Morning,

For the file, I should think.

Thanks,

Jim

Subject: Construction at 2618 N Hackett Ave

You don't often get email from cdthomas1981@gmail.com. [Learn why this is important](#)

To City Clerk, Jim Owczarski:

I am writing in objection to recently disclosed plans of construction to be had at St. Mark's Church. As I understand, there is a new parish hall to be constructed across the street of my residence at 2649 N Hackett Ave, Apt 5. Part of the plan is to build a 55-resident apartment building. Selfishly, as a homeowner in this area I am not okay at all with a rental building across the street with me. The parking in our area is already somewhat continuous. My wife and I rely on street parking since our condo building does not have any as part of its structure. Most weeknights and brunch hours on the weekend, it can be difficult to park within a block of our home. Adding a building with this many potential renters, even though it will have an underground parking structure, will make it even harder for us to find a practical parking space. My wife struggles with deficits from a stroke she suffered a few years back, and I do not want her ability to get from her car to our front door to be any more difficult than it is. There are several other areas in the city where land can be developed for a building of this concept and I do not want it built in my neighborhood, especially across the street from me.

Forced to endure, what I could not forgive,

Chris
