13

Hello, my name is Carol Yang and I just want to thank you for this opportunity that you have given me. I am currently a junior at Greendale High School in Greendale, WI. I enjoy performing, singing and participating in school activities. Some school activities that I am in are T.A.T.U (Teens Against Tobacco Use), HOSA (Health Opportunities for Students of America), women's choir and math club. I am also involved in extracurricular activities within my community such as volunteering and being a part of a band at my church. I have learned to maintain my grades while having all of these activities I am a part of. These activities that I belong to helped me take responsibilities seriously, become a leader and have a better perspective of the community that is around me. I can't explain it more in depth because of how different things are changing and how it can provide more and more opportunities that come along my way. What I know is that many opportunities may possibly lead to great success in the future.
