Why do you want to serve on BID Board? Or additional comments

As a representative of Legacy Redevelopment Corporation, I am interested in the development of the North Avenue retail and commercial district for several reasons. First, LRC (and Legacy Bank, LRC's community partner) has a mission of targeting its investments in the Fond du Lac and North neighborhood. Second, LRC, as a certified CDFI, has the potential to help direct and facilitate outside investment into the area through its loan fund and other sources of capital. Finally, with its potential development activity, LRC will be facilitating the development of housing and retail in the area. LRC feels that the Marketplace BID is critical to the redevelopment of the community and would be excited to be an active participant on the BID board.
