RE: C.I. File No: 03-S-480

Dear Mr. Nadolinski:

This office is in receipt of your claim in the amount of \$467.12, relating to damage you sustained on November 20, 2003 when police made forced entry into your home.

Our investigation reveals that the police undertook the necessary and appropriate action on a request to check on your welfare. The police department does not have any information regarding the notebook containing telephone numbers and the food items you alleged were removed. Since you did not present any evidence to support your allegations regarding the notebook and the food items and because the police were not negligent in this matter, the City would not be liable. Accordingly, we are denying your claim.

If you wish to appeal this decision, you may do so by sending a letter within 21 days of the receipt of this letter to the Milwaukee City Clerk, 200 East Wells Street, Room 205, Milwaukee, Wisconsin 53202, requesting a hearing.

Very truly yours,

GRANT F. LANGLEY

This guarantee is void because: _____

STANDARD TERMS:

1. The Craftsman doing this work is not authorized to make any representations or agreements other than those set forth in writing in this Agreement, and any such representations are hereby disclaimed.
2. All changes to the work or terms of this Agreement shall be in writing on a HANDYMAN CONNECTION CHANGE ORDER dated and signed by the Craftsman and OWNER describing the work and setting the labor price for such work.
3. OWNER shall obtain and pay for all necessary building permits and shall pay for any work required by any building inspector as a condition for approval of work.
4. All manufacturers' warranties will be delivered to the OWNER.
5. All work to be completed in a workmanlike manner according to standard trade practices.
6. All additional work or changes required by any building inspector; or because of unforeseen, unknown or undisclosed conditions will become an extra cost and shall be done only after OWNER and the Craftsman have dated and signed a HANDYMAN CONNECTION CHANGE ORDER describing the work and setting the labor price for such work.
7. OWNER is advised and understands that performance of this work is subject to the existing conditions and the typical limitations of repairs for matching paint, texture or other existing conditions. HANDYMAN will take ordinary trade practice efforts to achieve a reasonable match as permitted by existing conditions, however an exact match or not visible match is not promised or guaranteed.
8. No Warranty on Faucet Rebuilds
As faucets age, they tend to wear out washers and seats more quickly. It is for this reason that Handyman Connection is unable to guarantee the rebuild of these fixtures. Depending on usage, these fixtures may begin leaking again in as little as a few days; in extreme cases, a few weeks or a few months. Often the best course of action is simply to replace the faucet with a new one.
We recommend using only enough pressure, in turning off a faucet, to stop the water flow. Any additional force will damage the seat and begin to allow water to pass through.
Should you request that we return to repair a rebuilt fixture, although we will be happy to do so, there will be an additional charge.
