Prior to the application of this stain I was unaware of the certificate of appropriation process I have already applied stain to the brick and it would be almost impossible to remove the stain without any type of abrasive removal. I am seeking approval to change the exterior color of the brick and stucco listed on the property above. I will be using a high-quality stain from Sherwin-Williams. The purpose for using a stain instead of paint is to retain the texture of the brick and not obscure it. Choosing a stain will also allow the brick to "breathe freely" by allowing the brick to evaporate and not retain extra moisture which can lead to rapid deterioration.

6. SIGNATURE OF APPLICANT:
