

November 15, 2001

Mr. Tony Zielinski
Common Council Administration Manager
City Clerk's Office
City Hall, Room 205

Dear Mr. Zielinski:

The Health Department is submitting grant resolutions for the following programs:

Breast and Cervical Cancer Screening Grant - This is a continuing program funded by the State of Wisconsin Division of Health and Family Services. It's goal is to reduce mortality from breast and cervical cancer by increasing the number of low-income and under-served women 50 years of age and older who are routinely screened and by improving the quality of screening, referral and follow-up. There are minor position changes from the prior year's funding.

Bioterrorism Grant- This resolution is being opened "in title only". This is a continuing grant funded by the State of Wisconsin Division of Health and Family Services. Grant funds will be used to develop key components or a system that will prepare Milwaukee to better respond to threats or acts of terrorism that involve a biologic agent.

All appropriate paperwork is attached. Thank you for your consideration.

Sincerely,

Janet Nell
Administrative Assistant-Sr.
