

Dear Members of the Community Collaborative Commission (CCC),

The following is a breakdown of proposed new language that was added to the resolution in an attempt to clarify and address changes the Commission wanted to see. Namely, the added changes ensure that the CCC has control over the implementation of the survey at all phases to ensure it is in control over how the survey is done.

Nothing in this resolution limits the CCC's control over how the survey is conducted. But the passage of this resolution is a critical step in getting from the Common Council the resources for a Community Survey to be conducted.

These paragraphs are in the resolution provided. This sheet is to isolate the changes made so they can more easily be examined.

Resolution Changes as Noted Below

Therefore, be it Further Be Resolved, That the Community Collaborative Commission (CCC) will have the sole and exclusive right to decide how the RFP and community survey process is to be administered, conducted, and implemented; including but not limited to how the data is received, allocated, and analyzed; and, be it

Specifications Change as Noted below

The consultant will assist in executing the survey, analyzing the results, and creating reports that accurately interpret the data. The consultant will adhere to professional methods to ensure the validity, reliability, and quality of the work, interview process, and reports.
