Subject: File # 060638 - Recommendations of the Outstanding Debt Tax Force

Please be advised that the Comptroller's Office will be responding to recommendations one and two.

Regarding recommendation five, the 2007 inrem foreclosure action is on schedule and will be filed in Milwaukee County Circuit Court in April. Next fall, after judgment is entered, this office will be able to report on those taxpayers who redeemed their property during the redemption and answer periods in 2006 and 2007, as it did last October on the 2005 and 2006 foreclosure files.

In regards to recommendation six, please be advised that the Tax Refund Intercept Program, or TRIP, was included in the new collection services contract and TRIP will be utilized as an additional post-judgment collection option for delinquent personal property tax accounts and "do not acquire", or DNA, delinquent real estate tax accounts.

Respectfully submitted,

Jim Klajbor

Special Deputy City Treasurer
