There are so many potholes on the street. I hit an unavoidable pot hole on Sunday April 17<sup>th</sup> around 8:15am. My route to Church entails me driving south on Teutonia Avenue, West on Hampton Avenue and south on Sherman Boulevard with potholes in both lanes. When I left Church, I could hear a loud rattling noise on the right side of my car when I drove over a bump or an uneven place on the road. I pulled over to see if it was my hubcap or something in my trunk. When I got back in my car it seemed uneven, like it was tilting on the right side.

I called my mechanic and found out that the right side was damaged along with the tire. Enclosed is the description of the damages and cost for the repair of my car.
