Discussion

The purpose of this project is to assist low-income families in obtaining medical insurance and food stamps and to measure the impact of MHD programs at three sites, SDC North (North Richards and East Capitol). UMOS South (South 9th and West Mitchell) and a rotating site to be stationed at various locations throughout the city.
2. The strategy to be employed in this program is to create opportunities for low-income families to receive information about important community services, including health care, and for MHD to evaluate its various services and programs at this opportune time.
3. MHD programs, among others, to be evaluated include screening for blood-lead levels and immunizations.
4. This grant encompasses the period of January 1, 2006 through December 31, 2006.

Fiscal Impact
