**You, your company or your organization can sponsor a secure medicine drop box.  
It's easy and it saves lives.**

#### **WHY DROP BOXES?**

They're easy to use and they work. Experience across the United States shows fixed-site drop boxes are the most effective method for collecting unused medicine, especially when located in pharmacies. Currently, only seven pharmacies in the county have drop boxes. We need more!

#### **HOW ADOPTING A DROP BOX HELPS**

A key reason more pharmacies are not placing drop boxes in their pharmacies is cost. By adopting a drop box, your organization makes it possible for more drop boxes to be available to Milwaukee County residents. **More drop boxes = more lives saved.**

#### **THE COST OF ADOPTING A DROP BOX**

Pricing today ranges from approximately \$3,500 to \$5,000 per year, depending on volume and usage. Sponsors will support all costs for a pharmacy's drop box and be allowed to have logos on the box. Payments are made directly from sponsor to host pharmacy.

#### **POSITIVE COMMUNITY RELATIONS**

We will arrange for media and social media exposure for both hosts and sponsors. We will include all sponsors on our website and all hosting pharmacies on our homepage map.
