 Grant Continuation  
 Change in Previously Approved Grant

Previous Council File No.

Previous Council File No.

Project/Program Title: Energy conservation and lead abatement

Grant Agency: We Energies

Grant Application Date: 05/23/06

Anticipated Award Date: 07/01/06

Please provide the following information:

1. Description of Grant Project/Program (Include Target Locations and Populations):

Financial support from We Energies will allow MHD CLPPP grant dollars for window lead abatement to be used to encourage owners to upgrade to insulated windows. The (lead abatement) window work will take the form of installing new insulated Energy Star replacement windows conforming to the CLPPP specifications and standards.

Using \$1,152,000 from the MHD and a proposed \$360,000 from We Energies, the MHD CLPPP proposes to facilitate window replacement/lead hazard reduction in 600 housing units by installing new insulated Energy Star rated replacement windows.

2. Relationship to City-wide Strategic Goals and Departmental Objectives:

This collaboration is an outgrowth of the Mayor's Green Team Initiative. This funding will simultaneously abate windows and conserve energy through funding for window replacements.

3. Need for Grant Funds and Impact on Other Departmental Operations (Applies only to Programs):

We Energies funding will support an upgrade from window refurbishing to window replacement.

4. Results Measurement/Progress Report (Applies only to Programs):

- Number of additional lead safe housing units produced.
- Funds leveraged.
- Energy efficiency.

5. Grant Period, Timetable and Program Phase-out Plan:

July 1, 2006 through December 31, 2006

6. Provide a List of Subgrantees:

Lead Abatement Contractors
