To: Mayor John O. Norquist
Alderman Marvin Pratt
Common Council President

From: Seth Foldy, MD
Commissioner of Health 

Re: Food Inspection Compliance Report (Revised)

Please note that the attached report replaces the compliance report forwarded to you on March 3, 2003, and now contains a full year of inspectional data for calendar year 2002. This report is in response to amendment to Chapter 68-03 of the Milwaukee Code of Ordinances passed February 11, 2003, requiring the Health Department to submit to the Common Council and Mayor an annual written restaurant compliance report on restaurant sanitary conditions by March.

The data provided in the attached report reflect full and partial inspections of restaurants, food stores and schools conducted in calendar year 2002. The inspection data reported does not take into account reinspections or follow-up inspections that were made as a result of orders issued. Reinspection data are not currently in the database and would require retrieval through a very labor intensive process.

There is little longitudinal data available at this time. In 2001 we began tracking two outcome measures related to foodborne illness risk factors for the first time. The two measures offered here will be reported regularly.

c: Alderman Thomas Nardelli
