Subject: Common Council Resolution File Number 130550

Dear Honorable Members:

Returned herewith is Common Council Resolution File Number 130550, being a resolution to grant a special privilege to Gasoline Studios LLC to install and maintain a back up driveway, exhaust duct, and bollards in the public right-of-way for the premises 2432 West Cornell Street.

The applicant is requesting permission to install and maintain a back up driveway in the east side of North 24<sup>th</sup> Place to serve an 8-foot 2-inch wide loading dock door. A site visit revealed the presence of an exhaust duct and bollards in the east, 15-foot wide sidewalk area of North 24<sup>th</sup> Place. Both the exhaust duct and the bollards are located between the public sidewalk and the building and do not interfere with pedestrian traffic on the sidewalk.

We are not aware that the presence of the back up driveway, exhaust duct and bollards will have an adverse effect on the general use of the public right-of-way. We have, therefore, prepared the attached special privilege resolution, which, if adopted, will allow, formally, said items to occupy the public right-of-way.

Very truly yours,

Jeffrey S. Polenske, P.E.  
City Engineer
