To the Public Works Committee

Subject: Common Council Resolution File Number 130019

Dear Honorable Members:

Returned herewith is Common Council Resolution File Number 130019, being a resolution to amend a special privilege Rockwell Automation Incorporated for relocation of overhead cables and for removal of a security camera on a utility pole for the premises at 136 West Greenfield Avenue.

In 2010, under Common Council Resolution File Number 091125, the applicant amended a special privilege for change of ownership for a security camera on a utility pole, code non-compliant canopy, overhead cables, manhole and underground duct package. The applicant is currently requesting permission to relocate the overhead cables crossing West Greenfield Avenue since it has relocated the security camera unto private property.

We are not aware that the presence items have had an adverse effect on the general use of the public right-of-way. We have, therefore, prepared the attached special privilege resolution, which, if adopted, will reflect removal of the security camera from the public right-of-way, will include the current overhead cable routing, and will allow the remaining items to continue to occupy the public right-of-way.

Very truly yours,

Jeffrey S. Polenske, P.E.  
City Engineer

Ghassan Korban  
Commissioner of Public Works

Art Dahlberg  
Commissioner  
Department of Neighborhood Services
