RE: Denial of claim

Mr. Overholt / Mr. Langley:

In regards to your denial of my claim (C.I. File #03-S-89) , though there were no witnesses (other than the worker involved) , there is clearly evidence which shows the Sanitation Dept. to be at fault.

On the day of the damage my girlfriend came home & noticed that the recyclables cart was in front of my house. She asked how they could have gotten the cart between the car & the fence or the car & the house, because there did not seem to be enough room. We went to check the clearance & found the damage to the car & house. As I explained to the Sanitation Dept. investigator, I was especially upset because I was home at the time and could have easily moved the car.

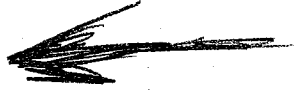

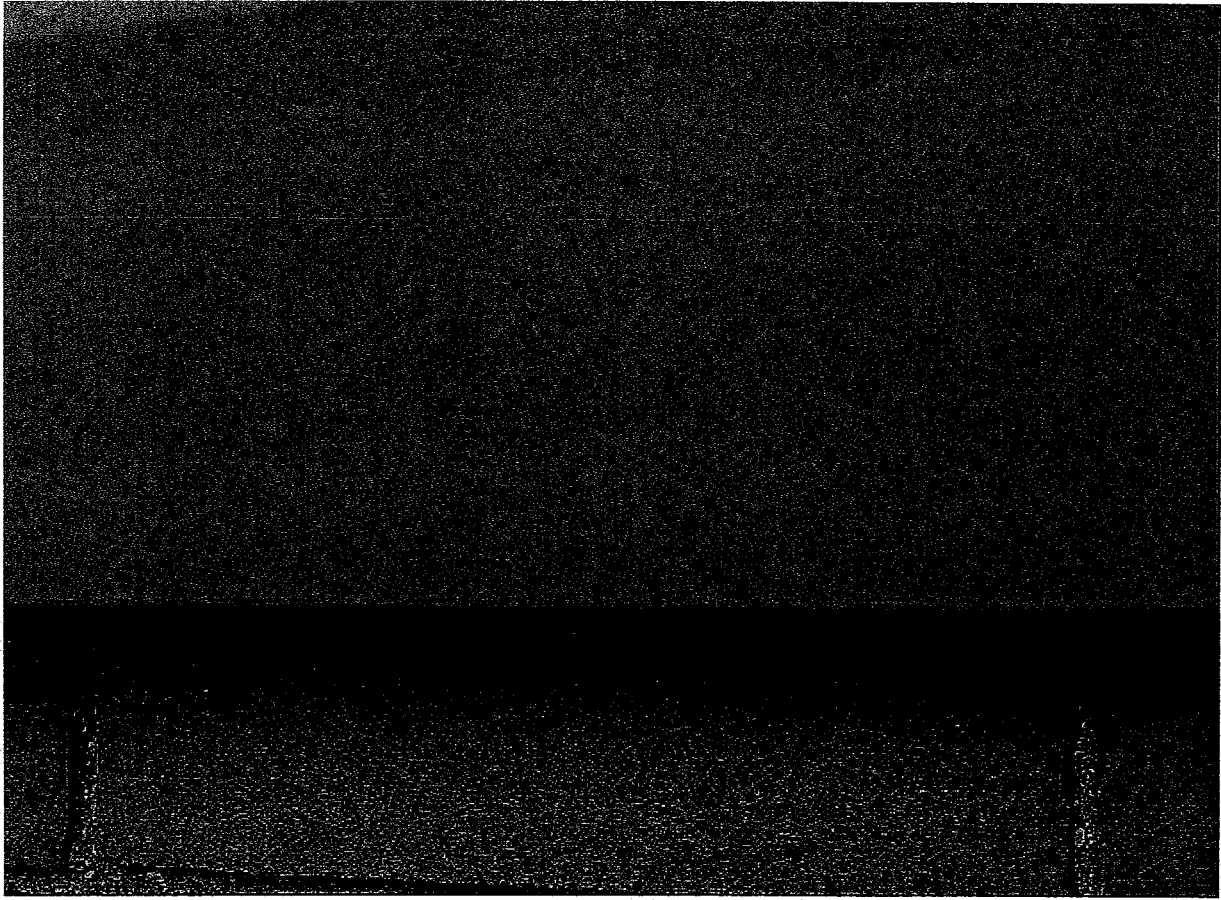

No evidence was submitted to you because the investigator for the Sanitation Dept. took pictures of the scene. He indicated that from his assessment he agreed that the City seemed to be at fault. I also took pictures of the damage and have enclosed copies. As you can see from the photos, the damage to the vehicle & the house is at the same height (the height of the cart on two wheels) & you can see blue plastic scuffed onto the car's mirror.

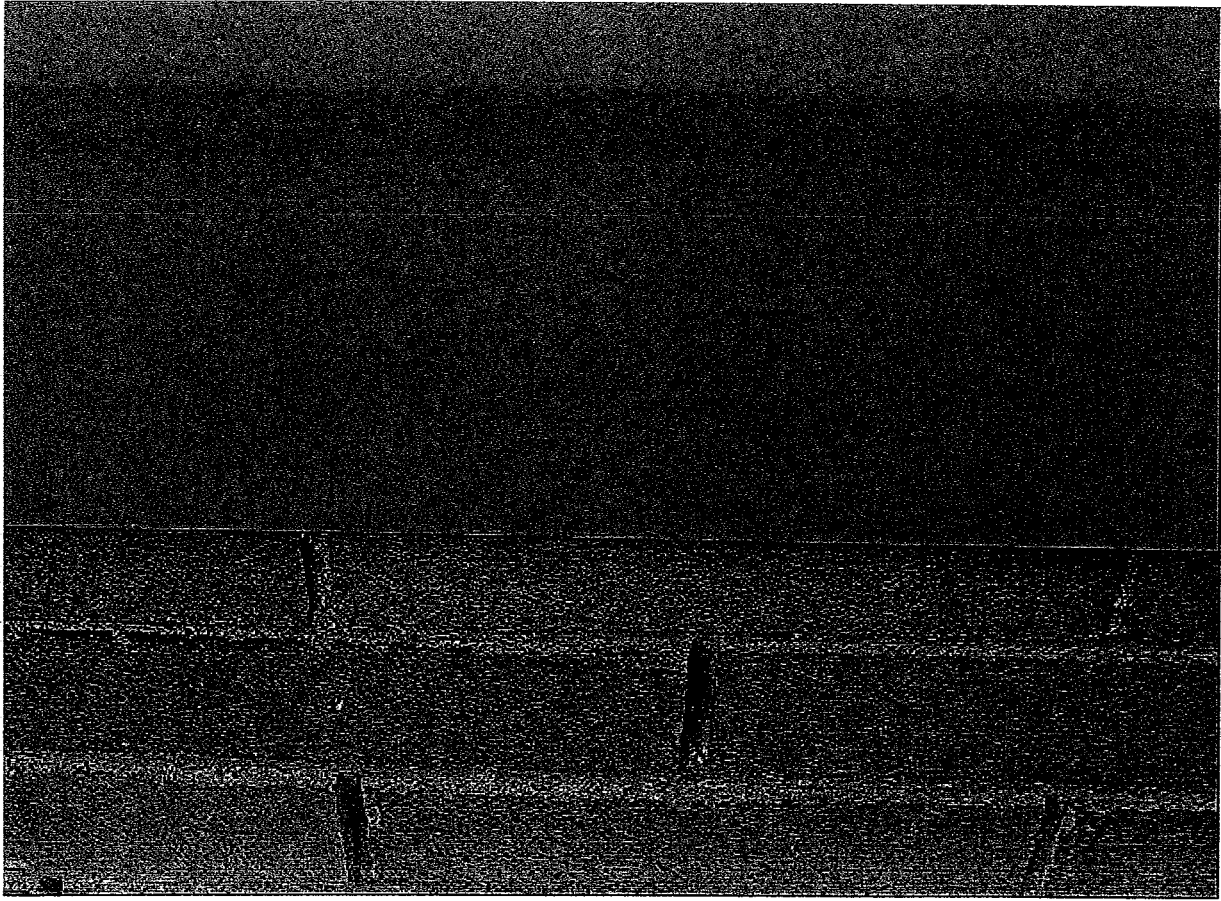

If after you review this letter & accompanying photos you still deny this claim, I most certainly would like to appeal & request a hearing.

Thank You,

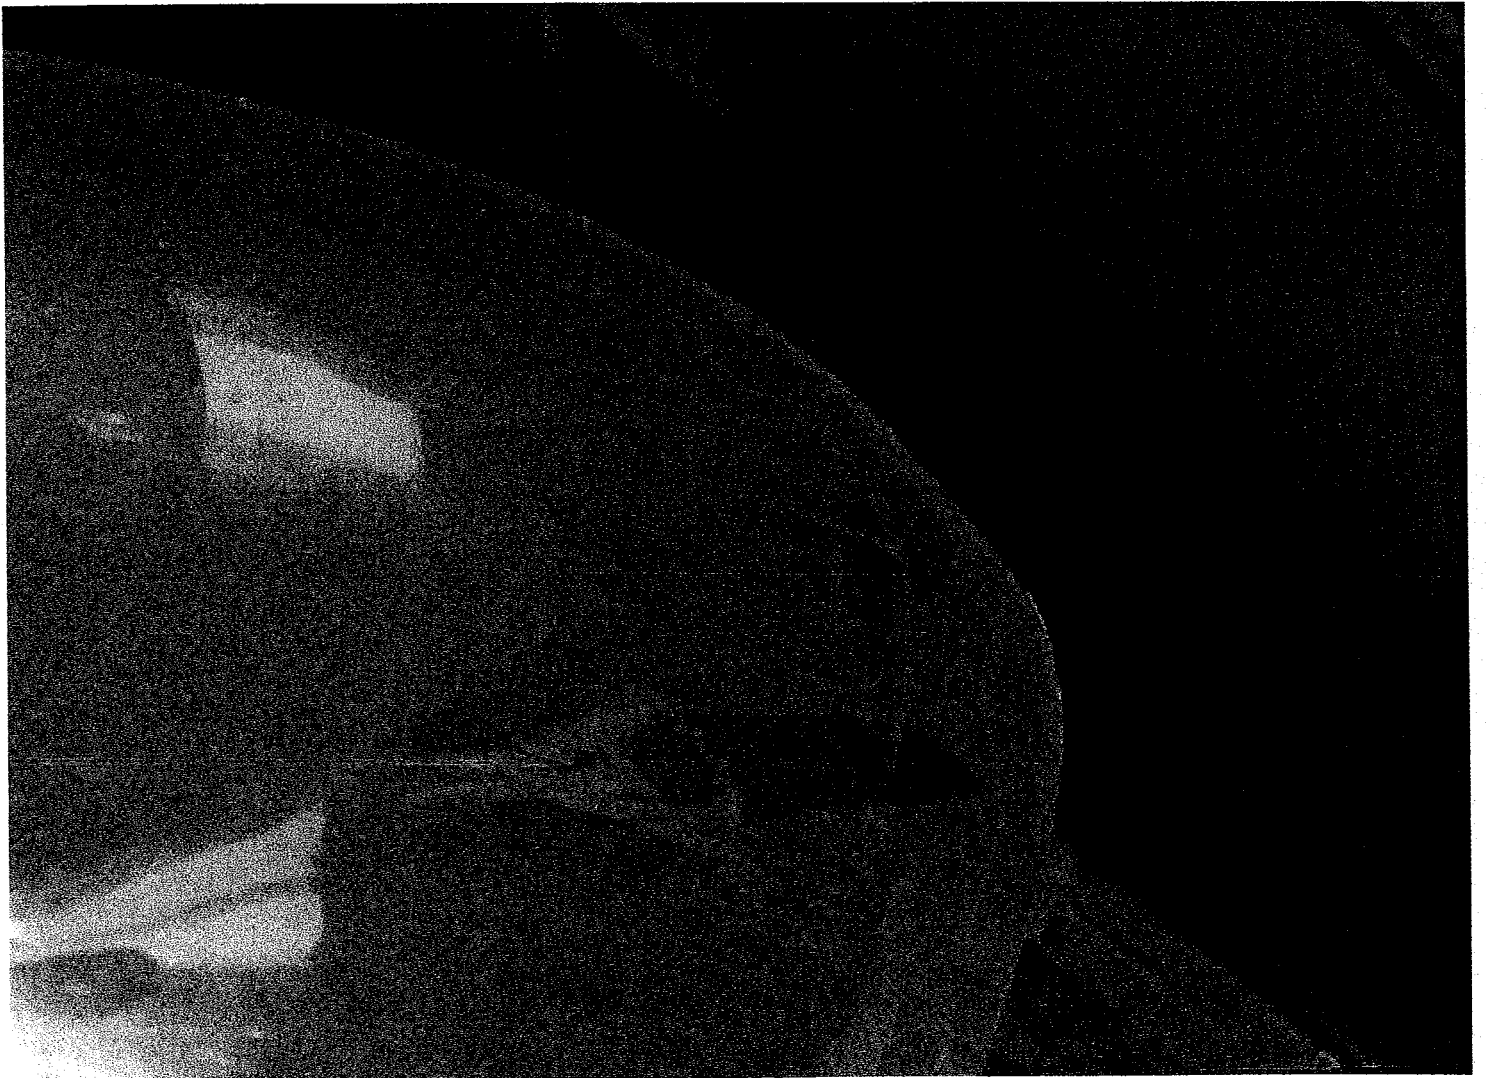

Craig A. Calewart

Subject: Submission of repair estimates for damage done by Sanitation Dept

To Whom It May Concern:

I recently spoke with Bob Overholt of the City Clerks office regarding damage done to my property by the City of Milwaukee Sanitation Dept. He told me to submit my repair estimates for approval by the city.

The damage occurred when a sanitation worker moved my garbage cart between my house & car, scratching the mirror of the car & denting a section of aluminum siding on my house. An inspector from the Sanitation dept. surveyed the damage after it occurred.

I have two previous letters regarding this matter on file at the City Clerks office.

Thank You,

Craig A. Calewart
