Subject: RE: Automatic reply: Vehicle ordinance

I have reviewed the ordinance and currently have no objections to the language. There has been discussion with myself and Rebecca on how the increase of applications will affect the work product . I believe my unit will be able to handle the increased work load since we are no longer handling the inspection process. I won't know how this will affect us in the future until we start to see the increased work load.

Morning,

With Rebecca out until next week, could you please make certain that both Richard and I see any comments you might have regarding the ordinance Rebecca forwarded to you?

Thanks,

Jim
