Subject: Re: Revised plans

Tim, those lighting options look good to me. If you can add that design to the proposal I'd appreciate it.

Thx
JP

I apologize for not getting back to you about lighting.
Globe fixtures would more appropriate to the era of your house.

Examples:

<https://www.rejuvenation.com/catalog/products/alsea>

<http://www.wavelighting.com/product-list.php?product=42&color=1> (available from BBC Lighting)

For the flood light

This likely would have not been made until the 1930s, but it's something that could well have been added right at that time to garage at your house

Subject: Revised plans

Tim, I've attached the revised plans. They should address all the issues you mentioned except the lights. If you have a recommendation on the style we'd like to go ahead and use that for our proposal.

Please let me know if there's anything else you need for the approval.

Thx!
JP
