Memo

To: Zoning, Neighborhoods & Development Committee

From: Larry Kilmer, II

Date: October 27, 2025

Re: Homes MKE Status Report

This memo provides program highlights, answers to outstanding questions asked at the Joint Committee on Redevelopment of Abandoned and Foreclosed Homes on 10/20/2025, and a status report for each property.

Program Highlights:

- Homes MKE was created in 2022 using ARPA funds
- Homes MKE is currently working with 14 developers
- To date, 39 homes have been sold to owner occupants with an average sales price of \$155,500
- There are eight homes on the market, eight homes in a lease-to-own program, 33 homes under construction, and 16 homes pending transfer to a developer
- Approximately \$5,500,000 remains to complete the final homes

Outstanding Questions:

1. Did the Common Council approve the reallocation of \$500,000 of the original \$15,000,000 from the Homes MKE program?

Through Council action (CCFN: 230752), \$497,867 of Homes MKE funds were reallocated as part of the larger \$17,516,599 reallocation of ARPA funds.

2. What are the total administrative costs for Homes MKE and how is it broken down?

When the program was created, approximately \$900,000 of the \$15,000,000 allocation was budgeted for salaries and benefits for three new, temporary program staff. Through Council action (CCFN: 211820), the Position Ordinance was amended to include three ARPA grant funded positions:

- Community Outreach Liaison
- Housing Rehabilitation Specialist
- Real Estate Specialist

As the program was created and administered, two factors changed. First, guidance was received that the program could run through the end of 2026, rather than the initial understanding of 2024. Second, city-wide pay increases were implemented. These two factors have increased the program administrative costs to approximately \$1,500,000.

- Salaries: Approximately \$1,050,000
- Benefits: Approximately \$450,000

3. Aside from the reallocation of \$500,000 and increased administrative costs, what other factors have impacted the number of homes rehabilitated in the Homes MKE program?

In recent years the City's property inventory has declined and the number of homes available to Homes MKE developers has been limited. The limited inventory caused the Homes MKE team to consider some properties that were slated for demolition. These homes need significantly more work, driving up the need for additional subsidy. Also, materials and labor costs have gone up since the program inception. Originally, the average home was expected to receive approximately \$75,000 in Homes MKE subsidy. As of today, the average subsidy per home is approximately \$123,000. It is worth noting that the average home size in the Homes MKE program is 1,795 sq. ft. and the average rehabilitation costs are \$131 per sq. ft.

4. How does the MMSD grant factor into the program?

The MMSD sewer line replacement grant is on top of the original \$15,000,000 program. The MMSD grant award was \$2,500,000 of which \$1,650,000 has been completed. The remaining grant dollars will fund the sewer line replacement of approximately 30 more Homes MKE properties.

5. Is there a mechanism in place to take back properties in the lease-to-own model if not sold to a homeowner within a period of time?

Although the Homes MKE program is working with 13 developers focused on homeownership and 1 developer running a lease-to-own program, the original program RFQ allowed for developers to engage in the Homes MKE program with the end goal of affordable rental, lease-to-own, or homeownership. The Homes MKE program does not have a claw back provision for the lease-to-own model since lease-to-own and affordable rental are acceptable outcomes of the program.

6. Please provide a breakdown of the Homes MKE projects including address, developer, status, and occupancy model (homeownership, lease-to-own)?

The attached list includes 104 properties. As properties are completed, a few additional homes may be considered for the program. Please find the attached table (3 pages) beginning on the next page:
