**Subject:** File 200040

Relating to Certificate of Appropriateness for Linda Tucker's handrails at 2813 N Sherman Blvd. File 2000040

That wood railing on Sherman Blvd in the Sherman Park Historic Preservation District is not appropriate for this Historical District.  
There's no other wood railing on Sherman Blvd that was Grandfathered in this Historic District.

I vote no on the Appropriateness of these Handrails.
