I Marie Sanders  
have done everything that I can possibly do, to get proof of my change of address, to the Judiciary and Legislation Committee A.D. D'AMATO I call Motor Vehicle, Motor Vehicle told me to call up in Madison, for the information I needed when I call them, they could not give me any help in this matter. They said they can't prove no one's address regardless of what information a person give's them, next thing I try, was my post office that I've been with for two year's. I put a change of address at the end of Nov 2000 at the post office on 35<sup>th</sup> Villet they told me to go to the post office on 35<sup>th</sup> Capitol when I went there, once again I've been getting the run around and in this hold claim, nothing was fair ~~on my~~ to me ~~half~~, it seems like nothing is being consider The one on 35<sup>th</sup> Capitol told me to go back to 35<sup>th</sup> Villet so I went back because I am really trying to get this matter solve as soon as possible I've have already been waiting a long time I was getting told diffence things by each person I talk with two supervisor, Augue with one I try talk with two postal workers and Augue with one, so in the process I got into it with two people over this issue I don't understand why was it so hard for them to just give me a written statement, because that would of been my proof that I needed their was alot of things that was said me and these people Augring in front of alot of people I did the best that I could I wrote two apeal's, letter's I came to my hearing and I'm back at my hearing I have no reason to lie everything I has said and done is the truth I wouldn't be here if I felt that I was wrong I truly feel stonge about my case I want what is fair and what is right.

I understand it might be alot of case's like this  
but you also have to understand this was not fair and its not right  
I was paying my tickets, alot of people is not  
paying their tickets I was going to Court <sup>to get my vehicle</sup> alot of  
people is not going to Court to get they vehicle  
And I have to tell you I've been throug alot with  
diffence people about this issue I just want what is  
right I am not asking for much you also have to  
remember they took my vehicle And it Could of been  
avoided I am standing here today in truth about  
~~what~~ what I believe in and I am ~~giving~~ giving you my  
word everything is true and the best to my acknolegde  
you can call the post office yourself if you like  
I have one of the supervisor's name and number  
I got into it with this one, so I hope this is  
the right information Everything is in truth  
you also have to remember they sent all my tickets to my  
address so why wouldn't they send the letter's they claim  
they sent? to the same address?
