Re: Common Council File No. 050219

Dear Council Members:

Upon request of the Public Safety Committee we have reviewed the requirements for placing traffic control devices at intersections. The manual on Uniform Traffic Control Devices (2003) requires that a traffic engineering study be conducted prior to installing stop signs. As such, we recommend that a traffic engineering study be conducted prior to the passage of this substitute ordinance.

Very truly yours,

GRANT F. LANGLEY
City Attorney

MICHAEL G. TOBIN
Assistant City Attorney
