Chris,

Please consider adding the attachments and the note and link below to the notes. Thank you so much.

Northwest Trail Connections Plan

Milwaukee County Parks recognizes the need for a connecting trail system in the northwest neighborhoods of the County and is pleased to kick off the Northwest Trail Connections Plan.

Show us where there are gaps in the current trail network and where you think new trail segments should go.

Head to the project website at <https://tooledesign.github.io/NWTConnections/> by December 15th to take a survey and click on an on-line map. Please share with your networks.

Kohl Park Oak Leaf Trail extension is estimated to be built by 2026.
