INSTALL STOP SIGNS ON
NORTH 80TH STREET AT
WEST AUER AVENUE

Dear Alderman Bohl:

This is in response to your request on behalf of Mr. Larry Danner to install the above-captioned traffic control restriction.

Our traffic engineering staff has investigated this request and found that a sight obstruction on the southwest corner of this intersection reduces the available safe approach speed. We, therefore, in the interest of public safety, recommend the installation of stop signs on North 80th Street at West Auer Avenue.

We will prepare the necessary legislation for the next Public Safety Committee meeting, so that you may support it to final passage.

Very truly yours,

Jeffrey S. Polenske, P.E.

Dear Alderman Sanchez:

This is in response to your request on behalf of a local resident to install the above-captioned traffic control restriction.

Our traffic engineering staff has investigated this request and found that the Milwaukee Police Department records show that five accidents were reported in less than 7 months. We, therefore, in the interest of public safety, recommend the installation of a four-way stop control on West Washington Street and South 17th Street.

We will prepare the necessary legislation for the next Public Safety Committee meeting, so that you may support it to final passage.

REMOVE ALL-WAY STOP SIGNS AT
WEST BOLIVAR AVENUE AND
SOUTH 6TH STREET

Dear Alderman Pawlinski:

As part of our on-going effort to verify field traffic control sign installation with ordinance records on file in the Legislative Reference Bureau, we have discovered that the signs for the above-captioned traffic control restriction are not present in the field, since this intersection is currently controlled by a traffic signal. This restriction is no longer needed and we recommend that the ordinance be repealed. The change we propose will only correct City ordinances and will not affect field signing, nor have any effect on your constituents.

Very truly yours,

Jeffrey S. Polenske, P.E.
City Engineer
