ADDITIONAL COMMENTS/RECOMMENDATIONS:

This report is written by Police officer Michael WARD, District 6 Community Liaison Office.

This location is still set up as a bar. Renovations have not started at this point for future business.

Discussion regarding future layout of the business was had. Attached are the future plans and layout of the business provided by the owner.

The owner is planning on having 4 future exterior cameras covering the patio, parking lot, rear and sides of building. The owner is not sure on the amount of interior cameras at this time, but will have cameras capturing the main entrance and exit, and checkout counter area. The owner

stated the cameras will be color, digital, and store footage for at least 7 days. Only owners and management would have access to cameras.

There will be future windows installed around the building, which will be located on the south and east side of the building. These new windows will give the location clear sight lines in and out of the building. The location will also have a patio for guest to sit outside and enjoy a cup of coffee. A discussion was had regarding signage on the windows and the importance of clear sight lines. The owner advised me that he will have limited signage on the windows when opening.

A discussion regarding additional direct lighting on the exterior of the building was had. This would enhance the surveillance and illuminate the parking lot on the east side of the building. Lighting was not observed during the hours of darkness.

A discussion regarding having a limited supply of sandwich bags, chore boy, blunt wraps, and other items that could be used for drug was had. The owner understands these items can be used for drug use and our concerns of having an overabundance of these items. The owner stated he will not be selling scales at the location.

The owner stated the sales counter will be enclosed, and not accessible to customers. The owner stated he will most likely have the safe located behind the counter. The owner was not able to answer what type of safe he would have at the time of the inspection. We did discuss a drop safe, and securing the safe to the floor or making sure it weighed enough so it would not be easily moved.

The location currently has a large basement that is accessible to customers. The owner stated in the future plans the stairwell will be walled off and the basement will be used for storage.

This concludes my additional notes for this location.
