This was first contemplated in September 2008. At that time I sent the information to ALEASP and there were no concerns raised by them. While I still do not understand how a civilian employee could ever meet the original intent of this, there is nothing holding this up from our end.

Hi Capt. Rowe and Mr. Hamblin;

I have attached a text copy of Finance & Personnel Committee File #080783 - An ordinance relating to the police chief granting additional vacation and off days for meritorious acts of heroism and bravery, for your review.

I am also forwarding the following e-mails I sent and received regarding the attached file.

Besides the e-mails, I also had a phone conversation on 11/11/08 with Ms. Jennifer Meyers and she asked that the attached file be held because she felt that this is something that should go through the bargaining process. She said she will talk to the Police Chief about the file and get back to me.

As of today date, I have not heard back or received any of the information I requested.

Could you both look into this and let me know if you think this something that should go through the bargaining process?

Captain Rowe, if this file does have bargaining process concerns I will let Ald. Murphy know and he may have it placed on file as no longer needed. If it doesn't and it can go forward, I will then need a fiscal note and a letter from the Police Department giving a summary on what the Police Departments current policy is on awards for heroism, etc.

Thanks you.

If you have any questions, please feel free to contact me.

Terry -

I'm not sure this issue is ready to be scheduled, and we may want to wait until the next F&P hearing. I'll have to check around for background over here. I'll get back to you this afternoon.

Jennifer
