SIA RPP Apprentice Inclusion

SBE & RPP Inclusion Quarterly Report Summary – September 30, 2020

Our strategies to meet RPP Requirement by project conclusion:

- Verifying the RPP status of each worker that lives in the City of Milwaukee to capture any worker hours that should be classified as RPP
- Updating RPP status of any worker that is RPP certified
- Verifying the Apprenticeship status of each employee
- Following through with subcontractors to upload OJT plans for employees
- Requiring future contractors to meet or exceed the 40% RPP requirement

As of November 30, 2020, RPP Inclusion with bonus* is 39.4%.

***Section III.A.2. of the HR Agreement reads,**

"In accordance with sec. 355-7-2-a-1 of the MCO, at least one-quarter of the 40% resident utilization requirement shall be performed by unemployed or underemployed residents who maintain their permanent residence in zip codes established as high-poverty. Every worker hour exceeding this requirement shall count for **1.5** hours toward the overall 40% resident utilization requirement for the PROJECT." (bold added)
