Subject: Planned Data Center in Sherman Park

Some people who received this message don't often get email from molly.jane.sisson@gmail.com. [Learn why this is important](#)

Hello,

I am a resident of Cooper Park, just a few short miles from Sherman Park. I am horrified to hear of the plans of a potential data center being built so close to my home. Data centers are not only riddled with environmental issues, but also an incredible drag on energy costs. This should be concerning for all Milwaukeeans, especially with the cost of living rising rapidly this year on top of ever increasing energy costs.

I stand strongly opposed to the construction of this data center and any data center in the city of Milwaukee and the state of Wisconsin. Thank you.

Molly Sisson
