds so called for redemption shall become and be due and payable on the Redemption Date, interest on such Bonds shall cease to accrue from and after such Redemption Date, such Bonds shall cease to be entitled to any lien, benefit or security under the Indenture and the Owners of such Bonds shall have no rights in respect thereof except to receive payment of the redemption price.

Bonds which have been duly called for redemption under the provisions of this section and for the payment of the redemption price of which moneys shall be held in trust for the Holders of the Bonds to be redeemed, all as provided in the Indenture, shall not be deemed to be Outstanding under the provisions of the Indenture.

#### OPTIONAL AND MANDATORY TENDERS

*Tender at the Option of the Bondholder.* Eligible Bonds in a Mode shall be subject to tender at the option of the Bondholder only if such Bonds are rated as "investment grade", as such term is defined by S&P, pursuant to the terms specified below. Each Bond (*provided* such Bond is an Eligible Bond) shall be purchased (in whole, or in part provided that the tendered and untendered amount is in an authorized denomination) from its Bondholder at the option of the Bondholder on a Business Day at a purchase price equal to the principal amount thereof plus accrued interest, if any, from and including the Interest Accrual Date immediately preceding the date of purchase through and including the day immediately preceding the date of purchase, unless the date of purchase shall be an Interest Payment Date, in which case at a purchase price equal to the principal amount thereof.

For a Beneficial Owner who is not the Bondholder of a Bond being tendered, adequate time should be allowed so that the Registered Owner has sufficient time to submit a written notice of tender.

*Tender at the Option of the Bondholder in the Daily Interest Rate Mode.* Each Eligible Bond in Daily Interest Rate Mode, shall be purchased (in whole, or in part provided that the tendered and untendered amount is in an authorized denomination) from its Bondholder at the option of the Bondholder on any Business Day at a purchase price equal to the principal amount thereof plus accrued interest, if any, from and including the Interest Accrual Date immediately preceding the date of purchase through and including the day immediately preceding the date of purchase, unless the date of purchase shall be an Interest Payment Date, in which case at a purchase price equal to the principal amount thereof upon delivery to the Remarketing Agent and Trustee by no later than 9:00 a.m., New York City time, on such Business Day, of an irrevocable written notice (or a telephonic notice confirmed by a written notice) which states the principal amount of such Bond and acknowledges that the Bond will be purchased on such date.

*Tender at the Option of the Bondholder in the Weekly Interest Rate Mode.* Each Eligible Bond in Weekly Interest Rate Mode, shall be purchased (in whole, or in part provided that the tendered and untendered amount is in an authorized denomination) from its Bondholder at the option of the

Bondholder on any Business Day at a purchase price equal to the principal amount thereof plus accrued interest, if any, from and including the Interest Accrual Date immediately preceding the date of purchase through and including the day immediately preceding the date of purchase, unless the date of purchase shall be an Interest Payment Date, in which case, at a purchase price equal to the principal amount thereof upon delivery to the Remarketing Agent and Trustee of an irrevocable written notice which states the principal amount of such Bond and the date on which the same shall be purchased, which date shall be a Business Day not prior to the seventh day next succeeding the date of the delivery of such notice to the Trustee.

*Tender at the Option of the Bondholder in the Short Term Interest Rate Mode, the Long Term Interest Rate Mode and the Fixed Interest Rate Mode.* Bonds in the Short Term Interest Rate Mode, the Long Term Interest Rate Mode and the Fixed Interest Rate Mode do not have a right of tender at the option of the Bondholder.

*Mandatory Tender in the Short Term Interest Rate Mode.* The Bonds in Short Term Interest Rate Mode shall be subject to mandatory tender for purchase on the Business Day next succeeding the last day of the Bond Interest Term for that Bond, at a purchase price equal to the principal amount of and accrued interest on the Bonds, to, but not including, the date of purchase.

*Mandatory Tender in the Long Term Interest Mode.* The Bonds in the Long Term Interest Rate Mode shall be subject to mandatory tender for purchase on the Business Day next succeeding the last day of the Long Term Interest Rate period for that Bond, at a purchase price equal to the principal amount of and accrued interest on the Bonds, to, but not including, the date of purchase.

*Mandatory Tender in the Fixed Interest Rate Mode and Auction Rate Mode.* There is no mandatory tender for Bonds in the Fixed Rate Mode. In the case of any failed Conversion of Bonds bearing interest at an Auction Rate, no mandatory purchase shall apply.

*Mandatory Tender for Purchase upon Termination, Expiration or Replacement of the Letter of Credit or a Liquidity Facility.* The Bonds are subject to mandatory purchase in the event (i) (A) the termination or expiration of a Letter of Credit or Liquidity Facility, other than as a result of a “Termination Event” causing the automatic termination of the Liquidity Facility, if applicable; or (B) an Alternate Letter of Credit or an Alternate Liquidity Facility is delivered to the Trustee; or (ii) the Letter of Credit Bank or the Liquidity Facility Provider notifies the Trustee that (A) an “Event of Default” has occurred under the Letter of Credit, the Reimbursement Agreement or the Liquidity Facility, as the case may be, and that the Letter of Credit Bank or the Liquidity Facility Provider is terminating the Letter of Credit or the Liquidity Facility, as the case may be, in accordance with the Reimbursement Agreement’s or the Liquidity Facility’s terms, or (B) the Letter of Credit Bank notifies the Trustee that interest will not be reinstated under the Letter of Credit, then on the second Business Day preceding any such termination, expiration or replacement of or non-reinstatement of interest under the Letter of Credit or the Liquidity Facility, as the case may be, the Bonds shall be purchased or deemed purchased as provided herein.

*Notice of Mandatory Tender for Purchase.* In connection with any mandatory tender for the purchase of Bonds, the Trustee shall give notice of a mandatory tender for purchase as a part of the notice given pursuant to Conversion to a new Mode. Such notice shall state (i) the Bonds are subject to mandatory tender for purchase; (ii) the tender date; (iii) the purchase price and that the purchase price of any Bond so subject to mandatory purchase shall be payable only upon surrender of such

Bond to the Trustee at its Corporate Trust Office for delivery of Bonds accompanied by an instrument of transfer thereof, in form satisfactory to the Trustee, executed in blank by the Holder thereof or his duly authorized attorney in fact, with such signature guaranteed by an eligible guarantor institution; (iv) that, *provided* that moneys sufficient to effect such purchase have been provided through the remarketing of such Bonds by the Remarketing Agent or through the Letter of Credit or the Liquidity Facility, as the case may be, all Bonds so subject to mandatory tender for purchase shall be purchased on the Mandatory Purchase Date, and that if any Owner of a Bond subject to mandatory tender for purchase shall not surrender such Bond to the Trustee for purchase on such Mandatory Purchase Date, and moneys sufficient to pay the purchase price thereof are on deposit with the Trustee, then such Bond shall be deemed to be an “Undelivered Bond,” and that no interest shall accrue thereon on and after such Mandatory Purchase Date and that the holder thereof shall have no rights under the Indenture, other than to receive payment of the purchase price thereof; and (v) in the event that moneys sufficient to pay the purchase price of such Bonds have not been provided to the Trustee either through the remarketing of such Bonds or from the Letter of Credit or the Liquidity Facility or from the City, as the case may be, that such Bonds shall not be purchased or deemed purchased and shall continue to bear interest as if such failed purchase shall not have occurred. The City shall provide the Trustee with a form of any such notice.

The Trustee shall give notice by mail, postage prepaid, to the Owners of the Bonds then entitled to the benefits of the Letter of Credit or Liquidity Facility, as the case may be, (a) on or before the fifteenth day preceding the expiration of any Letter of Credit or Liquidity Facility in accordance with its terms, other than as a result of a “Termination Event” causing the automatic termination of the Liquidity Facility, if applicable; (b) on or before the fifteenth day preceding any replacement of the Letter of Credit or Liquidity Facility; (c) as soon as practicable after receipt by the Trustee of notice from the Letter of Credit Bank or the Liquidity Facility Provider, as the case may be, that an “Event of Default” has occurred under the Letter of Credit or Liquidity Facility, as the case may be (but only if such Event of Default would result in the Bonds being subject to mandatory tender), or that interest on the Letter of Credit will not be reinstated.

The obligations of the Liquidity Facility Provider to purchase Bonds tendered by the holders thereof may be terminated or suspended without notice, with no final right to tender.

For payment of the purchase price of any Bond required to be purchased, such Bond must be delivered, at or prior to 12:00 noon, New York City time, on the purchase date, to the Trustee at its Corporate Trust Office for delivery of Bonds accompanied by an instrument of transfer thereof, in form satisfactory to the Trustee, executed in blank by the Holder thereof or his duly authorized attorney in fact, with such signature guaranteed by an eligible guarantor institution. In the event any such Bond is delivered after 12:00 noon, New York City time, on the purchase date, payment of the purchase price of such Bond need not be made until the Business Day following the date of delivery of such Bond, as the case may be, but such Bond shall nonetheless be deemed to have been purchased on the date specified in such notice and no interest shall accrue thereon from and after such date.

*Notice of Owner’s Election to Tender Bonds Deemed to Be Irrevocable; Undelivered Bonds.* The giving of notice by an Owner of a Bond shall constitute the irrevocable tender for purchase of each such Bond with respect to which such notice shall have been given, regardless of whether such Bond is delivered to the Trustee for purchase on the relevant purchase date; *provided* that moneys sufficient to pay the purchase price of such Bond are on deposit with the Trustee for such purpose.

*Sources of Funds for Purchase of Bonds.* Bonds required to be purchased shall be purchased from the Owners thereof, on the date and at the purchase price at which such Bonds are required to be purchased. Funds for the payment of such purchase price shall be derived from the following sources in the order of priority indicated:

(1) proceeds of the sale of such Bonds remarketed to any Person (other than the City) and furnished to the Trustee by the Remarketing Agent for deposit into the Remarketing Proceeds Account (as hereinafter defined) of the Remarketing Reimbursement Fund (as hereinafter defined);

(2) moneys furnished to the Trustee pursuant to a draw on the Letter of Credit or from the Liquidity Facility, as the case may be, for deposit into the Letter of Credit and Liquidity Facility Account (as hereinafter defined) of the Remarketing Reimbursement Fund; and

(3) monies provided by the City to the Trustee for deposit in the City Account (as hereinafter defined) of the Remarketing Reimbursement Fund, if any.

The City shall not have any obligation to pay the purchase price of any Bonds required to be purchased if the moneys from the sources described in clauses (1) and (2) above are insufficient to provide for such payment. In the event moneys on deposit with the Trustee are insufficient to pay the purchase price of the Bonds to be purchased, the Trustee shall determine the Bonds tendered for purchase with respect to which such insufficiency exists by lot from those Bonds tendered for purchase and shall return such appropriate Bonds to the Owners thereof together with notice of such insufficiency and the Owners thereof shall thereafter have the right to again tender such Bonds for purchase and no such insufficiency shall constitute a default under the Indenture.

*Undelivered Bonds.* The Trustee may refuse to accept delivery of any Bond for which a proper instrument of transfer has not been provided; such refusal, however, shall not affect the validity of the purchase of such Bond. If any Bondholder of a Bond which is subject to tender of purchase shall fail to deliver such Bond to the Trustee at the place and on the applicable date and at the time specified, or shall fail to deliver such Bond properly endorsed, and moneys sufficient to pay the purchase price thereof are on deposit with the Trustee for such purpose, such Bond shall constitute an Undelivered Bond. If funds in the amount of the purchase price of the Undelivered Bonds are available for payment to the Holder thereof on the date and at the time specified, from and after the date and time of that required delivery, (A) each Undelivered Bond shall be deemed to be purchased and shall no longer be deemed to be Outstanding; (B) interest shall no longer accrue thereon; and (C) funds in the amount of the purchase price of each such Undelivered Bond shall be held by the Trustee uninvested and without liability for interest for the benefit of the Holder thereof, to be paid on delivery (and proper endorsement) of such Undelivered Bond to the Trustee for delivery of Bonds. Any funds held by the Trustee as described in clause (C) of the preceding sentence shall not be commingled.

#### REMARKETING

*Remarketing of Bonds.* No later than 3:00 p.m. New York City time, (a) on the eighth Business Day prior to each mandatory tender date while the Bonds bear interest at a Long Term Interest Rate, or (b) the sixth calendar day prior to each mandatory tender date or the next succeeding

Business Day if such sixth day is not a Business Day while any Bonds bear interest at a Weekly Interest Rate, or (c) the fifth Business Day prior to each mandatory tender date while any Bonds bear interest at a Bond Interest Term Rate, the Trustee shall give notice to the Remarketing Agent by telephone or telecopy, confirmed on the same day in writing, which states the aggregate principal amount of any Bonds which are to be tendered.

Based upon notices from the Holders for optional tender or from the Trustee, the Remarketing Agent shall use its best efforts to sell all of the Bonds tendered for settlement on the applicable tender date.

The Remarketing Agent shall have the right to remarket any Bond (or portion thereof) tendered; *provided, however*, that no such Bond shall be remarketed at a price less than 100% of the principal amount thereof plus accrued interest (if any). The Remarketing Agent shall have the right to purchase any Bond tendered or deemed tendered at 100% of the principal amount thereof, and to thereafter sell such Bond. Any such purchase shall constitute a remarketing hereunder.

The Remarketing Agent shall not remarket any Bond to the City, any guarantor of Bonds or any Person which is an “insider” of the City or any such guarantor within the meaning of the United States Bankruptcy Code.

No later than 10:00 a.m., New York City time, on each tender date the Remarketing Agent shall pay to the Trustee, in immediately available funds, the proceeds theretofore received by the Remarketing Agent from the remarketing of such Bonds tendered for purchase; *provided*, that the Remarketing Agent may use its best efforts to cause the purchasers of the remarketed Bonds to pay the purchase price plus accrued interest (if any) to the Trustee in immediately available funds. The proceeds from the remarketing of any Bonds shall be deposited in the Remarketing Proceeds Account of the Remarketing Reimbursement Fund and segregated from any funds of the City and shall in no case be considered to be, or be, assets of the City.

There shall be deposited in the Remarketing Proceeds Account of the Remarketing Reimbursement Fund, on each tender date, the applicable remarketing proceeds received by the Trustee and, if necessary, there shall be deposited in the Letter of Credit and Liquidity Facility Account any moneys from a draw on the Letter of Credit or the Liquidity Facility, as the case may be, to be used to pay the purchase price of the applicable tendered Bonds. The Trustee shall use the amounts deposited in the applicable accounts of the Remarketing Reimbursement Fund to pay the purchase price of the related tendered Bonds.

## REGISTRATION, TRANSFER AND EXCHANGE OF BONDS

The Trustee will serve as Bond Registrar and keep the Bond Register at its payment office. Any Bond may be transferred only upon the Bond Register upon surrender thereof to the Trustee duly endorsed for transfer or accompanied by an assignment duly executed by the Registered Owner or his attorney or legal representative in such form as shall be satisfactory to the Trustee. Upon any such transfer, the City shall execute and the Trustee shall authenticate and deliver in exchange for such Bond a new Bond or Bonds of the same series, registered in the name of the transferee, of any denomination or denominations authorized by the Indenture and of the same maturity and bearing interest at the same rate.

Any Bonds, upon surrender thereof at the payment office of the Trustee, together with an assignment duly executed by the Registered Owner or his attorney or legal representative in such form as shall be satisfactory to the Trustee, may, at the option of the Registered Owner thereof, be exchanged for an equal aggregate principal amount of Bonds of the same series and maturity, of any Authorized Denomination, and bearing interest at the same rate.

In all cases in which Bonds shall be exchanged or transferred under the Indenture, the City shall execute and the Trustee shall authenticate and deliver at the earliest practicable time Bonds in accordance with the Indenture. All Bonds surrendered in any such exchange or transfer shall forthwith be cancelled by the Trustee.

The City, the Trustee or the Securities Depository may make a charge against the owner of any Bonds requesting such transfer or exchange of Bonds sufficient to reimburse it for any tax or other governmental charge required to be paid with respect to such transfer or exchange, and such charge shall be paid before any such new Bond shall be delivered. The fees and charges of the Trustee for making any transfer or exchange and the expense of any Bond printing necessary to effect any such transfer or exchange shall be paid by the City. In the event any Bondholder, fails to provide a correct taxpayer identification number to the Trustee, the Trustee may impose a charge against such owner sufficient to pay any governmental charge required to be paid as a result of such failure. In compliance with Section 3406 of the Internal Revenue Code, such amount may be deducted by the Trustee from amounts otherwise payable to such Bondholder.

The Trustee shall not be required to (i) transfer or exchange any Bond during a period beginning at the opening of business fifteen (15) days before the day of the mailing of a notice of redemption of such Bond and ending at the close of business on the day of such mailing, or (ii) transfer or exchange any Bond so selected for redemption in whole or in part, during a period beginning at the opening of business on any Record Date for such Bond and ending at the close of business on the relevant Interest Payment Date.

The Person in whose name any Bond shall be registered on the Bond Register shall be deemed and regarded as the absolute owner of such Bond for all purposes, and payment of or on account of the principal of, premium, if any, and interest on and purchase price of any such Bond shall be made only to or upon the order of the Registered Owner thereof or his legal representative. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bond, including the interest thereon, to the extent of the sum or sums so paid.

At reasonable times and under reasonable regulations established by the Trustee, the Bond Register may be inspected and copied by the City or by the owners (or a designated representative thereof) of 10% or more of the Bonds then Outstanding, at their expense, such ownership and the authority of any such designated representative to be evidenced to the satisfaction of the Trustee.

#### MUTILATED, LOST, STOLEN OR DESTROYED BONDS

In the event any Bond shall become mutilated, or be lost, stolen or destroyed, the City shall execute and the Trustee shall authenticate and deliver a new Bond of like date and tenor as the Bond mutilated, lost, stolen or destroyed; *provided* that, in the case of any mutilated Bond, such mutilated Bond shall first be surrendered to the Trustee, and in the case of any lost, stolen or destroyed Bond, there shall be first furnished to the City and the Trustee evidence of such loss, theft or destruction satisfactory to the Trustee, together with such security or indemnity as may be required by the Trustee to save the City and the Trustee harmless. In the event any such Bond shall have matured or been selected for redemption, the Trustee in its discretion may, instead of issuing a substitute Bond, pay such Bond without surrender thereof. Upon the issuance of any substitute Bond or payment of a Bond in lieu thereof, the City and the Trustee may require the payment of an amount by the owner thereof sufficient to reimburse the City and the Trustee for any tax or other governmental charge that may be imposed in relation thereto and any other reasonable fees and expenses incurred in connection therewith.

#### BOOK-ENTRY ONLY SYSTEM

*General.* The Depository Trust Company (“DTC”), New York, NY, will act as securities depository for the Bonds (the “Bonds”). The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond will be issued for each maturity of the Bonds, in the aggregate principal amount of such maturity, and will be deposited with DTC.

*DTC and Its Participants.* DTC, the world’s largest depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended. DTC holds and provides asset servicing for over 2.2 million issues of United States and foreign equity, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC’s participants (the “Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both United States and foreign securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC, in turn, is owned by a number of Direct Participants of DTC and members of the National Securities Clearing Corporation, Fixed Income Clearing Corporation and Emerging Markets Clearing Corporation (“NSCC,” “FICC” and “EMCC,” also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC and the National Association of Securities Dealers, Inc. Access to the

DTC system is also available to others, such as both United States and foreign securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (the “*Indirect Participants*” and, collectively with the Direct Participants, the “*Participants*”). DTC has Standard & Poor’s highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at [www.dtcc.com](http://www.dtcc.com) and [www.dtc.org](http://www.dtc.org).

*Purchase of Ownership Interests.* Purchases of the Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC’s records. The ownership interest of each actual purchaser of each Bond (“*Beneficial Owner*”) is, in turn, to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

*Transfers.* To facilitate subsequent transfers, all securities deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Bonds with DTC and their registration in the name of Cede & Co. or such other nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds. DTC’s records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

*Notices.* Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of the Bonds may wish to take certain steps to augment transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults and proposed amendments to the documents relating to the Bonds. For example, Beneficial Owners of the Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners.

Redemption notices shall be sent to DTC. If less than all of the Bonds of any series and maturity are being redeemed, DTC’s practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

*Voting.* Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC’s procedures. Under its usual procedures, DTC mails an omnibus proxy (“*Omnibus Proxy*”) to the Trustee as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.’s consenting or voting

rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

*Payments of Principal, Premium, if any, Interest and Purchase Price.* Redemption proceeds, distributions, and dividend payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detailed information from City or the Trustee, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Trustee, or the City, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, principal, and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the City or the Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to Beneficial Owners will be the responsibility of Direct and Indirect Participants.

*Purchases and Tenders.* A Beneficial Owner shall give notice to elect to have its Bonds purchased or tendered, through its Direct Participant, to the Trustee and the Remarketing Agent, and shall effect delivery of such Bonds by causing the Direct Participant to transfer the Direct Participant's interest in the Bonds, on DTC's records, to the Trustee. The requirement for physical delivery of Bonds in connection with an optional tender or a mandatory purchase or tender will be deemed satisfied when the ownership rights in the Bonds are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered Bonds to the Trustee's DTC Account.

*Discontinuation of Book Entry System.* DTC may discontinue providing its services as securities depository with respect to the Bonds at any time by giving reasonable notice to the City or the Trustee. Under such circumstances, in the event that a successor securities depository is not obtained, Bond certificates are required to be printed and delivered as described in the Indenture. The use of the system of book entry transfers through DTC (or a successor securities depository) may be discontinued as described in the Indenture. In that event, Bond certificates will be printed and delivered as described in the Indenture.

*The Underwriter, the Trustee and the City will not have any responsibility or obligations to any Direct Participants or Indirect Participants or the persons for whom they act with respect to (i) the accuracy of any records maintained by DTC or any such Direct Participant or Indirect Participant; (ii) the payment by DTC to any Participant, or by any Direct Participant or Indirect Participant of any amount due to any Beneficial Owner in respect of the principal of, premium, if any, or interest on the Bonds; (iii) the delivery by DTC to any Participant, or by any such Direct Participant or Indirect Participant of any notice to any Beneficial Owner that is required or permitted under the terms of the Indenture to be given to owners of the Bonds; (iv) the selection of the Beneficial Owners to receive payment in the event of any partial redemption of the Bonds; or (v) any consent given or other action taken by DTC as the owner of the Bonds.*

The information herein concerning DTC and DTC's book-entry system has been obtained from sources that the City and the Underwriter believe to be reliable, but the City and the Underwriter take no responsibility for the accuracy thereof, and neither the Participants nor the Beneficial Owners

should rely on the foregoing information with respect to such matters but should instead confirm the same with DTC or the Participants, as the case may be. There can be no assurance that DTC will abide by its procedures or that such procedures will not be changed from time to time.

In the event Book-Entry-Only is discontinued and certificates are issued, the Trustee is entitled to rely on information provided by DTC and the Participants as to the names and principal amounts in which the Bonds are to be registered. In such an instance, the Beneficial Owner may or may not be the new Registered Owner, such as if the Bonds are held in “street name” by the Participant for the benefit of the Beneficial Owner.

The Trustee and the City, so long as a book-entry system is used for the Bonds, are to send any notice of redemption or other notices required to be sent to owners of the Bonds, only to DTC. Any failure by DTC to advise any Direct Participant or Indirect Participant, or by any Direct Participant or Indirect Participant to notify the Beneficial Owner, of any such notice and its content or effect shall not affect the validity of the redemption of the Bonds called for redemption or of any other action premised on such notice.

The City and the Trustee cannot and do not give any assurances that DTC, the Direct Participants or the Indirect Participants or others will distribute payments on the Bonds made to DTC or its nominee, as the registered Owner, or any redemption or other notices, to the Beneficial Owners, or that they will do so on a timely basis or that DTC and the Participants, or any successor depository, will serve and act in a manner described in this Official Statement.

Neither the City nor the Trustee will have any responsibility or obligations to such Direct Participants or Indirect Participants or the persons for whom they act as nominees with respect to the payments to or the providing of notice for the Direct Participants, the Indirect Participants, or the Beneficial Owners.

## **SECURITY AND SOURCES OF PAYMENT FOR THE BONDS**

### **GENERAL OBLIGATION OF THE CITY**

The Bonds are general obligations of the City, and the payment of the principal thereof, premium, if any, and interest thereon shall be secured by a pledge of the full faith and credit of the City. The City is authorized and required to levy on all taxable property in the City such *ad valorem* taxes, without limitation as to rate or amount, as may necessary to pay the principal of and the interest on the Bonds.

Under and by virtue of Section 67.05(10) of the *Wisconsin Statutes*, as supplemented and amended, the City is obligated to levy a direct annual tax sufficient in amount to pay and for the express purpose of paying the interest on such Bonds as it falls due, and also to pay and discharge the principal thereof at maturity. The City is, and shall be, without power to repeal such levy or obstruct the collection of such tax until all such payments have been made or provided for.

Under Section 67.035 of the *Wisconsin Statutes*, as supplemented and amended, all taxes levied for paying principal and interest on valid bonds or notes are declared to be without limitation. Under Section 65.06(18) of *Wisconsin Statutes*, as supplemented and amended, the omission from the budget of the payment of interest on or the principal of any bonded debt of the City when due shall

not prevent the placing of the same on the tax roll for the levy and the collection of the tax and the payment of the money therefor.

#### LIQUIDITY FACILITY

The payment of the purchase price of the Bonds bearing interest at a Daily Rate or a Weekly Rate which are tendered for purchase and not remarketed will be made, subject to certain conditions described herein, from amounts made available by the Liquidity Facility Provider pursuant to the Liquidity Facility. Under the Liquidity Facility, the Liquidity Facility Provider is obligated to make available to the Trustee an amount equal to the principal amount of the Bonds which are tendered plus up to 35 days interest at an assumed interest rate of 12%; *provided, however*, that in certain circumstances as described in “THE LIQUIDITY FACILITY — *Remedies Upon Occurrence of an Event of Default*,” the obligations of the Liquidity Facility Provider to purchase Bonds tendered by the holders thereof may be terminated or suspended without notice, with no final right to tender. The Liquidity Facility secures only the payment of the purchase price of the Bonds tendered for purchase as described herein, and does not otherwise secure payment of the principal of or premium, if any, or interest on the Bonds. The Standby Bond Purchase Agreement will expire, unless extended or terminated earlier in accordance with its terms, on November \_\_\_\_, 2010. For a more detailed description of the Liquidity Facility, see “THE LIQUIDITY FACILITY” herein.

#### THE LIQUIDITY FACILITY

*General.* The City expects to execute the Liquidity Facility with the Liquidity Facility Provider and the Trustee on the date of delivery of the Bonds. The Liquidity Facility requires the Liquidity Facility Provider to provide funds for the purchase of the Bonds bearing interest at a Daily Rate or a Weekly Rate that have been tendered for purchase and not remarketed, subject to certain conditions described below. Bonds so purchased constitute Bank Bonds under the terms of the Liquidity Facility and the Indenture. Bank Bonds will bear interest at the Bank Rate, in accordance with the Liquidity Facility, payable in accordance with the Liquidity Facility.

Various words or terms used in the following summary are defined in this Official Statement, the Liquidity Facility or the Indenture, and reference thereto is made for full understanding of their import.

*Issuance of Additional Bonds.* The City may issue additional series of its general obligation corporate purpose bonds as variable rate bonds (“*Additional Liquidity Facility Bonds*”). Upon satisfaction of certain conditions precedent, such *Additional Liquidity Facility Bonds* up to \$150,000,000 will be Bonds covered by the Liquidity Facility. **In such case, an event of default under the Liquidity Facility with respect to such *Additional Liquidity Facility Bonds* could result in the termination of the Liquidity Facility with respect to the Bonds.** For purposes of this section the term “*Liquidity Facility Bonds*” means the Bonds and any *Additional Liquidity Facility Bonds*.

*Representations and Covenants.* The City makes certain representations, warranties and covenants under the Liquidity Facility relating to various matters, including, without limitation, authorization and validity, financial statements and litigation. The covenants and agreements contained in the Liquidity Facility run only in favor of the Liquidity Facility Provider and may be waived at any time in the sole discretion of the Liquidity Facility Provider or amended at any time upon the agreement of the City and the Liquidity Facility Provider. Holders are not entitled to and should not rely upon any of the covenants and agreements in the Liquidity Facility.

*Expiration of the Liquidity Facility.* The Liquidity Facility Provider is obligated to purchase Liquidity Facility Bonds pursuant to the Liquidity Facility from the date of issuance of the Bonds until the earliest to occur of the following dates and events (the “*Facility Period*”): (1) the later of 5:00 p.m. (Eastern United States time) on November \_\_, 2010 (the “*Expiration Date*”), and the date to which such Expiration Date is extended at the sole discretion of the Liquidity Facility Provider (or if such date is not a Business Day, the Business Day next preceding such day); (2) the first date on which no Liquidity Facility Bonds are Outstanding; (3) 5:00 p.m. (Eastern United States time) on the first date on which the interest rate borne by all of the Liquidity Facility Bonds has been converted to a rate other than the Daily Rate or the Weekly Rate; (4) 5:00 p.m. (Eastern United States time) on the thirtieth (30th) day following the date on which a “*Notice of Termination Date*” (defined below in paragraph (2) of “*Remedies Upon Occurrence of an Event of Default*”) is received by the City, the Trustee and the Trustee, or if such thirtieth (30th) day is not a Business Day, the next succeeding Business Day; (5) 5:00 p.m. (Eastern United States time) on the date on which an Alternate Liquidity Facility has become effective with respect to all Liquidity Facility Bonds; (6) thirty (30) days after the City delivers a notice (with a copy to the Trustee) of voluntary termination of the Liquidity Facility (or immediately upon delivery of such notice if the Liquidity Facility Provider has defaulted on any payment obligations under the Liquidity Facility), and payment of all amounts owing to the Liquidity Facility Provider under the Liquidity Facility; and (7) the occurrence of a “*Termination Event*” (as defined below in paragraph (1) of “*Remedies Upon Occurrence of an Event of Default*”).

**In the event there is an occurrence of a “*Termination Event*” as described below, the obligation of the Liquidity Facility Provider to purchase Liquidity Facility Bonds immediately terminates without notice or demand to any person. In such event, holders of Liquidity Facility Bonds will have no right to optionally tender the Liquidity Facility Bonds and may be required to hold such Liquidity Facility Bonds until the earlier of the redemption or maturity thereof.**

*Purchase of Liquidity Facility Bonds.* The Trustee will notify the Liquidity Facility Provider in writing by not later than 11:00 a.m. (Eastern United States time) on the Business Day immediately following the seventh day prior to a Purchase Date of the maximum amount which could be payable on such Purchase Date to pay the Purchase Price of tendered Liquidity Facility Bonds. On each Purchase Date on which the Liquidity Facility Bonds are to be purchased by the Trustee, by no later than 10:30 a.m. (Eastern United States time), the Trustee shall give the Liquidity Facility Provider notice by telecopier and in writing of the aggregate Purchase Price of the tendered Liquidity Facility Bonds required to be purchased by the Liquidity Facility Provider pursuant to the Liquidity Facility, and the amount of principal and interest constituting such Purchase Price. Upon receipt of the notice set forth above, the Liquidity Facility Provider, unless it determines that its obligation to purchase pursuant to the Liquidity Facility has been suspended or terminated in accordance therewith, shall, by no later than 2:00 p.m. (Eastern United States time) on the same day, (or not later than 2:00 p.m. (Eastern United States time) on the next Business Day if the Liquidity Facility Provider receives such notice after 10:30 p.m. (Eastern United States time)) make available to the Trustee, in immediately available funds, such Purchase Price, to be deposited in accordance with the Indenture. As soon as such funds become available, the Trustee is required to purchase therewith, for the account of the Liquidity Facility Provider, that portion of the tendered Liquidity Facility Bonds for the purchase of which immediately available funds are not otherwise then available for such purposes under the Resolution. Under the Liquidity Facility, the Liquidity Facility Provider is obligated to make available to the Trustee an amount equal to the principal amount of the Bonds plus 35 days interest at an assumed interest rate of 10%.

(1) In the case of the occurrence of an event of default specified in paragraphs (1), (6), (7), (8), (9) or (10) above (each, a “*Termination Event*”), the obligations of the Liquidity Facility Provider under the Liquidity Facility to purchase the Liquidity Facility Bonds shall immediately terminate without notice or demand to any Person, and thereafter the Liquidity Facility Provider shall be under no obligation to purchase the Liquidity Facility Bonds. Promptly upon such Termination Event, the Liquidity Facility Provider shall give written notice of the same to the City, the Trustee and the Remarketing Agent; *provided*, that the Liquidity Facility Provider shall incur no liability or responsibility whatsoever by reason of its failure to give such notice and such failure shall in no way affect the termination of the obligation of the Liquidity Facility Provider to purchase Bonds pursuant to the Liquidity Facility. The Trustee shall notify all Bondowners of the termination of the obligation of the Liquidity Facility Provider to purchase the Liquidity Facility Bonds.

(2) In the case of the occurrence of any event of default described above (other than as specified in paragraph (1) above), the Liquidity Facility Provider may give written notice of such event of default and termination of the Liquidity Facility (a “*Notice of Termination Date*”) to the Trustee, the City and the Remarketing Agent, requesting a mandatory tender of the Liquidity Facility Bonds. The obligation of the Liquidity Facility Provider to purchase the Liquidity Facility Bonds shall terminate on the thirtieth (30th) day (or if such day is not a Business Day, the next following Business Day) after such Notice of Termination Date is received by the Trustee and on such date the Liquidity Facility Provider shall be under no obligation under the Liquidity Facility to purchase Liquidity Facility Bonds.

(3) In the case of any occurrence, circumstance or event, or any combination thereof, which, with the lapse of time and/or giving of notice, would constitute an Event of Default described in Paragraph 6(ii) or (iii), the obligation of the Liquidity Facility Provider to advance funds for the purchase of Liquidity Facility Bonds under the Liquidity Facility shall be immediately and automatically suspended, without notice, until the bankruptcy, insolvency or similar proceeding referred to in such Paragraph is terminated prior to the court entering an order granting the relief sought in such proceeding. In the event such proceeding is terminated, then the obligations of the Liquidity Facility Provider under the Liquidity Facility shall be automatically reinstated and the terms of the Liquidity Facility shall continue in full force and effect (unless the obligation of the Liquidity Facility Provider to purchase Liquidity Facility Bonds under the Liquidity Facility shall otherwise have terminated as provided above) as if there had been no such suspension. If at any time prior to the earlier of (i) the Stated Expiration Date of the Liquidity Facility and (ii) the date that is four (4) years following the suspension of the obligation of the Liquidity Facility Provider to purchase Liquidity Facility Bonds, (x) the potential event of default which gave rise to such suspension is cured or ceased to be continuing and (y) the obligation of the Liquidity Facility Provider to purchase Liquidity Facility Bonds under the Liquidity Facility has not otherwise terminated, then, upon written notice from the Trustee to the Liquidity Facility Provider to such effect, the obligation of the Liquidity Facility Provider to purchase Liquidity Facility Bonds under the Liquidity Facility shall be automatically reinstated. If the occurrence, circumstance or event which gave rise to the suspension of the obligations of the Liquidity Facility Provider to purchase of Liquidity Facility Bonds under the Liquidity Facility has not been cured or has not ceased to be continuing prior to the four (4) year anniversary of such occurrence and the obligation of the Liquidity Provider to purchase Liquidity

Facility Bonds under the Liquidity Facility has not otherwise terminated, then the obligations of the Liquidity Provider to advance funds for the purchase of Liquidity Facility Bonds shall be terminated upon written notice from the Liquidity Facility Provider to the City and the Trustee and the Liquidity Facility Provider shall have no further obligations to purchase any Bonds; *provided* that the Liquidity Facility Provider shall not incur any liability or responsibility whatsoever by reason of its failure to give such notice and such failure shall in no way affect the termination of the Available Commitment and of the obligations of the Liquidity Facility Provider to purchase Liquidity Facility Bonds under the Liquidity Facility.

(4) Upon the occurrence of any event of default described above, the Liquidity Facility Provider may declare all accrued and unpaid amounts payable to it under the Liquidity Facility immediately due and payable, and the Liquidity Facility Provider shall have all remedies provided at law or equity, including, without limitation, specific performance; *provided, however*, the Liquidity Facility Provider agrees to purchase the Liquidity Facility Bonds on the terms and conditions of the Liquidity Facility notwithstanding the occurrence of an event of default which does not terminate its obligation to purchase Liquidity Facility Bonds under paragraphs (1) and (2) above or does not suspend its obligation to purchase Liquidity Facility Bonds under paragraph (3) above.

(5) The remedies provided under paragraphs (1), (2), (3) and (4) under “*Remedies Upon Occurrence of an Event of Default*” shall only be exclusive with respect to such events of default to the extent they are obtained by the Liquidity Facility Provider. If, for any reason whatsoever, the Liquidity Facility Provider is not able to obtain all such remedies, then the Liquidity Facility Provider reserves the right and shall have the right to pursue any other available remedies, whether provided by law, equity or the Liquidity Facility.

*Extension of Liquidity Facility.* Upon written request of the City to the Liquidity Facility Provider, made not less than ninety (90) days nor more than one hundred twenty (120) days prior to the then current Expiration Date or at such other time as is acceptable to the Liquidity Facility Provider, the then current Expiration Date may be extended from time to time by agreement in writing between the Liquidity Facility Provider and the City (the period from the preceding Expiration Date to such new Expiration Date being herein sometimes called the “*Extended Facility Period*”). The Extended Facility Period may itself be extended in a like manner. The Liquidity Facility Provider has no obligation to agree to any Extended Facility Period. If the Liquidity Facility Provider, in its sole discretion following such request by the City, agrees to extend any such period, the Liquidity Facility Provider shall give written notice of the election to extend to the City, the Trustee and the Remarketing Agent, within forty-five (45) days of such request. If the Liquidity Facility Provider does not so notify the City, the Expiration Date shall not be extended.

Total Sources of Funds	\$25,000,000.00

USES OF FUNDS:

Deposit to Project Fund	\$

Liquidity Facility Fee

Total Uses of Funds	<u>\$25,000,000.00</u>

**TAX STATUS**

GENERAL

In the opinion of Co-Bond Counsel, under existing statutes and court decisions and assuming continuing compliance with certain tax covenants described herein, (i) interest on the Bonds is excluded from gross income for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and (ii) interest on the Bonds is not treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code; such interest, however, is included in the adjusted current earnings of certain corporations for purposes of calculating the alternative minimum tax imposed on such corporations. In rendering their opinion, Co-Bond Counsel has relied on certain representations, certifications of fact, and statements of reasonable expectations made by the City and others in connection with the Bonds, and Co-Bond Counsel has assumed compliance by the City with certain ongoing covenants to comply with applicable requirements of the Code to assure the exclusion of interest on the Bonds from gross income under Section 103 of the Code.

Co-Bond Counsel expresses no opinion regarding any other federal or state tax consequences with respect to the Bonds. Co-Bond Counsel render their opinion under existing statutes and court decisions as of the issue date, and assume no obligation to update their opinion after the issue date to reflect any future action, fact or circumstance, or change in law or interpretation, or otherwise. Co-Bond Counsel express no opinion on the effect of any action hereafter taken or not taken in reliance upon an opinion of other counsel on the exclusion from gross income for federal income tax purposes of interest on the Bonds.

CERTAIN ONGOING FEDERAL TAX REQUIREMENTS AND COVENANTS

The Code establishes certain ongoing requirements that must be met subsequent to the issuance and delivery of the Bonds in order that interest on the Bonds be and remain excluded from gross income under Section 103 of the Code. These requirements include, but are not limited to, requirements relating to use and expenditure of gross proceeds of the Bonds, yield and other restrictions on investments of gross proceeds, and the arbitrage rebate requirement that certain excess earnings on gross proceeds be rebated to the federal government. Noncompliance with such requirements may cause interest on the Bonds to become included in gross income for federal income tax purposes retroactive to their issue date, irrespective of the date on which such noncompliance occurs or is discovered. The City has covenanted to comply with certain applicable requirements of

the Code to assure the exclusion of interest on the Bonds from gross income under Section 103 of the Code.

#### CERTAIN COLLATERAL FEDERAL TAX CONSEQUENCES

The following is a brief discussion of certain collateral federal income tax matters with respect to the Bonds. It does not purport to address all aspects of federal taxation that may be relevant to a particular owner of a Bond. Prospective investors, particularly those who may be subject to special rules, are advised to consult their own tax advisors regarding the federal tax consequences of owning and disposing of the Bonds.

Prospective owners of the Bonds should be aware that the ownership of the Bonds may result in collateral federal income tax consequences to various categories of persons, such as corporations (including S corporations and foreign corporations), financial institutions, property and casualty and life insurance companies, individual recipients of Social Security and railroad retirement benefits, individuals otherwise eligible for the earned income tax credit, and taxpayers deemed to have incurred or continued indebtedness to purchase or carry obligations the interest on which is excluded from gross income for federal income tax purposes. Interest on the Bonds may be taken into account in determining the tax liability of foreign corporations subject to the branch profits tax imposed by Section 884 of the Code.

#### LEGISLATION

Legislation affecting municipal bonds is regularly under consideration by the United States Congress. There can be no assurance that legislation enacted or proposed after the date of issuance of the Bonds will not have an adverse effect on the tax-exempt status or market price of the Bonds.

#### STATE TAX MATTERS

Interest on the Bonds is not exempt from State of Wisconsin income tax or franchise tax.

#### **NO DESIGNATION AS QUALIFIED TAX-EXEMPT OBLIGATIONS**

The City will not designate the Bonds as “qualified tax-exempt obligations” for purposes of Section 265(b)(3) of the Code.

#### **LITIGATION**

The City, its boards, officers and employees have been defendants in numerous lawsuits over the years. Experience has shown that a relatively small number of suits commenced are reduced to judgment. The City of Milwaukee does not carry a blanket policy of insurance against tort liability. In addition, Wis. Stat. § 893.80 limits the amount recoverable against a political corporation, its officers, officials or employees for acts done in their official capacity to \$50,000 in tort liability for non-automobile cases and \$250,000 in automobile cases.

The City Attorney’s office has reviewed the status of pending or threatened litigation, claims and assessments to which the office has devoted substantive attention in the form of legal consultation

or representation and which individually represent maximum potential loss exposure in excess of \$1 million, existing on November 10, 2005.

*U.S. Department of Justice Investigation of Firefighter Selection Procedures (Brotherhood of Firefighters v. FPC).* The City has completed payment of monetary relief under the Supplemental Order of the United States District Court dated November 30, 2001, under Civil Action Case No. 74-C-480, settling allegations of discrimination in the entry level hiring examinations for firefighter. One additional priority appointment remains to be made, having been delayed by the candidate's military service. Thereafter, the City's only remaining obligations under the Supplemental Order will be to settle and adjust claims for the payment of pension expenses associated with the settlement. The pension costs are unknown, and are anticipated to exceed \$615,000.

*Alexander, et al v. City of Milwaukee, et al.* Starting in October 2002, seventeen white male lieutenants in the MPD filed a series of EEOC charges alleging discrimination on the basis of race and gender in their failure to be promoted to the rank of Captain of Police. The EEOC concluded its investigation without finding cause, and issued notice of rights to sue letters, on April 1, 2003. The seventeen plaintiffs filed suit in the above captioned matter on June 27, 2003. The complaint alleges a class action on behalf of all white male lieutenants of the MPD who have sought or will seek promotion from the position of lieutenant to captain, or who in the future will be denied equal employment opportunity by the MPD due to their being white males. The Complaint names the City, the Board of the FPC, and former Chief of Police Arthur Jones in his individual and official capacity. It also names each of the FPC Commissioners as of the suit's commencement, in their individual and official capacities. The Complaint alleges violations of Title VII of the Civil Rights Act of 1964, as amended as well as equal protection violations actionable under 42 U.S.C. §§ 1983 and 1981. Plaintiffs seek compensatory damages in the sum of \$300,000 each, plus unspecified sums in punitive damages, as well as other relief available such as attorneys' fees and costs. The case was tried in March, 2005, and decided against the City. The jury awarded \$2,200,000. The court must now decide the amount of economic damages and attorney's fees, which could amount to more than a million dollars. The City will file motions to reduce the amount of damages and consider pursuing an appeal of all or part of the judgment.

*Estate of Justin Fields, et al. v. City of Milwaukee, et al.* This case involves a fatal police shooting, which occurred on March 2, 2003. At bar time on Water Street, two Officers observed a car that failed to yield to an emergency vehicle. One Officer approached the vehicle, and its driver, Mr. Fields, exchanged words with the officer and fled the scene. A vehicular pursuit ensued, and came to a stop on North Martin Luther King Drive, after the Fields vehicle collided with another car. Believing that the car was unable to move and that its occupants might be injured, the officers approached the Fields vehicle. The vehicle then accelerated towards one of the Officers. The Officer, believing that his life and that of others were in danger, fired his weapon at the driver, Mr. Fields. Mr. Fields died at the scene. The case is in the initial stages of litigation. The City anticipate a full discovery process, dispositive motions, and ultimately, if motions fail, a trial.

*Jenkins v. Bartlett, et al.* This case involves a fatal police shooting, which occurred on September 19, 2002. On that date Officer Bartlett was on routine police patrol duty with his partner. While conducting a standard traffic stop, a subject fled from the scene. That subject was later identified as the decedent Larry Jenkins. Officer Bartlett pursued Mr. Jenkins on foot to the intersection of 37th Street and Glendale Avenue. When Officer Bartlett came upon the intersection he observed Mr. Jenkins entering a vehicle which was stopped at the intersection. It appeared to the

officer that Mr. Jenkins was attempting to carjack the vehicle in an effort to flee from the officer. As the officer attempted to come to the assistance of the driver of the vehicle he found himself located to the front of the vehicle. He also observed Mr. Jenkins seated behind the steering wheel. The vehicle began to move forward at a high rate of speed ultimately striking Officer Bartlett and throwing him onto the hood. Officer Bartlett feared for his life and fired his service weapon at Mr. Jenkins. Mr. Jenkins died at the scene. Subsequently the estate filed suit. Discovery has been completed in this case. The defendants' summary judgment motion has been decided by the court dismissing all issues except for that involving the reasonableness of the officer's use of force. Given differing testimony from various witnesses the court determined that there were significant questions of fact which could only be resolved by a jury. Therefore, this case will be proceeding to trial. No trial date has been set as yet.

*Page, et al. v. Malone, et al.* This case involves a fatal police shooting which occurred on or about April 5, 2002. Michael Page, Jr. was fleeing police officers of both the City of Wauwatosa and the City of Milwaukee in his motor vehicle. The pursuit traveled through several jurisdictions ending at a location on N. 25th Street in the City of Milwaukee. Mr. Page climbed onto the roof of his vehicle. Officer Malone ordered Mr. Page to show his hands and come down from the vehicle. Mr. Page reached for his waistband area and suddenly lunged off the vehicle toward Officer Malone. Fearing Mr. Page was pulling a weapon and that the weapon would be used, Officer Malone feared for his safety as well as that of other people nearby and fired his service weapon at Mr. Page. Mr. Page died as a result. This case is in the initial stages of litigation. However, plaintiffs' counsel withdrew from the case. On April 25, 2005, the judge dismissed the case, but without prejudice. The City anticipates that the plaintiffs will refile, once they have retained a new attorney.

*Pundsack, et al. v. City of Milwaukee, et al., Case No. 04-C-1207.* This case involves a fatal police shooting which occurred on or about December 23, 2002. Edward Pundsack led police on a chase. An Officer involved in the pursuit emerged from his vehicle and ordered Mr. Pundsack out of his vehicle. At one point, the Officer perceived that Mr. Pundsack was driving his vehicle in reverse and that other officers were located to the rear of the Pundsack vehicle directly in its path. Believing that those fellow officers were in imminent danger of death or great bodily harm the Officer fired his service weapon at Mr. Pundsack. Mr. Pundsack died at the scene. This case is in the initial stages of litigation. The City anticipates a full discovery process, dispositive motions and ultimately, if motions fail, a trial.

*Milwaukee Riverwalk Investigation USAO File No. 2003V200280.* The City and the private property owners in Business Improvement District No. 15 ("*BID-15*"), a business improvement district, received an August 6, 2003 communication from the United States Department of Justice ("*DOJ*"). That communication indicated that the United States Attorney for the Eastern District of Wisconsin had opened an investigation of a complaint made to the DOJ. The complaint alleged that the owners and operators of the Milwaukee Riverwalk are in violation of the Americans with Disabilities Act and the DOJ's regulations implementing that Act. The City and BID-15 retained the services of a consultant to assist in the response to the DOJ's communication. The consultant developed a set of recommendations that would remedy the alleged ADA violations, and concluded that many, but not all, of the alleged violations had merit. The estimated cost of implementing the recommendations is \$1,224,266.

The City and BID-15 are now engaged in settlement discussions with DOJ regarding the timing and method of implementing the recommendations to remedy the alleged violations. The City

anticipates that if the City, BID-15 and DOJ reach an agreement on the remedy, the City and BID-15 would split the remedial cost in the same manner that the original costs for the Riverwalk Project were split. The City originally paid for the entire cost of the project and then recovered back 22% of those costs through special assessments against private property owners within BID-15.

*Kaye v. City of Milwaukee, et al.* Kaye, a real estate developer, brought this case against the City of Milwaukee, its Redevelopment Authority, other agencies, City and Redevelopment officials and employees under the Racketeer Influenced Corrupt Organizations Act, 18 U.S.C. § 1961 *et. seq.*, and the Wisconsin Organized Crime Control Act, Wis. Stat. § 946.80, *et. seq.*

Kaye's complaint alleges he attempted to bid on certain real property then owned by the City of Milwaukee and located at 1152-1158 Kane Place. His bid was not considered, because the property had been "promised" to Ms. Kohler, who was then Vice Chair of the City Planning Commission. He claims that the City, and specifically the Redevelopment Authority, made special exceptions to bid, sale, zoning and other requirements for Ms. Kohler due to her status as a public official. Specifically, he alleges that Ms. Kohler, in her capacity as Vice Chair of the City Planning Commission, agreed with Mr. Fowler, then a Redevelopment Authority Commissioner, to "swap" the Kane Place property for another parcel of property located at 2951-2965 N. Humboldt Avenue. As a quid pro quo for Mr. Fowler approving the Redevelopment Authority's sale of the Kane Street property to Ms. Kohler, she, through the City Planning Commission, approved the sale of the Humboldt Avenue property to Alterra Coffee Roasters, Inc., a company in which Mr. Fowler is a principal shareholder.

Kaye further alleges that, around this time same, Alderman D'Amato, the East Village Association, Inc. ("*EVA*"), and certain private citizens, including Ms. Kohler, were seeking enactment of an ordinance that would establish a "Conservation District Overlay" over a portion of the Third Aldermanic District. The conservation district would limit the types of real estate development that could occur therein. The conservation district was opposed by the plaintiff and others. As part of their opposition efforts, Kaye and others became members of the EVA and sought to elect their own slate of directors. He alleges that Alderman D'Amato, Ms. Kohler, and the then-officers of EVA engaged in a fraudulent scheme to manipulate the EVA election in order to retain control of the board from opponents of the conservation district. He alleges that the opposition members were permitted to believe that the election would be conducted by a simple majority vote. At the time of the election, however, the opposition members were informed for the first time that a new voting method, a variant of cumulative voting that emphasized voting coalitions, would be used. The existing officers and directors of the EVA, along with Alderman D'Amato and Ms. Kohler, were able to organize a voting coalition, including by means of e-mail, which plaintiff alleges to have been an act of wire fraud. The opposition members, surprised by the change in voting method, could not organize in time and were unsuccessful in wresting control of the EVA board.

Kaye also alleges that citizens opposing the conservation district placed yard signs expressing that opposition in various places in the Third Aldermanic District. Plaintiff alleges that Alderman D'Amato (or one of his aides, the complaint conflicts itself on this point) removed such a sign from the property of Jill Bondar, one of the leaders of the opposition group. Kaye further alleges that Alderman D'Amato left Ms. Bondar a voice mail in which he implicitly threatened criminal prosecution for her conduct and that of other members of the opposition group in putting up the yard signs.

According to Kaye, the allegations plead predicate acts of racketeering sufficient to allege that the defendants violated both RICO, the Racketeer Influenced Corrupt Organizations Act, 18 U.S.C. § 1961 et. seq., and the Wisconsin Organized Crime Control Act, Wis. Stat. § 946.80, et. seq. Plaintiff asserts claims under 18 U.S.C. §§ 1962(b), (c) and (d). Section 1962(b) makes it unlawful for any person to acquire or maintain any interest in or control of any “enterprise” through a “pattern of racketeering.” Section 1962(c) makes it unlawful to conduct or participate in the affairs of an “enterprise” through a “pattern of racketeering.” Section 1962(d) makes it unlawful to conspire to violate RICO. The complaint asks for over \$5,000,000 in compensatory and punitive damages.

The attorneys for the City and the other defendants do not believe that the complaint states a claim under RICO, or the state mini-RICO statute, and, accordingly, have moved to dismiss the complaint for failure to state a claim upon which relief can be granted.

*Milwaukee Police Supervisors Association (MPSO) v. City of Milwaukee and the Milwaukee Employees’ Retirement System (ERS)*. This case is a clone of an earlier case that was filed and subsequently voluntarily dismissed. That case was brought by the Milwaukee Police Association (MPA represents police officers; the MPSO represents police supervisors.) The MPA case alleged that the ERS was prohibited by City Ordinance from spending more than \$3 million to purchase and install a computer information system. The suit alleged that the City was liable to pay any of those expenses in excess of \$3 million. It is estimate that the total cost of the ERS information system is approximately \$25 million. The dispute in the case was over the interpretation of a section of the City ordinance that transferred all administrative, operational, and investment expenses from the City to the ERS. This change was made as a part of a larger settlement of various disputes between the City and the MPA called the Global Pension Settlement. The MPA voluntarily dismissed the lawsuit earlier this year (2005). The MPSO has now filed a lawsuit making the same allegations. Both the City and the ERS view the allegations as without merit and are vigorously defending the lawsuit.

#### **RATINGS**

\_\_\_\_\_ has assigned ratings of “\_\_\_/\_\_\_” to the Bonds, based in part on the credit of the City and in part on the issuance of the Liquidity Facility by the Liquidity Facility Provider. Any explanation as to the significance of the above ratings may only be obtained from the rating agency furnishing the same.

The City and the Liquidity Facility Provider furnished to the rating agencies certain information and materials, some of which have not been included in this Official Statement. Generally, rating agencies base their ratings on such information and materials and investigations, studies and assumptions furnished to and obtained and made by the rating agencies. There is no assurance that any rating will remain for any given period of time or that any rating will not be revised downward or withdrawn entirely if, in the judgment of the appropriate rating agency, circumstances so warrant. Any such downward revision or withdrawal of any such rating may have an adverse effect on the market price or marketability of the Bonds.

#### **LEGAL MATTERS**

Certain legal matters incident to the authorization and issuance of the Bonds by the City are subject to the approval of Hawkins Delafield & Wood LLP, New York, New York, and Quarles & Brady LLP, Milwaukee, Wisconsin, Co-Bond Counsel, whose approving legal opinions will be

delivered with the Bonds. The proposed form of such opinion appears as APPENDIX E attached hereto and made a part of this Official Statement. Certain legal matters will be passed upon by Chapman and Cutler LLP, Chicago, Illinois, and Hurtado, S.C., Wauwatosa, Wisconsin, as counsel for the Underwriter, by the City Attorney, as counsel for the City, and by Winston & Strawn LLP, Chicago, Illinois, as counsel for the Liquidity Facility Provider.

The various legal opinions to be delivered concurrently with the delivery of the Bonds express the professional judgment of the attorneys rendering the opinions as to the legal issues explicitly addressed therein. By rendering a legal opinion, the opinion giver does not become an insurer or guarantor of that expression of professional judgment, of the transactions opined upon, or of the future performance of parties to such transaction, nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

### **CONTINUING DISCLOSURE**

In order to assist the Underwriter in complying with SEC Rule 15c2-12 (the “*Rule*”) promulgated by the Securities and Exchange Commission, pursuant to the Securities Exchange Act of 1934, as amended, the City will covenant pursuant to a resolution adopted by the Common Council of the City to enter into an undertaking (the “*Undertaking*”) for the benefit of owners including beneficial owners of the Bonds to provide certain financial information and operating data relating to the City to certain information repositories annually, and to provide notices of the occurrence of certain events enumerated in the Rule to certain information repositories or the Municipal Securities Rulemaking Board and to any state information depository. The details and terms of the Undertaking, as well as the information to be contained in the annual report or the notices of material events, are set forth in the Master Continuing Disclosure Certificate and Addendums, which shall be made applicable to the Bonds pursuant to Schedules to be executed and delivered by the City at the time Bonds are delivered. Such Certificate, Addendums and Schedules will be in substantially the form attached hereto as APPENDIX F. The City has never failed to comply in all material respects with any previous undertakings under the Rule to provide annual reports or notices of material events. A failure by the City to comply with the Undertaking will not constitute an event of default on the Bonds or under the Indenture (although the owners of the Bonds will have the right to obtain specific performance of the obligations under the Undertaking). Nevertheless, such a failure must be reported in accordance with the Rule, and must be considered by any broker, dealer or municipal securities dealer before recommending the purchase or sale of the Bonds in the secondary market. Consequently, such a failure may adversely affect the transferability and liquidity of the Bonds and their market price.

### **FINANCIAL ADVISOR**

The City has retained Robert W. Baird & Co., Incorporated to serve as Financial Advisor with respect to the issuance of the Bonds. The Financial Advisor has assisted the City in matters relating to the planning, structuring and issuance of the Bonds and various other debt related matters.

### **UNDERWRITING**

Banc of America Securities LLC (the “*Underwriter*”) has agreed to purchase the Bonds at a purchase price of par, and is receiving a fee of \$\_\_\_\_\_, pursuant to a bond purchase agreement between the City and the Underwriter. The purchase agreement provides that the Underwriter will

purchase all of the Bonds if any are purchased. The Underwriter reserves the right to join with dealers and other underwriters in offering the Bonds to the public. In the purchase agreement, the City agrees to indemnify the Underwriter against certain liabilities or to contribute to any payments required to be made by the Underwriter relating to such liabilities, including liabilities under federal securities laws. The obligation of the Underwriter to accept delivery of the Bonds is subject to various conditions set forth in the bond purchase agreement. The Underwriter may offer and sell the Bonds to certain dealers (including dealers depositing the Bonds into an investment trust) and others at prices lower than the prices stated on the inside cover page of this Official Statement.

**MISCELLANEOUS**

Simultaneously with the delivery of the Bonds, the City Comptroller of the City, acting on behalf of the City, will furnish to the Underwriter a certificate which shall state, among other things, that to the best knowledge and belief of such officer, this Official Statement (and any amendment or supplement hereto) as of the date of sale and as of the date of delivery of the Bonds does not contain any untrue statement of a material fact or omit to state a material fact required to be stated herein or necessary to make the statements herein, in light of the circumstances under which they were made, not misleading in any material respect.

Information set forth in this Official Statement has been furnished or reviewed by certain officials of the City, certified public accountants and other sources, as referred to herein, which are believed to be reliable. Any statements made in this Official Statement involving matters of opinion, estimates or projections, whether or not so expressly stated, are set forth as such and not as representations of fact, and no representation is made that any of the estimates or projections will be realized.

The agreement of the City with respect to the Bonds is fully set forth in the Indenture, and neither any advertisement of the Bonds nor this Official Statement is to be construed as constituting an agreement with the purchasers of the Bonds. So far as any statements are made in this Official Statement involving estimates, projections or matters of opinion, whether or not expressly so stated, they are intended merely as such and not as representations of fact.

It is anticipated that CUSIP identification numbers will be printed on the Bonds, but neither the failure to print such numbers on any Bond nor any error in the printing of such numbers will constitute cause for a failure or refusal by the purchaser thereof to accept delivery of and pay for any Bonds.

The attached Appendices are integral parts of this Official Statement, and should be read together with all of the foregoing information.

The execution and delivery of this Official Statement by the City Comptroller of the City has been duly authorized by the Common Council of the City.

The terms of all the above elected positions expire in April, 2008.

PUBLIC SERVICES AND FACILITIES

The City, employing approximately 7,401 people (some in a seasonal capacity), is charged with primary responsibility for public safety (via its police, fire and health departments); public works (including refuse removal and a City owned water utility); various cultural and recreational services including a library system; and general municipal administration. City government also participates in housing and neighborhood programs through separate housing and redevelopment authorities. These two latter authorities have the ability to directly borrow using revenue backed financings.

Other major local governmental units and their related government services are the Milwaukee Public Schools (education); Milwaukee County (parks, airport/mass transit/highways, social services and court system); Milwaukee Metropolitan Sewerage District (wastewater treatment); and, the Milwaukee Area Technical College (higher education). Wisconsin Statutes require Milwaukee Public School purpose debt to be issued by the City. The remaining governmental units cited each retain the statutory authority to issue general obligation debt.

Two special purpose governmental units exist with the ability to issue debt and tax on a limited revenue basis. The first is the Southeastern Wisconsin Professional Baseball District (the "*District*"), a public entity created by State legislation encompassing five southeastern Wisconsin counties to finance construction/operations of a baseball facility ("*Miller Park*") for the National League Milwaukee Brewers baseball club. Miller Park opened in March, 2001. The District has issued \$199 million of revenue bonds supported by a five-county, one-tenth of one percent sales tax and other ancillary revenue streams. In addition, \$45 million of lease certificates of participation have been sold to finance acquisition and installation of facility equipment, scoreboards, etc.

The second special purpose governmental unit is the Wisconsin Center District which oversees construction/operation of the Midwest Airlines Center, Milwaukee's major convention complex. This complex also includes the existing US Cellular Arena and the Milwaukee Auditorium facilities, formerly known as "MECCA". The Midwest Airlines Center was financed by \$185 million of revenue bonds backed by dedicated sales tax revenues from the lodging, restaurant, and vehicle rental areas. Phase one of the Midwest Airlines Center was completed during 1998. Phase two was completed in 1999. In 2001, \$30 million of Bonds were issued to renovate the Milwaukee Auditorium.

In addition to the facilities noted above, the City is home to a modern 17,000+ seat indoor sports and concert venue, the Bradley Center, located in the heart of downtown. This facility serves the National Basketball Association Milwaukee Bucks, the Marquette University Golden Eagles basketball team and the Milwaukee Admirals International Hockey League club. Milwaukee also boasts a lakefront Milwaukee Art Museum, as well as a major symphony, ballet companies, theater and other performing arts.

May 4, 2001, marked the unveiling of phase one of Milwaukee Art Museum's new expansion and renovation, which combines art, dramatic architecture and landscape design. The new Quadracci Pavilion, the first Santiago Calatrava-designed building in the United States of America, features a 90-foot high glass-walled reception hall enclosed by the Burke Brise Soleil, a sunscreen that can be raised or lowered creating a unique moving sculpture.

Finally, the Milwaukee area is the site of a number of higher education institutions, including Marquette University, the University of Wisconsin—Milwaukee, Alverno College, Mount Mary College and the Milwaukee School of Engineering.

#### EMPLOYEE RELATIONS

Approximately 6,933 of the City's 7,150 full-time employees are members of bargaining units represented by 19 unions. Labor agreements are in place through December 31, 2006, with 10 unions representing approximately 2,886 employees. The remainder of the unions are at various stages in the negotiation process including mediation and arbitration.

The impact changed the number of industries reported from four subsectors to ten subsectors. The new method and format of reporting data is also incompatible with previous data sets by industry under the former SIC structure.

<sup>1</sup> The allocation of the Debt Service Fund balances to specific issues is based upon the debt service due for Tax Increment Districts, Parking, Special Assessment, Water and Delinquent Tax borrowings as a portion of total debt service. (For further information regarding debt service due for Tax Increment Districts, please see "TAX INCREMENT DISTRICT FINANCING.")

<sup>2</sup> Includes amounts borrowed for Tax Increment District Program, Parking Program, financing of special assessments, delinquent taxes and water purposes. See "TRENDS OF SELF SUSTAINING GENERAL OBLIGATION DEBT" on the following page for additional information.

**FUTURE FINANCING**

The City has \$186,798,568 authorized unissued general obligation debt for various corporate and capital improvement purposes, of which \$13,703,500 may be issued as Sewerage Revenue bonds. The debt can be issued at any time. The 2005 Budget also provides for up to \$300,000,000 of revenue anticipation borrowings, of which \$248,000,000 has been issued and is outstanding. The remaining balance of revenue anticipation borrowings can be issued at any time, but are not anticipated to be issued before the authority expires on December 31, 2005. See "FINANCIAL INFORMATION — CITY CAPITAL IMPROVEMENTS PLAN" herein for information on potential future capital needs.

## REVENUE BONDING

The City and City agencies have issued revenue bonds directly and indirectly. Entities which have issued revenue bonds include the Redevelopment Authority and the Housing Authority. Collectively, the bond programs of the Housing and Redevelopment Authorities complement the City financed economic development projects and foster the same development objectives,

*Water System Revenue Bonds, Series 1998* — In 1998, the City and the State of Wisconsin entered into a loan agreement under the State of Wisconsin Safe Drinking Water Loan Program. Subsidized loans are available for certain projects, are secured by revenues of the Milwaukee Water Works, and are repayable over a period of 20 years. As of December 31, 2004, the outstanding balance was \$13,745,000.

*Sewerage System Revenue Bonds* — In 2001, the City created the Sewerage System with the issuance of \$29,095,000 of Sewerage System Revenue Bonds. As of December 31, 2004, total outstanding Sewerage System Revenue Bonds was \$60,945,000 with a final maturity in 2023.

*Industrial Revenue Bonding Program* — The City has established guidelines relating to its Industrial Revenue Bonding Program. These guidelines establish criteria for IRB financing. The guidelines delineate that the primary goals of this program are additional tax base, additional jobs or both.

Industrial land, buildings, and machinery and equipment used in the manufacturing process and pollution abatement equipment of new or expanding industries are eligible projects. Since the first IRB issue in 1973, the City has closed 125 issues amounting to approximately \$265 million. The City has no responsibility to either secure or redeem IRB debt, and thus neither guarantees nor lends its own credit to these obligations.

*Housing Authority of the City of Milwaukee* — Most of the Housing Authority bonds and notes are secured by a lien on all revenues of the Housing Authority Low Income Housing Program. The Housing Authority has also issued debt for “stand-alone” projects. The Housing Authority bonds and notes are not a general obligation of the City nor are they guaranteed by the City. As such, they are not backed by the general credit or taxing powers of the City.

Between the period 1983 and December 1, 2004 the Housing Authority issued revenue bonds of approximately \$149 million of which approximately \$12 million are still outstanding.

*Redevelopment Authority of the City of Milwaukee* — The Redevelopment Authority of the City (the “*Redevelopment Authority*” or the “*Authority*”) is a public body corporate and politic formed in 1958 by action of the Common Council of the City pursuant to the Section 66.431 of the Wisconsin Statutes, as supplemented and amended (“*Redevelopment Authority Act*”).

The Authority has as its purpose the carrying out of blight elimination, slum clearance and urban renewal programs and projects as set forth in the Redevelopment Authority Act, and is authorized under the Redevelopment Authority Act to issue revenue bonds for the financing of such programs and projects and to enter into revenue agreements to provide revenues for the payment of such revenue bonds.

Since its creation, the Authority has provided for the acquisition and improvement of a variety of industrial, commercial, housing and other revenue-producing projects, and, in some instances, has entered into revenue agreements for the financing thereof, pursuant to authorization contained in the Redevelopment Authority Act. In connection with the financing of a number of such projects, the Authority has issued revenue bonds under a number of authorizing resolutions and indentures, each of which contained separate terms and conditions relating to the respective issues of revenue bonds. In each instance, the bonds issued constitute limited obligations of the Authority, and do not constitute an indebtedness of the City or a charge against the City's general credit or taxing power. As of December 31, 2004, the Authority has sold 99 separate issues in the total principal amount of approximately \$935 million. As December 31, 2004 there remained approximately \$551 million outstanding.

The majority of these issues are supported solely by the revenues of the various projects. While in each instance, the bonds issued constitute limited obligations of the Authority, and do not constitute an indebtedness of the City or a charge against the City's general credit or taxing power; there are certain issues which involve contingent liabilities of the Authority and/or the City.

As of December 31, 2004, the Authority had outstanding: one bond issue with \$1,715,000 outstanding secured by a lease with the City; two bond issues with \$41,740,000 outstanding that have a Moral Obligation Pledge of the City; and \$291,684,122 in five bond issues for MPS, one secured by a lease, and four secured by loan agreements, with the Milwaukee Board of School Directors ("MBSD"). On November 17, 2005, the Authority issued \$12,415,000 of bonds for MPS secured by a lease with MBSD. These bonds do not constitute general obligations of the City, or of MBSD, and shall not constitute or give rise to a charge against the City's, or MBSD's, taxing powers. These pledges create only financial obligations of the City, or MBSD, which are subject to annual appropriation. The loan agreement with MBSD includes a pledge of certain state aid payable to MBSD.

The Authority has also issued debt payable from tax increment revenues. See "TAX INCREMENT DISTRICT FINANCING" herein.

*Milwaukee Economic Development Corporation* — As of December 31, 2004, the Milwaukee Economic Development Corporation funded loans for 899 small businesses and redevelopment projects utilizing \$163 million to leverage a total of \$807.3 million in investment. 603 loans have been enrolled in the Capital Access Program with covered loan amounts totaling \$19.2 million.

The Milwaukee Economic Development Corporation had notes and debentures payable under the Small Business Administration's Section 503 and 504 loan programs in the amount of \$11.9 million as of December 31, 2004.

#### **TAX INCREMENT DISTRICT FINANCING**

Five issues of the Redevelopment Authority and Housing Authority involving over \$60 million in bonds have financed projects located within tax increment districts ("TID"). The City has also financed public improvements and provided grants to the Redevelopment Authority for redevelopment purposes within such Districts through the issuance of its general obligation bonds. As of May 1, 2005, \$113,464,415 general obligation bonds for TID purposes was outstanding. Under current laws, tax increments received by the City have been calculated based upon the assessed

valuation and the applicable tax levy in the tax increment district. The applicable tax levy includes the public school tax levy rate for Milwaukee Public Schools.

The Redevelopment Authority of the City has approximately \$42 million of debt secured by tax increment revenues. One of those issues, in the approximate amount of \$20 million, has the moral obligation of the City. The remaining debt is owed to developers of projects within the TID, with no recourse to the City in the event that tax increment revenues are insufficient to repay the obligations. In 1996, the Wisconsin Legislature passed a property tax relief measure which increased the portion of statewide school revenues funded by State equalization aid to two-thirds from approximately one-half of all funds' budgets. The 2005 Assessed Tax Rate for Milwaukee Public Schools is \$8.17 per thousand dollars of assessed value, down from \$15.70 in 1995 (amounts are net of the school state tax credit). As a result, tax increment revenues for certain TIDs received by the City have been, and are expected to continue to be, reduced, and therefore have the impact of either increasing the time needed to recover incurred project costs, including future debt service requirements; reducing the funding of active and proposed TIDs; or may require the City to fund TIDs cash flow deficiencies with other City revenues. In connection with the change in the school aid formula, the State Legislature extended the allowable life of all TIDs established before October 1, 1995 from a maximum 23 years to a maximum 27 years to accommodate the lower school property tax rate. Pursuant to 2003 Wisconsin Acts 126, 127, 194 and 231 (enacted in February through April 2004), the allowable life of TIDs created between September 30, 1995 and October 1, 2004 for blight elimination and rehabilitation purposes is 27 years. The maximum lives for TIDs created after September 30, 2004 is 27 years for blighted and rehabilitation TIDs, and 20 years for mixed-use TIDs and industrial TIDs (which, for industrial TIDs represents a reduction from 23 years, though the new law also makes them eligible for a three-year extension). Extensions are available under certain circumstances. In any year in which total TID debt service requirements for the ensuing year are greater than total tax increments received, the shortfall is funded by the general property tax levy.

## **FINANCIAL INFORMATION**

### **BUDGETING**

Each department and agency prepares its own detailed estimate of needs for the ensuing fiscal year which is filed with the Mayor not later than the second Tuesday in May of each year, at which time the Comptroller submits his statement of anticipated non-property tax revenues in accordance with City Charter provisions. Under the City Charter, changes to these non-property tax revenue estimates can be made only by the Comptroller. The Mayor holds hearings on departmental spending requests during July and August at the times and places the Mayor or Common Council by ordinance directs. The Mayor submits a proposed budget to the Common Council on or before September 28th of each year. This budget includes the Comptroller's anticipated non-property tax revenues. Subsequent to receipt of the budget by the Common Council, its Committee on Finance and Personnel reviews the Mayor's proposed expenditure budget. The Mayor and Common Council hold a public hearing on the entire budget no later than the 30th day of October. The Common Council subsequently adopts a property tax levy, but cannot change the Comptroller's anticipated revenues budget. The final budget must be adopted by the 14th of November. The City is under no State or local levy limit strictures with respect to its General, Capital or Debt Service Funds.

## CITY CAPITAL IMPROVEMENT PLAN

The City's 2004-2009 Capital Improvements Plan (CIP) describes planned capital improvement projects and programs, together with proposed financing. School purpose improvements are financed by the City for the Milwaukee Public Schools, but are not included in the CIP.

The six-year City CIP municipal spending plan totals \$1,153 million. About \$986 million or 85 percent of planned municipal and school purpose spending is intended to preserve the City's existing infrastructure facilities (streets, sewers, alleys, bridges, etc.). The remaining 15 percent is for expansion purposes. In addition, the City has historically provided \$12 million per year towards capital improvements for the Milwaukee Public Schools (school purpose borrowing) for a six-year total CIP of \$1,225 million.

Surface transportation accounts for approximately 26% of the CIP, or about \$294 million. 26% (\$300 million) is planned for environmental projects including sewer and water improvements plus forestry and subsurface remediation projects. \$141 million of capital spending (12%) is planned for economic development projects. These projects are mainly Tax Incremental District related or Port of Milwaukee capital improvements. The remaining 36 percent (\$418 million) is planned for general governmental, health & safety, grant and aid, culture and recreation purposes. All \$12 million of annual school spending is dedicated to deferred maintenance, repairs and remodeling projects, including \$2 million per year of Americans with Disabilities Act (ADA) accessibility projects.

The portion of the \$1,153 million six-year CIP to be financed by the property tax levy totals about \$539 million (47%). This in turn is composed of direct tax levy funding of \$104 million (9%) and tax levy supported debt financing of \$435 million (38%). Cash revenues including Federal and State grants, developer financing and other sources, total \$235 million (20%) of planned CIP spending. An additional \$78 million (7%) is to be financed by City debt to be repaid with tax increment and other revenues. The remaining \$301 million (26%) of the municipal purpose CIP is to be financed by self-supported debt issued for special assessments, water, sewer and parking purposes. Of the \$12 million per year of school purpose borrowing, \$10 million is typically tax levy supported debt, and \$2 million is ADA reimbursable debt.

The Adopted 2005 Capital Improvements Budget totals \$205 million compared to a 2004 Budget of \$216 million. These amounts include the \$12 million per year of school purpose borrowing. Major categories include \$99 million of public works projects (streets, buildings, etc.), \$42 million of water and sewer projects, and \$27 million of economic development projects.

## YEAR 2004 GENERAL FUND RESULTS (BUDGET BASIS)

Please see the appendices for audited financial statements for the General Fund. The City General Fund balance of Tax Stabilization reserves, on a budget basis, totaled \$50.5 million at the end of 2004, or about 8.7 percent of 2005 General Fund expenditures. This compares to \$53.2 million (9.3% of expenditures) at December 31, 2003. Total Fund balance at December 31, 2004 is \$87.0 million compared to \$92.0 million at December 31, 2003.

Overall, General Fund Revenues and Other Sources for 2004 exceeded expenditures by \$11.9 million, or 2.2 percent.

Total Revenues and Other Sources increased by \$6.2 million (1.2%) in 2004. Increases include: \$7.6 million in tax stabilization fund withdrawals, \$5.1 million in charges for service, \$2.4 million in property taxes, \$2.1 million in other financing sources and net equity transfers, \$0.6 in licenses and permits, and \$0.3 million in other revenues. Decreases in revenues include: \$10.7 million in intergovernmental revenues, \$0.8 million in other taxes, and \$0.5 million in fines and forfeitures.

Total General Fund Expenditures increased by \$9.5 million (1.8%) in 2004. The major increase was \$14.3 million in general government. The primary causes of the increase were healthcare costs and reimbursed pension fund contributions. Other increases were \$3.2 million for public works, and \$0.7 million for culture and recreation. Expenditures declined for public safety by \$8.3 million, and conservation and development by \$0.4 million.

Regarding the components of General Fund Balance, the major changes were a \$2.7 million decline in reserved for encumbrances & carryovers, and a \$2.5 million decline in reserved for subsequent year's budget. Other changes were a \$0.5 million increase in inventory, and a \$0.3 million decrease in reserved for next year's budget.

Since 2000, General Fund Revenues and Other Sources have grown at an average of about 1.8 percent annually. Intergovernmental Aids remain the major funding source for the General Fund providing 50 percent of total sources. This compares to 55 percent in 2000. Property taxes comprised about 24 percent of total sources in 2005 versus 19 percent in 2000.

General Fund expenditures have grown at an average 0.8 percent annually since 2000. Because of large retroactive wage settlements every 2 years (see "The City—Employee Relations") it is difficult to make year-over-year comparisons. Over the past 5 years, the two largest categories, General Government and Public Safety have grown an average of 3.3% and 1.2% per year respectively. General Government has grown from 31% of General fund expenditures in 2000 to 34% in 2004. Public Safety has fluctuated, but remains about 43% of General Fund expenditures in 2000 and 2004.

Regarding changes in General Fund Equity, the amount reserved for subsequent years' budget has grown from \$26.0 million in 2000 to \$33.9 million in 2004.

## **COLLECTION PROCEDURES**

If no payment of property taxes is received in January, the taxes become delinquent as of February 1. If the taxes are not paid when due under the 10-month installment plan, they become delinquent for legal purposes on November 15.

A letter is mailed to the taxpayer shortly after February 1st, telling of the delinquency and suggesting partial payments if full payment cannot be made. As directed by Chapter 74 of the Wisconsin Statutes, as supplemented and amended, interest at the rate of one percent per month is charged from the preceding January 1st. Periodic follow-up letters continue to be mailed.

Taxpayers are given every opportunity to pay their delinquent taxes and satisfactory agreements are arranged to bring this about. If a property owner continues to remain delinquent and the Treasurer's Office is unable to reach an arrangement by which the owner will pay the taxes, the Treasurer's Office starts foreclosure proceedings. The City enforces its own delinquent tax collections.

Taxes are foreclosed under Section 75.521 of the Wisconsin Statutes, as supplemented and amended, which permits a legal action to be commenced one year from the date of delinquency. An exception to this provision is that legal action on owner occupied dwellings may be deferred up to two years if authorized by Common Council action.

The rate of current tax collections continues at this historically high level. Current collections for 2004 were approximately 97.59 percent of the total tax levied.

## **INSURANCE**

The City has property insurance with the State of Wisconsin Local Government Property Insurance Fund. This insurance is subject to a \$25,000 deductible. The City is uninsured for liability. Under Wisconsin law, the City's exposure in tort liability is limited to \$50,000 in non-automobile cases and \$250,000 in automobile cases. The City does carry a wharfinger's liability policy on its port with coverage up to \$10 million and a deductible of \$500,000. The City follows a policy of requiring contract service providers to provide the City with indemnification and insurance as may be deemed appropriate by the City.

## PENSION SYSTEM

### EMPLOYEES' RETIREMENT SYSTEM

The Employees' Retirement System ("System") of the City is established pursuant to Section 36 of the Milwaukee City Charter.

Membership in the System consists of specified classes of part-time and all full-time municipal employees including elected officials. Persons employed as teachers are specifically excluded from membership. Membership in the System totals approximately 12,200 active and 3,550 vested, inactive members at December 31, 2004. There were approximately 10,700 retirees and beneficiaries receiving benefits as of December 31, 2004.

Funding of the System, a defined benefit plan, is derived from employee and employer contributions. Current employee contributions to the System are based on a percentage of compensation as follows:

General Municipal <sup>(1)</sup>	5.5%
Elected Officials	7.0%
Police	7.0%
Fire	7.0%

- (1) Including non-certified School Board, Milwaukee Area Technical College, and all Milwaukee Metropolitan Sewerage District and Wisconsin Center employees.

The City pays the employee's share of the pension contributions as well as the employer's share of pension contributions which are actuarially determined based upon normal cost and amortization of past service liability. The actuarial cost method for determining these items was changed from the "aggregate cost method" to the "projected unit credit method" as of January 1, 1995.

For the year ended December 31, 2004, the latest year for which audited figures are available, required member contributions totaled \$31 million and required employer contributions totaled \$46,000. Approximately 73% of these contributions were for requirements of the City of Milwaukee employees. The original cost of fund investments totaled \$3.275 billion with a corresponding market value of \$4.345 billion or 133% of the original cost at December 31, 2004.

The Milwaukee City Charter requires that an actuarial study of the System be performed at least once every five (5) years for the purpose of reviewing assumptions. The last actuarial study was completed by Buck Consultants covering experience from January 1, 1997 to December 31, 2001.

The latest actuarial valuation was as of January 1, 2005. The valuation reveals the System continues to remain actuarially sound.

The Governmental Accounting Standards Board (GASB) Statement No. 25 Disclosure of "Schedule of Funding Progress" indicates an Actuarial Value of Assets of \$4.113 billion as of January 1, 2005 and an Actuarial Accrued Liability of \$3.523 billion as of that date. This results in a Funded Ratio of 116.7%.

#### FIREMEN'S ANNUITY AND BENEFIT FUND

The Firemen's Annuity and Benefit Fund was established in 1923 pursuant to Chapter 423 of the 1923 Laws of Wisconsin. In 1947, the Firemen's Annuity and Benefit Fund was closed to new entrants. The final pre-1947 member retired in 1989.

The Principal Mutual Life Insurance Company made a proposal to provide annuities guaranteeing benefit payments to entrants and widows, exclusive of duty disability benefits, beginning in February 1990 in consideration of a single premium payment on January 31, 1990, in the amount of \$20,419,207. The Retirement Board of the Firemen's Annuity and Benefit Fund and the Common Council authorized acceptance of the proposal and payment of the required premium on December 19, 1989. The Retirement Board and the Firemen's Annuity and Benefits Fund ceased to exist. The City will be liable to pay retirement benefits if the insurance company defaults on its obligations under then policy.

#### POLICEMEN'S ANNUITY AND BENEFIT FUND

The Policemen's Annuity and Benefit Fund is established pursuant to section 35 of the Milwaukee City Charter.

Membership in the Policemen's Annuity and Benefit Fund consists of all Police Department employees whose service commenced prior to July 29, 1947. At January 31, 2005 there were no active members and approximately 193 retired members or survivors receiving payment.

Current funding is derived from employer contributions. There is an unfunded past service liability for the Policemen's Annuity and Benefit fund at year-end 2004 in the amount of \$1,930,535 per the Policemen's Annuity and Benefit Fund's Annual Actuarial Statement dated December 31, 2004.

Assets of the Policemen's Annuity and Benefit Fund at December 31, 2004, totaled \$5,281,524 per Actuary Gucciardi Benefit Resources report of December 31, 2004.

In May 2005, the Board of the Policemen's Annuity benefit Fund approved an increase in benefits effective January 2006. The proposal has been sent to the Common Council for approval. If approved as proposed, the increase in benefits will increase the unfunded past service liability by an estimated \$600,000. The proposed also includes provisions to extend the amortization period of unfunded past service liability from 5 years to 10 years.

## INVESTMENT POLICIES

The City may invest any of its funds not immediately needed in accordance with Section 66.0603 of the Wisconsin Statutes. The City, through Common Council Resolution 930358, adopted July 6, 1993, has instructed the City Treasurer to invest City funds, including Milwaukee Public Schools (MPS) funds, in: (a) Certificates of Time Deposit at approved public depositories limited to the equity capital or net worth of the financial institution with collateralization required when total deposits at any institution exceed \$500,000; (b) Repurchase Agreements with public depository institutions; (c) the State of Wisconsin Local Government Investment Pool; (d) U.S. Treasury and Agency instruments; and (e) commercial paper which has a rating in the highest or second highest rating category assigned by Standard & Poor's Ratings Group, Moody's Investors Service, Inc., or some other similar nationally recognized rating agency.

To the extent possible, the City Treasurer attempts to match investments with anticipated cash flow requirements. No limits have been placed on how much of the portfolio can be invested in any of the above investment categories.

The State of Wisconsin Investment Board ("*SWIB*") provides the Local Government Investment Pool as a subset of the State Investment Fund (the "*Fund*"). The Local Government Investment Pool includes deposits from elective participants consisting of over 1,000 municipalities and other public entities. The Fund also consists of cash balances of participants required to keep their cash balances in the Fund. These required participants include the State General Fund, State agencies and departments and Wisconsin Retirement System reserves. The Local Government Investment Pool portion of the Fund is additionally secured as to credit risk.

The Local Government Investment Pool is a local option City depository. The City utilizes the Local Government Investment Pool in a manner similar to a "money market" account. When other investment options provide more favorable results, such options are utilized. As of January 31, 2005, the City had approximately 29.7% (\$148.6 million) of its and MPS's investments deposited in the Local Government Investment Pool.

SWIB invests the assets of the Fund, which includes assets of the Local Government Investment Pool. Overall policy direction for SWIB is established by an independent, eight-member Board of Trustees (the "*Trustees*"). The Trustees establish long-term investment policies, set guidelines for each investment portfolio and monitor investment performance.

The objectives of the Fund are to provide (in order of priority) safety of principal, liquidity, and a reasonable rate of return. The Fund includes retirement trust funds cash balances pending longer-term investment by other investment divisions. The Fund also acts as the State's cash management fund and provides the State's General Fund with liquidity for operating expenses. The Fund is strategically managed as a mutual fund with a longer average life than a money market fund. This strategic advantage is made possible by the mandatory investment of State funds for which the cash flow requirements can be determined significantly in advance. Because of the role played by the Fund, the cash balances available for investment vary daily as cash is accumulated or withdrawn from various funds.

A copy of SWIB's annual report may be obtained by submitting a written request to the State of Wisconsin Investment Board, P.O. Box 7842, Madison, Wisconsin 53707-7842.

*Instruments of Owners.* (a) Any instrument required by the Indenture to be executed by Owners may be in any number of writings of similar tenor and may be executed by Owners in person or by agent appointed in writing. Proof of the execution of any such instrument or of the writing appointing any such agent and of the ownership of Bonds given in any of the following forms is sufficient for any of the purposes of the Indenture:

(1) A certificate of any officer in any jurisdiction who by law has power to take acknowledgments within such jurisdiction that the person signing such writing acknowledged before him/her the execution thereof;

(2) A certificate executed by any trust company or bank stating that at the date thereof the party named therein did exhibit to an officer of such trust company or bank, as the property of such party, the Bonds therein mentioned.

(b) The Trustee may rely on such an instrument of Owners unless and until the Trustee receives notice in the form specified above that the original such instrument is no longer reliable. If the Trustee receives conflicting directions from two or more groups of Owners, each with combined holdings of not less than 25% of the principal amount of Outstanding Bonds, the directions given by the group of Owners which holds the largest percentage of Bonds are controlling and the Trustee shall follow such directions to the extent required herein.

*Several Capacities.* Anything in the Indenture to the contrary notwithstanding, the same entity may serve hereunder as the Trustee, the Letter of Credit Bank, the Liquidity Provider, the Paying Agent, the Registrar and the Remarketing Agent and in any other combination of such capacities, to the extent permitted by law.

#### DEFAULT PROVISIONS; REMEDIES OF TRUSTEE AND BONDHOLDERS

*Defaults and Remedies.* Upon the occurrence of:

- (1) default in the payment of any interest on any Bond when due and payable; or
- (2) default in the payment of the principal of any Bond when due and payable;

the Trustee may, and if requested in writing by the registered owners of not less than twenty-five percent (25%) in aggregate principal amount of Bonds then Outstanding shall seek to obtain a writ of mandamus from a court of competent jurisdiction requiring the City to assess, levy and collect a tax upon all taxable property within the City, over and above all other taxes, authorized or limited by law and without limitation as to rate or amount, sufficient to pay when due the principal of and interest on the Bonds.

*Other Remedies; Rights of Bondholders.* Upon the occurrence of a failure of the City to observe any of its other covenants, conditions or agreements under the Indenture for a period of thirty (30) days after receipt of written notice (unless the Trustee shall agree in writing to an extension of such time prior to its expiration), specifying such failure and requesting that it be remedied, given by the Trustee to the City, or in the case of any such default which cannot with due diligence be cured within such thirty (30) day period, failure of the City to proceed promptly to cure the same and thereafter prosecute the curing of such default with due diligence, the Trustee may proceed to protect and enforce its rights and the rights of the Bondholders by mandamus or other action, suit or proceeding at law or in equity for specific performance of any agreement herein contained.

Upon the occurrence of a default, if requested to do so by the holders of twenty-five percent (25%) in aggregate principal amount of Bonds then Outstanding and the provision of indemnity satisfactory to the Trustee, the Trustee shall exercise such one or more of the rights and remedies conferred in this section as the Trustee, upon being advised by counsel, shall deem most expedient in the interests of the Bondholders.

*Right of Bondholders to Direct Proceedings.* Anything in the Indenture to the contrary notwithstanding, the Holders of a majority in aggregate principal amount of Bonds then Outstanding shall have the right, at any time, by an instrument or instruments in writing executed and delivered to the Trustee, to direct the method and place of conducting all proceedings to be taken in connection with the enforcement of the terms and conditions of the Indenture or any other proceedings hereunder; *provided, however,* that such direction shall not be otherwise than in accordance with the provisions of law and of the Indenture.

*Remedies Vested in Trustee.* All rights of action (including the right to file proof of claims) under the Indenture or under any of the Bonds may be enforced by the Trustee without the possession of any of the Bonds or the production thereof in any trial or other proceeding relating thereto and any such suit or proceeding instituted by the Trustee may be brought in its name as Trustee without the necessity of joining as plaintiffs or defendants any holders of the Bonds, and any recovery of judgment shall be for the equal benefit of the holders of the Outstanding Bonds.

*Unconditional Right to Receive Principal, Premium and Interest.* Nothing in the Indenture shall affect or impair the right of any Bondholder to enforce, by action at law, payment of the principal of, premium, if any, or interest on any Bond at and after the maturity thereof, or on the date fixed for redemption or on the same being declared due prior to maturity as herein provided, or the obligation of the Trustee on behalf of the City to pay the principal of, premium, if any, and interest on

each of the Bonds to the respective holders thereof at the time, place, from the source and in the manner herein and in the Bonds expressed.

*Termination of Proceedings.* In case the Trustee shall have proceeded to enforce any right under the Indenture and such proceedings shall have been discontinued or abandoned for any reason or shall have been determined adversely to the Trustee, then and in every such case the City and the Trustee shall be restored to their former positions and rights hereunder, and all rights, remedies and powers of the Trustee shall continue as if no such proceedings had been taken.

*Waivers of Events of Default.* The Trustee, in its discretion, may waive any default hereunder and its consequences and shall do so at the written request of the holders of a majority in aggregate principal amount of Bonds then Outstanding; provided, however, that there shall not be waived without the consent of the holders of all Bonds then Outstanding (A) any default in the payment of the principal of any Outstanding Bonds (whether at maturity or otherwise), or (B) any default in the payment when due of the interest on any such Bonds unless, prior to such waiver or rescission,

(1) there shall have been paid or provided for all arrears of interest in respect of which such default shall have occurred, all arrears of principal and premium, if any, and all expenses of the Trustee in connection with such default, and

(2) in case of any such waiver or in the case of any discontinuance, abandonment or adverse determination of any proceeding taken by the Trustee on account of any such default, the City the Trustee and the Bondholders shall be restored to their former positions and rights hereunder respectively.

No such waiver or rescission shall extend to any subsequent or other default or impair any right consequent thereon.

#### DISCHARGE

*Discharge.* On payment in full of all of the Bonds, these presents shall cease, determine and be discharged, and then the Trustee, on receipt by the Trustee of a Favorable Opinion of Bond Counsel stating that all conditions precedent to the satisfaction and discharge of the Indenture have been complied with, shall (i) cancel and discharge the Indenture, (ii) assign and deliver to the City any money held by it relating to the Bonds and (iii) return any Liquidity Facility to the Liquidity Facility Provider and the Letter of Credit to the Letter of Credit Bank; *provided, however,* that the cancellation and discharge of the Indenture does not terminate the powers and rights granted to the Trustee, the Registrar, the Remarketing Agent and the Paying Agent with respect to the payment, registration of transfer and exchange of the Bonds. If the Bonds are rated by a Rating Agency, the Trustee shall furnish such Rating Agency notice of payment in full of the Bonds.

*Provision for Payment of Bonds.* (a) Bonds are deemed to have been paid within the meaning of the immediately preceding paragraph if:

(1) there has been irrevocably deposited with the Trustee (assuming that the Bonds, or a Tranche thereof, bear interest at the Maximum Bond Rate during any period during which the interest rate on such Bonds, or a Tranche thereof, may change) either (A) sufficient money to pay the principal and interest due on all Outstanding Bonds or (B) Government Obligations

of such maturities and interest payment dates and bearing such interest as will, in the opinion of a firm of independent certified public accountants or other verification agent acceptable to the Trustee and the City, without further investment or reinvestment of either the principal amount thereof or the interest earnings thereon (such earnings also to be held in trust), be sufficient together with any moneys referred to in subsection (a)(i)(A) above, for the payment at their respective maturities or redemption or tender dates before maturity of the principal thereof and the redemption premium, if any, and interest to accrue thereon at such maturity or redemption or tender dates, as the case may be;

(2) there has been paid or provision duly made for the payment of all fees and expenses of the Trustee, the Registrar, the Paying Agent, the Liquidity Facility Provider, the Letter of Credit Bank, if any, and the Remarketing Agent due or to become due, including all amounts due with respect to the Liquidity Facility Provider Bonds, if any; and

(3) if any Bonds are to be redeemed on any date before their maturity, the Trustee has received in form satisfactory to it irrevocable instructions from the City to redeem such Bonds on such date and either evidence satisfactory to the Trustee that all redemption notices required by the Indenture have been given or irrevocable power authorizing the Trustee to give such redemption notices has been granted to the Trustee.

(b) Limitations set forth regarding the investment of moneys held by the Trustee are not to be construed as preventing the deposit and holding of the obligations described in subsection (a)(i)(B) above for the purpose of defeasing the Indenture as to Bonds which have not yet become due and payable. Notwithstanding any other provision of the Indenture to the contrary, all money deposited with the Trustee as provided may be invested and reinvested, at the direction of the City, in Government Obligations, and all income from all Government Obligations in the hands of the Trustee under this Section which is not required for the payment of the Bonds and interest thereon with respect to which such moneys have been so deposited shall be delivered to the City. Notwithstanding the foregoing provisions of this subsection (b), if the Bonds are rated by S&P at the time a deposit is made under subsection (a)(i)(A) above, such money may be invested solely in non-callable Government Obligations maturing no later than the earlier of the Redemption Date or the Maturity Date, and no defeasance may be effective unless the Trustee has received written confirmation from each Rating Agency then maintaining a rating on the Bonds that the ratings then in effect on the Bonds will not be reduced or withdrawn as a result of such deposit.

(c) Notwithstanding any other provision of the Indenture to the contrary, if a Bond has been deemed to be paid and the Owner of such Bond delivers a tender notice with respect to such Bond that would result in the occurrence of a purchase date for such Bond before its Maturity Date or Redemption Date: (A) the Remarketing Agent shall not remarket such Bond, (B) the Remarketing Agent shall notify the Trustee by the third Business Day before such purchase date for such Bond that it has received a tender notice with respect to such Bond, (C) the Trustee shall transfer to the Remarketing Agent, not later than 1:00 p.m., New York City time, on such purchase date for such Bond, money from the deposit made under subsection (a)(i)(A) above sufficient to pay the purchase price of such Bond, (D) the Remarketing Agent shall purchase such Bond on such purchase date applicable to such Bond, and (E) such Bond shall be delivered to the Trustee for cancellation and shall be cancelled.

## AMENDMENTS TO THE INDENTURE

(a) The Indenture may be amended, at any time or from time to time, without the consent of the Owners of the Outstanding Bonds, (i) for the purpose of making changes in the provisions relating to the characteristics and operational provisions of the Adjustable Interest Rates, (ii) in order to provide for and accommodate any Letter of Credit, any Alternate Letter of Credit, any Liquidity Facility or any Alternate Liquidity Facility, (iii) pursuant to written advice of Bond Counsel, in order to preserve the exemption from federal income taxation of the interest on the Bonds, and (iv) in connection with any changes in Adjustable Interest Rates with respect to the Bonds, for the purpose of making any changes with respect to the Adjustable Interest Rates as they affect the Bonds. Each such amendment shall become effective with respect to the Bonds on the change in an Adjustable Interest Rate next following the filing of a copy thereof with the Trustee, the Remarketing Agent, the Letter of Credit Bank and the Liquidity Facility Provider, together with a Favorable Opinion of Bond Counsel. No such amendment which is reasonably believed by the Trustee, the Remarketing Agent, the Letter of Credit Bank or the Liquidity Facility Provider to adversely affect its rights, immunities and duties hereunder shall be effective without the written consent thereto of the Trustee, the Remarketing Agent, the Letter of Credit Bank or the Liquidity Facility Provider, as the case may be. Without limitation of the foregoing, (x) any provision of the Indenture expressly recognizing or granting rights in or to the Letter of Credit Bank may not be amended in any manner which affects the rights of the Letter of Credit Bank hereunder without the prior written consent of the Letter of Credit Bank and (y) any provision of the Indenture expressly recognizing or granting rights in or to the Liquidity Facility Provider may not be amended in any manner which affects the rights of the Liquidity Facility Provider hereunder without the prior written consent of the Liquidity Facility Provider.

(b) The Owners of all Bonds then Outstanding, with the consent of the Liquidity Facility Provider, if any, and with the consent of the Letter of Credit Bank, if any, have the right, from time to time, anything contained in the Indenture to the contrary notwithstanding and to the extent permitted by law, to consent to and direct the execution by the Trustee of such amendments as the City in its sole discretion shall consent to for the purpose of modifying, altering, amending, adding to or rescinding, any of the terms or provisions contained in the Indenture; *provided, however*, a modification or change in the duties of the Trustee shall require the consent of the Trustee. If the Bonds are rated by a Rating Agency, the Trustee shall furnish copies of all amendments to such Rating Agency.

FORM OF OPINION OF CO-BOND COUNSEL

Mr. W. Martin Morics  
City Comptroller of the City  
of Milwaukee  
Room 404, City Hall  
Milwaukee, Wisconsin 53202

Re: \$25,000,000  
City of Milwaukee, Wisconsin  
Variable Rate General Obligation Corporate Purpose Bonds,  
Series 2005 V8

---

Dear Sir:

At your request, we have examined into the validity of an issue of \$25,000,000 Variable Rate General Obligation Corporate Purpose Bonds, Series 2005 V8 (the “*Bonds*”), of the City of Milwaukee, Wisconsin (the “*City*”). Such Bonds may bear interest in an Auction Rate Mode, Daily Interest Rate Mode, Weekly Interest Rate Mode, Short Term Interest Rate Mode, Long Term Interest Rate Mode and Fixed Interest Rate Mode (collectively, “*Modes*”), which are defined in and subject to change from time to time among Modes in accordance with the Indenture (defined below) and are payable as to interest on the interest payment dates established with respect to each of the Modes established in the Indenture. Separate tranches of Bonds may bear interest in different Modes simultaneously in accordance with the Indenture. Unless and except as the context shall otherwise require, all terms used in this opinion which are defined in the Resolution (defined below) and the Indenture shall have the respective meanings given to them in the Resolution and the Indenture.

The Bonds shall be issued as fully registered bonds. The Bonds shall be issuable solely in Authorized Denominations as more specifically provided in the Indenture. The Bonds shall initially be issued in the Weekly Interest Mode and bear interest at the Weekly Interest Rate. The Bonds shall mature on February 1, 2025.

The Bonds are subject to optional redemption and mandatory sinking fund redemption as more specifically provided in the Indenture, upon notice thereof as provided therein. The Bonds are also subject to optional and mandatory purchase under certain circumstances as provided in the Indenture.

The Bonds recite that they are issued for the purpose of financing certain projects pursuant to and in all respects in compliance with Chapters 65 and 67 of the Wisconsin Statutes, and acts supplementary thereto, the Charter of the City, resolutions duly adopted by the Common Council of the City and the Commissioners of the Public Debt of the City, including particularly the Resolution duly adopted by such Council on November 15, 2005 (the “*Resolution*”) and the Trust Indenture dated as of November 1, 2005 between the City and J.P. Morgan Trust Company, National Association, as Trustee (the “*Indenture*”). We have examined the Constitution and statutes of the

State of Wisconsin, the Charter of the City, a certified transcript of proceedings relating to the authorization and issuance of the Bonds and a specimen Bond. We have relied upon such transcript as to the matters of fact stated therein, without independent verification.

We have not been engaged or undertaken to review the accuracy, completeness or sufficiency of the Official Statement or other offering material relating to the Bonds, and we express no opinion relating thereto.

In our opinion, the Bonds have been authorized and issued in accordance with the Constitution and statutes of the State of Wisconsin and the Charter of the City, and constitute valid and legally binding obligations of the City, and the City has power and is obligated to levy ad valorem taxes for the payment of the Bonds and the interest thereon upon all property within the City subject to taxation by the City, without limitation of rate or amount.

It is to be understood that the rights of the holders of the Bonds, and the enforceability thereof, may be subject to judicial discretion, to the exercise of the sovereign police powers of the State of Wisconsin and to valid bankruptcy, insolvency, reorganization, moratorium and other laws for the relief of debtors.

It is also our opinion that, under existing statutes and court decisions and assuming compliance with certain tax covenants, interest on the Bonds is excluded from gross income for Federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the “Code”), and interest on the Bonds is not treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code; such interest, however, is included in the adjusted current earnings of certain corporations for purposes of calculating the alternative minimum tax imposed on such corporations. In rendering this opinion, we have relied on certain representations, certifications of fact, and statements of reasonable expectations made by the City and others in connection with the Bonds, and we have assumed compliance by the City with certain ongoing covenants to comply with applicable requirements of the Code to assure the exclusion of interest on the Bonds from gross income under Section 103 of the Code.

We express no opinion regarding any other Federal or state tax consequences with respect to the Bonds. We have rendered this opinion under existing statutes and court decisions as of the issue date, and assume no obligation to update this opinion after the issue date to reflect any future action, fact or circumstance, or change in law or interpretation, or otherwise. We express no opinion on the effect of any action taken in reliance upon an opinion of other counsel on the exclusion from gross income for Federal income tax purposes of interest on the Bonds.

Very truly yours,

### **ARTICLE IV**

#### **TERMINATION, AMENDMENT AND ENFORCEMENT**

*Section 4.1. Termination.* (a) The City's obligations under this Certificate with respect to an Offered Obligation shall terminate upon legal defeasance, prior redemption or payment in full of the Offered Obligation.

(b) This Certificate or any provision hereof, shall be null and void in the event that the City (1) delivers to the City an opinion of Counsel, addressed to the City, to the effect that those portions of the Rule which require the provisions of this Certificate or any of such provisions, do not or no longer apply to the Offered Obligations, whether because such portions of the Rule are invalid, have been repealed, or otherwise, as shall be specified in such opinion, and (2) delivers copies of such opinion to each NRMSIR and the SID.

*Section 4.2. Amendment.* (a) This Certificate may be amended, by written certificate of the Comptroller, without the consent of the Security Holders if all of the following conditions are satisfied: (1) such amendment is made in connection with a change in circumstances that arises from

a change in legal (including regulatory) requirements, a change in law (including rules or regulations) or in interpretations thereof, or a change in the identity, nature or status of the City or the type of business conducted thereby; (2) this Certificate as so amended would have complied with the requirements of the Rule as of the date of this Certificate, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; (3) the City shall have received an opinion of Counsel addressed to the City, to the same effect as set forth in clause (2) above and further to the effect that the amendment does not materially impair the interests of the Security Holders; and (4) the City delivers copies of such opinion and amendment to each NRMSIR and the SID.

(b) In addition to subsection (a) above, this Certificate may be amended and any provision of this Certificate may be waived, without the consent of the Security Holders, if all of the following conditions are satisfied: (1) an amendment to the Rule is adopted, or a new or modified official interpretation of the Rule is issued, after the effective date hereof which is applicable to this Certificate; (2) the City shall have received an opinion of Counsel to the effect that performance by the City under this Certificate as so amended or giving effect to such waiver, as the case may be, will not result in a violation of the Rule; and (3) the City shall have delivered copies of such opinion and amendment to each NRMSIR and the SID.

(c) To the extent any amendment to this Certificate results in a change in the types of financial information or operating data provided pursuant to this Certificate, the first Annual Financial Information provided thereafter shall include a narrative explanation of the reasons for the amendment and the impact of the change.

(d) If an amendment is made to the accounting principles to be followed in preparing financial statements, other than changes prescribed by GASB, the Annual Financial Information for the year in which the change is made shall present a comparison between the financial statements or information prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles. Such comparison shall include a qualitative and, to the extent reasonably feasible, quantitative discussion of the differences in the accounting principles and the impact of the change in the accounting principles on the presentation of the financial information. Notice of any such amendment shall be provided by the City to (i) either the MSRB or each NRMSIR, and (ii) the SID.

*Section 4.3. Benefit; Third-Party Beneficiaries; Enforcement.* (a) The provisions of this Certificate shall constitute a contract with and inure solely to the benefit of the Security Holders. Beneficial owners of Offered Obligations shall be third-party-beneficiaries of this Certificate.

(b) Except as provided in this subparagraph (b), the provisions of this Certificate shall create no rights in any person or entity. The obligations of the City to comply with the provisions of this Certificate shall be enforceable by the Security Holders, including beneficial owners of Offered Obligations. The Security Holders' rights to enforce the provisions of this Certificate shall be limited solely to a right, by action in mandamus or for specific performance, to compel performance of the City's obligations under this Certificate and the Resolution. In consideration of the third-party beneficiary status of beneficial owners of Offered Obligations pursuant to subsection (a) of this Section, beneficial owners shall be deemed to be Security Holders for purposes of this subsection (b).

(c) Any failure by the City to perform in accordance with this Certificate shall not constitute a default under the Resolution and any rights and remedies provided by the Resolution upon the occurrence of a default shall not apply to any such failure.

(d) This Certificate shall be construed and interpreted in accordance with the laws of the State, and any suits and actions arising out of this Certificate shall be instituted in a court of competent jurisdiction in the State; *provided, however*, that to the extent this Certificate addresses matters of federal securities laws, including the Rule, this Certificate shall be construed in accordance with such federal securities laws and official interpretations thereof.
