Dear Ms. Merryfield,

In response to the 2009-2010 audit for the Milwaukee Education Consortium (MAS), which included a "material weakness" finding, we are exercising contract provision I. U of the City's charter school contract, which states,

"Charter School shall generate and provide such reports at such times and concerning such matters as may be requested by City or its designee concerning any of the operations of Charter School."

We request that the Milwaukee Academy of Science (MAS) provide a corrective action plan to the Charter School Review Committee (CSRC) by July 31, 2010. The plan should describe the steps MAS is taking to ensure that the material weakness identified in the 2007-2008 and identified again in the 2008-2009 audit is corrected.

Please submit your corrective action plan to Cindy Zautcke at [cindyzautcke@yahoo.com](mailto:cindyzautcke@yahoo.com).

Additionally, at its June 21, 2010 meeting, the CSRC voted to place MAS on probation until MAS can provide an audit with the material weakness corrected and no additional findings.

Sincerely,

Howard Fuller
