- Change in Previously Approved Grant**

**Previous Council File No.** 140828

**Previous Council File No.** 121657

**Project/Program Title:** **Wisconsin Partnership Program**

**Grantor Agency:** **United Way of Greater Milwaukee and Waukesha County**

**Grant Application Date:** 4/29/2016

**Anticipated Award Date:** 7/1/2016

**Please provide the following information:**

**1. Description of Grant Project/Program (Include Target Locations and Populations):**

The DAD Project is an intensive home visiting program for fathers who are either expecting a child or have a child under the age of 18 months. The goals of the DAD Project are to improve birth outcomes, reduce infant mortality, and strengthen fathers' involvement in their children's and partner's lives. Fathers of any age living in the city of Milwaukee are eligible to participate. Services are intended to improve parenting skills, increase awareness of child development, and improve relationships with partners and children. The DAD Project uses two evidence-based fatherhood and child development curricula and provides participant-driven case management services that support them in meeting their self-identified needs.

**2. Relationship to City-wide Strategic Goals and Departmental Objectives:**

Improved birth outcomes, reduced infant mortality, and healthy child development are goals of the Milwaukee Health Department.

**3. Need for Grant Funds and Impact on Other Departmental Operations (Applies only to Programs):**

This grant will be used to continue to fund two Father Involvement Specialist (home visitor) positions within the DAD Project as well as to support the Academic Partner and Center for Urban Population Health Evaluator.

**4. Results Measurement/Progress Report (Applies only to Programs):**

In 2014-2015, the DAD Project served 72 fathers. Ten fathers have successfully graduated from the program, and 93% of infants born to DAD Project participants were born at a healthy birth weight. 96% of program participants state that their relationship with their children has improved during their participation in the program, and 86% report that their relationship with the mother of their children has improved. 100% of participants report being either "very satisfied" or "satisfied" with the program.

**5. Grant Period, Timetable and Program Phase-out Plan:**

July 1, 2016 – April 30, 2017

**6. Provide a List of Subgrantees:**

Center for Urban Population Health (Project Evaluator)

**7. If Possible, Complete Grant Budget Form and Attach.**

See attached.
