Re: ShotSpotter Funding from the State of WI

You may recall that 2013 WI Act 263 authorized a one-time appropriation of \$175,000 that was to be expended on the annual subscription costs of ShotSpotter technology in 2015.

In the 2015-17 Wisconsin State Budget process, our office was able to secure an ongoing annual appropriation for the ShotSpotter subscription costs for 2016 and beyond. This appropriation was proposed by the Governor and approved by the Legislature and is now a base budget line item under the state Department of Justice schedule of appropriations. Barring future affirmative action by the State, the appropriation should be expected to be awarded to the Milwaukee Police Department on an annual basis indefinitely.

Please do not hesitate to contact me if you have questions or need further clarification related to the legislative aspects of the ShotSpotter annual appropriation grant.

Respectfully Submitted,
