Subject: CC File #061291

An ordinance relating to designated areas in which cruising is prohibited.

Jim,

On Friday you requested that I check into the status of the forementioned file which had been held in Council on 2/27/07 pending a City Attorney Opinion.

After contacting Asst. City Attorney Kurt Behling via email, I received a telephone call from Deputy Inspector Anna Ruzinski informing me that she had spoken to the City Attorney and informed him that the file is no longer needed. She asked that I also relay the message to Ald. Witkowiak as the police department's email is still inoperable.

Greetings Kurt,

My name is Diana Morgan, I am the Staff Assistant for the Public Safety Committee.

The attached file was held in council on February 27, 2007 after receipt of a letter from your office dated February 23, 2007, requesting the matter be held over until the next council meeting for determination of whether the ordinance was legal and enforceable.

To date, we have not received a response.

Please review this matter and respond promptly so that the council may take the appropriate action.

Thank you in advance for your assistance.
