On 8-01-01:

Diamond Little and Catura Hawkins was sitting across the street in front of 5014 N. 54th when all of a sudden I observed them out of my front window on the side of the curb sitting and I guess talking. Before I could get to the door to tell them to get from under the tree the Big Branch came crashing down across their whole body cover them up. So they proceed to crawl from under it and came in the house. I immediately called Smith called the city. Diamond was complaining about Head and Shoulder injury Tina Barely could walk she was complaining about her Back. I immediately call her Aunt and advised her of what happen. Then I called city hall my alderman & the city of Milwaukee Fire Dept. But what the branch just got broken from the wind gust. I called the city and told them. Also I stop a yellow truck and told the

to get somebody out here to cut the branch down. The Truck I stopped was a yellow Truck with a lift ladder. I do not know what Dept of the city it was but. I later learned from the Guy who come out from the city that it was not the Forest Dept Truck I ~~had~~ told. But he knew what Dept the Truck come from. I never knew anything about the Forest Dept with the city. I just called the city number and had told them to come out and the Branch was hanging.

A woman received injury on several parts of her body. Also Catrina they both was taken to the doctor and received treatment and was told to follow up.

Doctor Bills are pending because they are still got to go. The fire was gotten up next day by city after they left.

In in the yard from pulling out the street. A neighbor observed the incident, and also.
