

Thur. Sept<sup>1st</sup> 2011

Dear Sir or Madam

I am appealing the decision regarding the case of the my beloved dog Lady who was killed, shot three times by the Milwaukee Police on March 25 2011. I came to City hall to file the claim in person but the building was closed on Friday Sept 2, 2011. I didnt received this letter until Aug 16, five days after the date of this letter. The police lied and is trying to cover up the incident, Sgt. Murphy himself admitted to me they shouldnt have allowed my dog to be shot. Animal Control could have controlled the situation. My dog was shot three times not once as stated on the report, The dogs were outside in a closed in yard so there was no use to force her in the basement of my home. My dog was a loving dog but was accosted by the police which she feared. My dog ran loose once and

hurt no one. Animal Control had get  
them when Lady slipped off her chain.  
The Milwaukee Police Dept is getting  
away with too much. On Feb 21, 2011  
Neighborhood Services forced me out of  
my home on 2464 A North 33st.  
The Police off. Scott R Lesniewski  
called Animal Control and took my dog  
& puppies to MADDOX. I told him my  
niece was picking them up on the  
weekend and I didn't have money  
to pay Maddox. He promised me  
he would get my dog back to  
me. When I called Maddox they  
wanted me to pay \$75.00 to retrieve  
my animals. I sold my computer to  
get my two adult dogs and one puppy.  
Maddox put 4 of my puppies to sleep.  
2 months earlier I saved them from  
Parvo a deadly puppy disease. I spent  
\$600.00 and endless amount of time  
saving them. I was sick myself  
working to saving them. The puppies  
was promised to family members  
in Chicago. My Niece Nichole Garrett  
talk to Off. Lesniewski, Lesniewski.

I have been treated very unfair  
by Milwaukee Police. They lied to  
me and allowed my puppies to  
put to sleep and killed their mother  
the next month. No one was  
punished for it. I'm the only  
victim. My dog Lady never harmed  
no one. I lost 1 dog and her four  
puppies thanks to Milwaukee Police.  
Please help me.

P.S. Please  
excuse my hand  
writing, I'm very  
upset...

CITY CLERK

In the early hour of March 29, 2011 police chased two robbery suspects in my home at 2151 N. 35th. My friend was across the street and left the door unlocked. The suspects ran into the house, and police followed them, not knowing the dogs were in the house one of the suspects ran out of the back door leaving it open. My dog ran out in the back yard. According to the report police gathered the dog and forced them back into the house. While the other suspect was still into the house. My Tan and white dog Lady ran into the house twice. While barking at police, because she was a trained guard dog, did what she was taught to do. Police fail to follow protocol and any methods of restraining my dog, instead forced her into the house only to shoot her three times, one was in her head. Animal Control was on site, the officers failed to use trained professional to get the dog. Nor did they care about the life of my dog who was in her own home defending it. They ~~should~~ showed no ~~restraint~~ restraint in saving my dog. The officers also lied on the report. Why would you force a dog back into the house only to kill her. I'm still severely depressed over her death. She was highly

trained and taught to command. She was four years old. I had her since a puppy. She protected me. In filing a \$1600.00 claim against the city of Milwaukee for the death of my beloved dog and companion Lady. Lady was more than just a guard dog she was my friend. I cried for six days. please give me justice

Thank you
