**Subject:** File #050192 Contract Extension with Standard Insurance for LTD services

Terry: please note that File #050192, a contract extension with Standard Insurance for Long Term Disability (LTD) benefits for City employees is for a two-year period, January 1, 2006 to December 31, 2007.

The original request and information stated a one-year extension. Based on negotiations and the agreement of Standard Insurance to guarantee the rates for a two year period, the Committee was advised prior to the meeting that a two-year extension was being requested.

Thank you.
