Contractor's response activities under this Agreement shall be limited to emergency operations, reporting and documentation of activities arising from hazardous materials releases/incidents, which threaten life, property and/or the environment. Contractor shall not provide under this Agreement any services with respect to the sampling, testing, analysis, treatment, removal, remediation, recovery, packaging, monitoring, transportation, movement of hazardous

Contractor shall establish safety perimeters at or near sites and vessels. Contractor shall not be required to locate underground utilities, insure appropriate traffic control services, conduct hydrological investigations and analysis, or provide testing, removal and disposal of underground storage tanks at or near the emergency response incident to which the Contractor is dispatched.

- 3.2 **Performance Conditions:** Contractor acknowledges that prior to undertaking any emergency response activity under this Agreement, Contractor shall receive written approval from the Division to proceed with response activities. Contractor agrees that if local fire response obligations in Contractor's own jurisdiction create limits or unavailable resources within the Primary Response Area, Contractor will seek aid from local jurisdictions to assist in local fire response obligations in Contractor's own jurisdiction.

Contractor's obligation to provide services hereunder shall arise, with respect to specific response actions, upon receipt of an emergency response request pursuant to Standard Operating Guidelines provided in Subsection 3.8 herein.

- 3.7 **Right of Refusal:** If, on occasion, a response under this Agreement would temporarily place a verifiable undue burden on the Contractor because Contractor's resources are otherwise inadequate or unavailable and mutual aid is unavailable for a level A response within Contractor's Primary Response Area, then if notice has been provided to the Division, the Contractor may decline a request for regional emergency hazardous material response.
- 3.8 **Standard Operating Guidelines:** Contractor and Division agree that regional response team operations will be conducted in accordance with Standard Operating Guidelines and "Call Out Procedure" that will be mutually approved by the parties to this Agreement.

4.0 Contractor Subsidy and Reimbursement

There are two types of Contractor costs under this Agreement: (1) Standby Costs, and (2) Team Response Costs. Each of these is discussed more fully below.

4.1 **Standby Costs:** As provided under §323.70(2) of the Wisconsin Statutes, Contractor will be subsidized for fiscal year 2012/13 under this Agreement for its approved standby costs as described in "Exhibit E", attached hereto and incorporated by reference herein. Said payments to regional emergency response teams for standby costs shall be made from the appropriation account under §20.465(3)(dd) of the Wisconsin Statutes. Such standby costs include, but are not limited to:

(1) Specialized Training Expenses: The Division shall, subject to available funding, provide advanced training and education to Contractor's employees. Requests for such training must be approved by the Division in advance.

All such other training must comply with the governmental regulations associated with assigned duties under this Agreement. Such costs may include training, personnel costs, and per diem/travel expenses in accordance with the State rates. Where the Contractor demonstrates that its employees already meet or exceed Division-approved standards, then the allocated training funds shall be authorized for transfer within the Contractor's account.

(2) Medical Surveillance: Contractor shall provide Baseline, Maintenance and Exit Physicals for each regional hazardous material response team member.

(3) Response Vehicle(s) and Equipment Purchases: Standby costs provide for necessary equipment and supply purchases of Level A vehicle(s), supplies and equipment by Contractor. Where Contractor has obtained the required equipment contained on the Division-approved minimum required equipment list, allocated funds may be authorized for transfer within the Contractor's account. Title to any equipment purchased or fabricated pursuant to this Agreement shall be vested in Contractor. Such title shall be vested in the Contractor upon acquisition of the equipment or as soon as feasible thereafter.

The Division and Contractor acknowledge and agree that a primary project

goal of the regional hazardous materials response team is to standardize Level A vehicles and equipment on a statewide basis.

- 4.2 **Standby Cost Expenditures:** It is the intent of the Division that funds allocated under Subsection 4.1 of this Agreement shall supplement existing, budgeted moneys of the Contractor to provide the services specified herein and may not be used to replace, decrease or release for alternative purposes the existing, budgeted moneys of or provided to the Contractor.

Further, the Division intends that funds allocated under Subsection 4.1 of this Agreement shall not be used by the local government agency to supplement, offset, replace, decrease or release any budgetary obligations for other municipal departments not directly connected or attached to Contractor.

Contractor shall submit to the Division, on an annual basis, an itemized list documenting expenditures made with standby funding. Said documentation shall be mailed by Contractor to the WEM Administrator at the address noted in Subsection 7.17 herein.

- 4.3 **Team Response Costs and Reimbursement:** Pursuant to §323.70(3) of the Wisconsin Statutes, Contractor shall be reimbursed for reasonable and necessary team response costs incurred in responding to a Level A release under this Agreement. Such team response costs may include, but are not limited to:

(1) Reimbursement for use of Vehicle(s) and Apparatus: Contractor shall be reimbursed for the approved use of its vehicles and equipment at the rates provided in "Exhibit B" to this Agreement.

(2) Personnel Expenses: Contractor's team response personnel expenses which are approved and authorized under this Agreement are reimbursable at the rates described in "Exhibit B". Team response personnel expenses shall be billed to the nearest one-fourth (1/4) hour work period. Personnel expenses may reflect replacement personnel costs and indirect charges/costs for wage, fringe, death and duty disability retirement benefits.

(3) Emergency Expenses: Contractor's necessary and reasonable emergency expenses related to services rendered under this Agreement are reimbursable. All such expenses must be based on actual expenditures and fully documented by the Contractor. The Division reserves the right to deny any reimbursement of unjustifiable Contractor expenditures.

Pursuant to §323.70(3) Wis. Stats., Contractor shall be reimbursed by the Division for its necessary and reasonable emergency response costs and expenses related to services rendered under this Agreement.

Such reimbursable team response costs shall be limited to amounts collected by the Division pursuant to §323.70(4), Wis. Stats. and, under certain conditions, pursuant to the amounts appropriated under §20.465(3)(dr), Stats. Contractor shall be reimbursed by the Division in accordance with Subsections 4.4 and 4.5 herein.

4.4 **Direct Collection of Team Response Costs by Contractor:** In addition to Division reimbursement addressed in Subsections 4.2 herein, Contractor may elect to collect team response costs directly from the Responsible Party(s) and/or seek reimbursement for local agency response pursuant to §323.71 of the Wisconsin Statutes.

4.5 **Where No Responsible Party Can Be Identified or the Responsible Party is Unable to Pay Team Response Costs:** As previously mentioned in Subsection 4.2 and upon the election of Contractor, the Division shall bill the party(s) responsible for causing the hazardous materials emergency for total emergency response costs. Where there is no identifiable Responsible Party, or if the Responsible Party is unable to pay, the Division agrees to reimburse Contractor's Team response costs from the emergency response supplement created under §20.465(3)(dr), Stats., only if the regional emergency response team has made a good faith effort to identify the person responsible under §323.70(3), Stats., and that person cannot be identified, or, if that person is identified, the team has received reimbursement from that person to the extent that the person is financially able or has determined that the person does not have adequate money or other resources to reimburse the regional emergency response team. To seek Division reimbursement from the emergency response supplement created under §20.465(3)(dr), Stats., Contractor must comply with all Division-approved reimbursement procedures and/or duly enacted Administrative Rule(s) as well as the billing system requirements provided under Subsection 4.7 herein.

4.6 **Maximum Contract Subsidy:** This Agreement shall have a maximum contract subsidy of \$268,685.51 for one year for stand-by costs as described in "Exhibit E" to this Agreement. The Division certifies that sufficient funds are available and authorized within the Division's current appropriation or limitation. The maximum contract subsidy does not, however, include Contractor's team response costs as specified in Subsection 4.3 of this Agreement.

No additional Contractor subsidy or reimbursement shall be paid or any additional demands placed on Contractor under this Agreement unless otherwise specifically agreed to by the Division and the Contractor, and upon written amendment to this Agreement. The Division's reimbursement(s) shall be full payment for work performed or services rendered and for all labor, materials, supplies, equipment, and incidentals necessary to complete the work authorized under this Agreement. Acceptance of payment by the Contractor shall operate as a release of the Division of all claims by Contractor for reimbursement of team response costs except where partial payment has been made due to limitations of the Division

funds under §323.70(3), the amounts appropriated under §20.465(3)(dr) and subject to further payment as set forth above.

4.7 Billing System for Division Reimbursement of Team Response Costs:

Contractor will provide an estimate of team response costs to the Division within ten (10) working days of the response. If the Contractor seeks Division reimbursement under §323.70(3), or from the emergency response supplement created under §20.465(3)(dr), Wis. Stats., Contractor shall file a Notice of Intent with the Division for response costs within thirty (30) days of the response. The Division will not bill responsible parties or reimburse Contractor from the emergency response supplement created under §20.465(3)(dr), Stats., unless it receives an invoice from the Contractor. Contractor's claim for reimbursement shall contain such documentation as is necessary to support the Division's cost-recovery operations and financial audits. The Division agrees to bill responsible parties for team response costs and may bill for the total emergency response costs. Team response costs include such items as vehicle and equipment use, expendables and personnel costs. In addition, team administrative costs may be billed as part of the emergency costs.

The Division shall bill identified Responsible Party(s) within thirty (30) days of receipt of Contractor's invoice. Contractor's team response costs shall be collected by the Division from the Responsible Party(s) before payment is made to the Contractor. Thereafter, if the Division successfully recovers payment from the Responsible Party(s) it shall first be used to pay the Contractor's team response costs, if these have not been paid in their entirety, then applied to the Division's administrative costs. Any remaining funds will be used to pay emergency response costs as billed. Contractor agrees to cooperate with the Division as is reasonable and necessary in order to allow the Division to bill third parties and pursue cost recovery actions.

If a disputed billing is resolved in favor of the responsible party(s), then the Contractor shall not be required to reimburse the Division for payments previously made.

Where there is no identifiable Responsible Party, or if the Responsible party is unable to pay, the Division agrees to reimburse the Contractor's team response costs from the emergency response supplement created under §20.465(3)(dr), Stats., within thirty (30) days of receipt of Contractor's invoice and complete documentation. Contractor's claim for reimbursement from the emergency response supplement created under §20.465(3)(dr), Stats., shall contain such documentation as is necessary to support the Contractor's good faith effort to identify the Responsible party or to collect response costs from a Responsible Party(s) that is unable to pay. Further, Contractor shall comply with all Division-approved reimbursement procedures and/or duly enacted Administrative Rule(s).

- 4.8 **Approval:** Contractor, when acting under this Agreement, may not respond without following the Division-approved "Call Out Procedure". Granting of response approval by the Division of Emergency Management's Duty Officer constitutes the Division's agreement to pay Contractor's team response costs under §323.70(3), Wis. Stats. Contractor agrees to make reasonable and good faith efforts to minimize Responsible Party and/or Division expenses.
- 4.9 **Retirement System Status and Tax Payments:** Contractor and its employees are not entitled under this Agreement to Division contribution for any Public Employees Retirement Withholding System benefit(s). Contractor shall be responsible for payment/withholding of any applicable federal, Social Security and State taxes.

- 4.11 **Payment of Contractor's Obligations:** Contractor agrees to make payment promptly, as just, due and payable to all persons furnishing services, equipment or supplies to Contractor. If Contractor fails, neglects or refuses to pay any such claims as they become due and for which the Division may be held liable, the proper officer(s) representing the Division, after ascertaining that the claims are just, due and payable, may, but shall not be required to, pay the claim and charge the amount of the payment against funds due Contractor under this Agreement. The payment of claims in this manner shall not relieve Contractor of any duty with respect to any unpaid claims.
- 4.12 **Dual Payment:** Contractor shall not be compensated for work performed under this Agreement by any state agency or person(s) responsible for causing a hazardous materials emergency except as approved and authorized under this Agreement.

The good faith of any hazardous substance predictor or any person who provides the technology to make a prediction is presumed in any civil action. Any person who asserts that the acts or omissions under subdivision three (3) above were not made in good faith has the burden of proving that assertion by clear and convincing evidence.

Under §895.4802(3)(c) of the Wisconsin Statutes, statutory civil immunity **does not** extend to acts or omissions, which constitute gross negligence, or involves reckless, wanton or intentional misconduct. This is not intended to modify any right or duty under §895.4802, Stats.
