

Dear Mayor Barrett and Members of the Milwaukee Common Council,

NEWaukee is excited to announce its full support in moving forward with the proposed streetcar. We are ecstatic the project is taking shape, and even more so to see such strong support for it. The proposed streetcar is a commitment to expanding public transportation options for citizens of Milwaukee, something that is sorely needed to support the momentum the city has seen over recent years. NEWaukee will continue to help the community participate in this important discussion and is very much looking forward to next week's vote.
