Subject: "Adult Video Store" on Brown Deer Rd and 91st St

Dear Gentleman,

As a neighbor and fellow resident here in Milwaukee, I would like to ask you gentleman to reject the rezoning appeal of the Adult Video Store located on Brown Deer Road and 91st Street.

This store is not only locate in an area that is trying to retool itself into an area with proper real estate valuation, but it is also an area primarily consisting of children.

<http://www.city-data.com/zips/53224.html>

Census data shows that the median age of the zip code to be 29, with a large percentage being children under the age of 21.

I am sure with this area originally being planned for residential development, the original zoning was meant to encourage normal business and residential activity. With a new family restaurant moving into that strip mall, having a store that sells pornography would not be fitting or the best use for that space.

I urge you on behalf of my family to reject the proposed rezoning request and send a message that this area is for families and that you support the hard working going on to make this area a vibrant and flourishing community.

Sincerely,

Aaron J. Biebert
