Dear Mr. Zielinski:

The Health Department is submitting grant resolutions for the following programs:

Fetal Infant Mortality Review Grant - This is a continuing grant from the U.S. Department of Health and Human Services Healthy Start Initiative through the Black Health Coalition. The purpose of this grant is the interdisciplinary review of infant deaths (and some fetal deaths) to identify opportunities to reduce infant mortality and support families at risk.

TANF - Reproductive Health Grant - This is a new grant funded by the Wisconsin Department of Health and Family Services. The grant will increase public awareness of the need for early identification of pregnancy and early prenatal care as part of the pregnancy testing outreach objective.

Urban Partnership Tobacco Education Grant - This is a continuing grant from the Wisconsin Division of Health and Family Services. The focus is tobacco prevention and education for youth-of-color, ages 8-18.

Bioterrorism Preparedness Laboratory Support Grant - These on-going grant funds are used to fund a portion of a microbiologist salary to meet the needs of the Health Department's role as part of the Wisconsin Laboratory Response Network and overall response in bioterrorism preparedness.

AIDS/HIV Counseling and Testing Grant - Through this on-going agreement from the State of Wisconsin Division of Health and Family Services, the Health Department serves as the State's testing and counseling agent for AIDS/HIV infected individuals.

All appropriate paperwork is attached. Thank you for your consideration.

Sincerely,

A handwritten signature in cursive script that reads "Janet Nell". The signature is written in dark ink and is positioned above the typed name and title.
