

Re-Imagining WIS 175

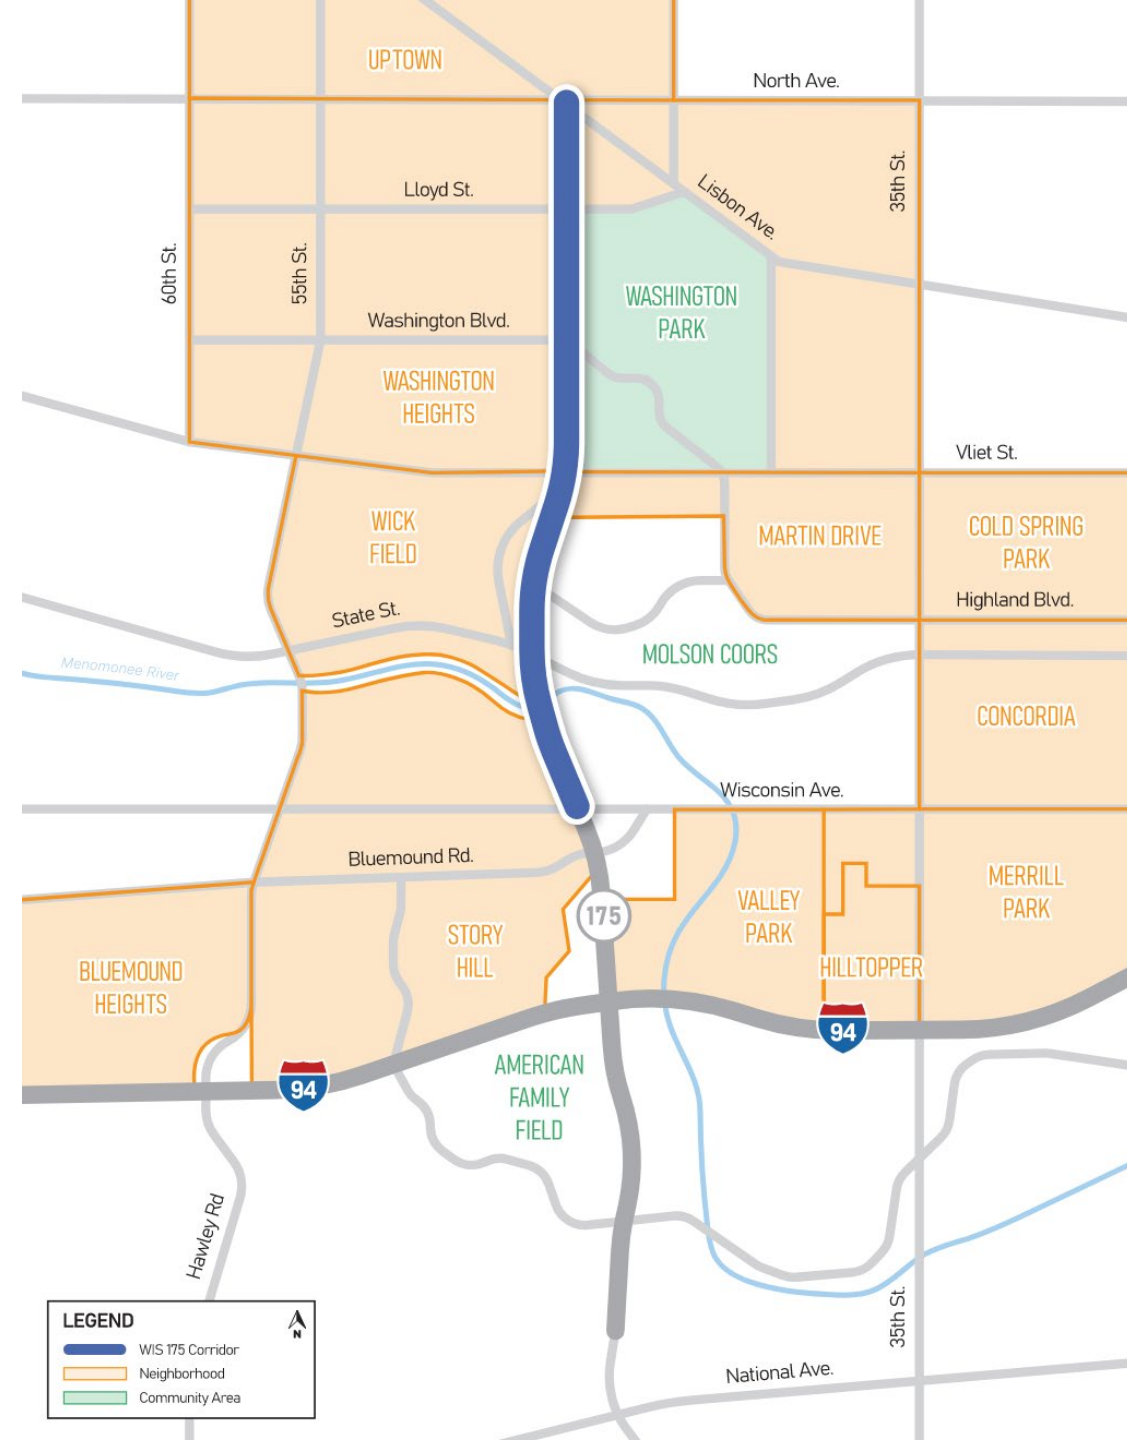

WIS 175 Visioning Study

- Adopted November 2017
- Partnered with Uptown Crossing BID and WisDOT, as well as Sherman Park Community Assoc, Washington Park Partners, and Washington Heights Neighborhood Association
- Focus was the freeway north of Lloyd Street and reimaging the intersection at Lisbon
- ***Recommendation: at-grade boulevard starting at Lloyd Street***

Re-Imagining WIS 175

- Wisconsin Ave to Lisbon Ave
- City of Milwaukee
- Milwaukee County
- 1.5 miles
- 6 lane freeway
- Begins at the north limit of the I-94 E-W Study

Goals

- Identify viable alternatives that meet the traffic and community needs with a focus on **reconnecting communities**.
- **Partner with community stakeholders** to identify the status of the existing roadway infrastructure and identify opportunities for potential future improvements.
- Involve the community with robust **public engagement**.
- Analyze a **variety of alternatives** ranging from replacing the freeway to an at-grade street considering greenspaces, parks, land use and future development.

Purpose of the Memorandum of Understanding

- No decisions have been made
- This MOU represents a collaborative approach to working with WisDOT
- The MOU ensures that the City and County are full partners in all key decisions
- Meet or exceed DCD's public involvement policies
- Will be adopted as part of the City's comprehensive plan

Progress to Date

- Jointly selected GRAEF USA as the consultant lead
- Pursuing partnerships with community-based organizations
- First meeting anticipated for May 2023

Schedule and Status
