INSTALL NO PARKING ON THE
SOUTH SIDE OF WEST FIEBRANTZ AVENUE
FROM NORTH 50TH STREET TO NORTH 51ST BOULEVARD

Dear Alderman Herron:

This is in response to a request we received from Mr. Jim Martins, Deputy Chief, Milwaukee Fire Department, to install the above-captioned parking restriction.

Our traffic engineering staff has investigated this request and found that fire department equipment have a difficult time entering West Fiebrantz Avenue when vehicles park on both sides of the street, thus delaying response time for emergency calls. We, therefore, in the interest of public safety, recommend the installation of this parking restriction.

We will prepare the necessary legislation for the next Public Safety Committee meeting, so that you may support it to final passage.

Very truly yours,

As part of our on-going review of parking regulations in the City of Milwaukee, we have discovered that the ordinances for several parking restrictions are no longer needed. FROM SOUTH 29TH STREET TO SOUTH 31ST STREET

Dear Alderman Donovan:

This is in response to a request we received from Mr. Graig Kuhl of St. Luke's Medical Center to install the above-captioned parking restriction.

Our traffic engineering staff has investigated this request and found that pedestrians that park in the St. Luke's parking structure walk in between the vehicles that are parked on the south side of West Dakota Street when they cross the street to go to or from the hospital. Mr. Kuhl has indicated that the vehicles that are parked on the south side of the street are their employees, and has noted that there are sufficient parking spaces for all of their employees in the structure. Since the installation of this parking restriction will address this undesirable condition and still allow local residents to frequent the parkway, we recommend the installation of the two hour parking restriction.

We will prepare the necessary legislation for the next Public Safety Committee meeting, so that you may support it to final passage.
