---Consideration of those items vetoed by His Honor, Mayor Cavalier Johnson

Ald. Dimitrijevic moved to dispense with the reading of the Mayor's veto message. There was no objection.

Vetoed by His Honor, the Mayor, was the budget line in the 2024 budget for the One Milwaukee Citizen-Led Transformational Fund at \$2,400,000, which was affected by Amendment 1A. Ald. moved substitution of the 2024 Adopted Budget with the Mayor's substitute action to change the budget line for the One Milwaukee Citizen-led Transformational Fund to \$2,130,152. The Debt Service Account is hereby affirmed and continued and shall be the “special redemption fund” for the Bonds as such term is defined in the Act. Second Lien Revenues held in the Debt Service Account shall be used for the payment of the principal of, premium if any, and interest on, the Bonds as the same shall become due

and payable.

Section 7. Application of Revenues and Second Lien Revenues. On the fifth day prior to the end of each month, and in accordance with the provisions of Section 6.02(B)(4) of the Master Resolution, the City shall transfer from the Revenue Fund to the Subordinate Obligation Fund, the amount required to be deposited therein to satisfy the then current deposit requirements for the Debt Service Account.

Immediately upon such deposit to the Subordinate Obligation Fund, the City shall allocate and transfer into the Debt Service Account within the Subordinate Obligation Fund the current deposit requirement, which is the sum of (i) an amount equal to one-sixth (1/6) of the next installment of interest coming due on the Second Lien Bonds then outstanding and (ii) an amount equal to one-twelfth (1/12) of the next installment of principal of the Second Lien Bonds then outstanding coming due (after giving effect to available amounts in the Debt Service Account from accrued interest, any premium, or any other source).

It is the express intent and determination of the Common Council that the amounts so transferred and deposited in the Debt Service Account shall be sufficient in any event to pay the interest on the Bonds as the same accrues and the principal thereof as the same matures.

Section 8. Deposits and Investments. The Debt Service Account shall be kept apart from monies held in the other Funds and Accounts of the City and the same shall be used for no purpose other than the prompt payment of principal of, and premium if any, and interest on the Second Lien Bonds as the same becomes due and payable. All moneys therein shall be deposited in special and segregated accounts in a public depository selected under Chapter 34 of the Wisconsin Statutes and may be temporarily invested until needed in legal investments subject to the provisions of Section 66.0603(1m) of the Wisconsin Statutes. The other funds herein created or continued (except the Sewerage System CWWP Project Fund established for each Series of Bonds) may be combined in a single account in a public depository selected in the manner set forth above and may be temporarily invested until needed in legal investments subject to the provisions of Section 66.0603(1m) of the Wisconsin Statutes.

Section 9. Service to the City. The reasonable cost and value of services rendered to the City by the System by furnishing sewerage services for public purposes shall be charged against the City and shall, to the extent permitted by law, be paid in monthly installments as the service accrues, out of the current revenues of the City collected or in the process of collection, exclusive of the Revenues derived from the System; that is to say, out of the tax levy of the City made by it to raise money to meet its necessary current expenses. The reasonable cost and value of such service to the City in each year shall be equal to an amount which, together with other Revenues of the System, will produce in each Fiscal Year Net Revenues equivalent to not less than the annual principal and interest requirements on the Outstanding First Lien Bonds, the Outstanding Second Lien Bonds, the Bonds, and any Parity Bonds then outstanding times the greater of (i) 110%, or (ii) the highest debt service coverage ratio required

with respect to any debt obligations payable from the Revenues of the System then outstanding. However, such payment out of the tax levy shall be subject to (a) approval of the Public Service Commission, or successors to its function, if applicable, (b) yearly appropriations therefor, and (c) applicable levy limitations, if any; but neither this Resolution nor such payment shall be construed as constituting an obligation of the City to make any such appropriation over and above the reasonable cost and value of the services rendered to the City and its inhabitants or to make any subsequent payment over and above such reasonable cost and value.

Section 10. Operation of System; City Covenants. It is covenanted and agreed by the City with the owner or owners of the applicable Series of Bonds, and each of them, that the City will perform all the obligations as set forth in the applicable Financial Assistance Agreement.

Section 11. Rates and Charges. (A) The City shall fix, charge, and collect such Sewerage Service Charges as shall be required in order that in each Fiscal Year the Second Lien Revenues shall be not less than the Second Lien Revenue Requirement for such Fiscal Year. The failure in any Fiscal Year to comply with the foregoing rate covenant in this subsection (A) shall not constitute a default under this Resolution if the City complies with Section 11(B) below.

(B) Prior to the end of each Fiscal Year the Commissioner of Public Works of the City shall complete a review of the financial condition of the System for the purpose of estimating whether the Second Lien Revenues for such Fiscal Year and for the next succeeding Fiscal Year will be sufficient to comply with the rate covenant in Section 11(A) above and shall by a written certificate make a determination with respect thereto. If it is determined in such written certificate that the Second Lien Revenues may not be so sufficient, the Commissioner of Public Works of the City shall forthwith make a study for the purpose of determining a schedule of Sewerage Service Charges which, in the opinion of the Commissioner of Public Works, will cause sufficient Second Lien Revenues to be collected in the following Fiscal Year to comply with such rate covenant in subsection (A) of this Section 11 and will cause additional Revenues to be collected in such following and later Fiscal Years sufficient to eliminate the amount of any deficiency at the earliest practicable time, or the Commissioner of Public Works may elect to cause the Consulting Engineer to make such a study and render such opinion. The Common Council shall as promptly as practicable but no later than the one hundred twenty (120) days following such determination by the Commissioner of Public Works, or receipt of the Consulting Engineer's recommendation, adopt and place in effect a schedule of Sewerage Service Charges as so determined or recommended pursuant to this Section 11.

Section 12. Subordinate Status; Additional Bonds. Each Bond issued pursuant to this Resolution is authorized to be issued under Section 3.07 of the Master Resolution as a Subordinate Obligation, junior and subordinate to the First Lien Bonds, and entitled to a rank and priority of payment from the Subordinate Obligation Fund equal to, and on a parity with, the Second Lien Bonds. No bonds or obligations payable from Second Lien Revenues may be issued in such manner as to enjoy priority over the Bonds.

Additional Subordinate Obligations may be issued if the lien and pledge of Second Lien Revenues is junior and subordinate to that of the Bonds. Parity Bonds may be issued only under the following circumstances:

- (a) Additional Parity Bonds may be issued for the purpose of completing any Project and for the purpose of financing costs of any Project which are ineligible for payment under the CWFP. However, such additional Parity Bonds shall be in an aggregate amount not to exceed 20% of the face amount of the Bonds; or
- (b) Additional Parity Bonds may also be issued if all the following conditions are met:
 - (1) The Net Revenues of the System for the Fiscal Year immediately preceding the issuance of such additional Parity Bonds must have been in an amount at least equal to the maximum annual interest and principal requirements on all First Lien Bonds and Second Lien Bonds (other than Bond Anticipation Notes) outstanding and payable from the Revenues of the System, and on the Parity Bonds then to be issued, times the greater of (i) 1.10 or (ii) the highest debt service coverage ratio to be required with respect to the additional Parity Bonds then to be issued or on the First Lien Bonds (which is currently 1.20) or Second Lien Bonds payable from the Revenues of the System then outstanding. Should an increase in permanent rates and charges, including those made to the City, be properly ordered and made effective during the Fiscal Year immediately prior to the issuance of such Parity Bonds or during that part of the Fiscal Year of issuance prior to such issuance, then Net Revenues for purposes of such computation shall include such additional revenues as an independent certified public accountant, consulting professional engineer or the Wisconsin Public Service Commission may certify would have accrued during the prior Fiscal Year had the new rates been in effect during that entire immediately prior Fiscal Year.
 - (2) The payments required to be made into the Funds enumerated in Sections 6 and 7 of this Resolution must have been made in full.
 - (3) The additional Parity Bonds must have principal maturing on May 1 of each year and interest falling due on May 1 and November 1 of each year.
 - (4) The proceeds of the additional Parity Bonds must be used only for the purpose of providing extensions or improvements to the System, or to refund obligations issued for such purpose.

Section 13. Sale of Bonds. The Bonds of each Series shall be sold by private sale to the CWFP for the aggregate purchase price of up to \$100,000,000, on such date or dates and at such price or prices, as shall be determined by the Commissioners of the Public Debt; provided that the Bonds shall be sold at a price not less than 98% of the par value thereof and at a true interest cost not in excess of 7% per annum. The Authorized Officers are authorized and directed to do any and all acts, including executing any Financial Assistance Agreement and any Series of the Bonds as hereinabove provided, necessary to conclude delivery of such Series to the CWFP. The purchase price for the Bonds shall be paid upon requisition therefor as provided in the applicable Financial Assistance Agreement. Determination and approval of the details of each Series of the Bonds and the terms of sale of each Series of the Bonds are delegated to the Commissioners of the Public Debt in Section 22.

Section 14. Application of Bond Proceeds. The proceeds of the sale of the Bonds of each Series shall be deposited by the City into a separate special fund to be established for such Series of the Bonds and designated with the applicable Series designation for the Bonds and named “[20__] Sewerage System CWFPP Project Fund” (each a “Project Fund”). The establishment of the Project Fund for each Series of Bonds is hereby delegated to the Comptroller. The Project Fund shall be used solely for the purpose of paying the costs of the Projects (including capitalized interest, if any, on the Bonds) as more fully described in the Financial Assistance Agreements. Proceeds of sale of the Bonds may be applied to pay or provide for the payment of any debt of the City issued for the purpose of providing interim financing of the costs of any Project or Projects. Moneys in any Project Fund shall be disbursed within three (3) business days of their receipt from the CWFPP and shall not be invested in any interest-bearing account.

Other than “preliminary expenditures” as defined in the Treasury Regulations 26 CFR 1.150-2 in an amount not exceeding 20% of the principal amount of the Bonds of a Series, or other than a “de minimis” amount as defined in Treasury Regulations 26 CFR 1.150-2 in an amount not exceeding the lesser of \$100,000 or 5% of the principal amount of the Bonds of a Series, all of the proceeds loaned to the City will be used for costs of Projects paid by the City subsequent to (i) the date which is 60 days prior to the date on which the City adopted a “declaration of intent” pursuant to Treasury Regulations 26 CFR 1.150-2 stating its intent to reimburse other funds of the City previously used to finance Projects, or (ii) the date on which the Bonds of such Series are issued; and

Section 15. Amendment to Resolution. After the issuance of any of the Bonds, no change or alteration of any kind in the provisions of this Resolution may be made until all of the Bonds have been paid in full as to both principal and interest, or discharged as herein provided, except: (a) the City may, from to time, amend this Resolution without the consent of any of the owners of the Bonds, but only to cure any ambiguity, administrative conflict, formal defect, or omission or procedural inconsistency of this Resolution; and (b) this Resolution may be amended, in any respect, with a written consent of the owners of not less than two-thirds (2/3) of the principal amount of the Bonds then outstanding, exclusive of Bonds held by the City; provided, however, that no amendment shall permit any change in the pledge of Second Lien Revenues or the maturity of any Bond issued hereunder, or a reduction in the rate of interest on any Bond, or in the amount of the principal obligation thereof, or in the amount of the redemption premium payable in the case of redemption thereof, or change the terms upon which the Bonds may be redeemed or make any other modification in the terms of the payment of such principal or interest without the written consent of the owner of each such Bond to which the change is applicable.

Section 16. Defeasance. When all Bonds have been discharged, all pledges, covenants, and other rights granted to the owners thereof by this Resolution shall cease. The City may discharge all Bonds due on any date by irrevocably depositing in escrow with a suitable bank or trust company a sum of cash and/or bonds or

securities issued or guaranteed as to principal and interest by the U.S. Government, or by a commission, board, or other instrumentality of the U.S. Government, maturing on the dates and bearing interest at the rates required to provide funds sufficient to pay when due the principal amount of each such Bond at maturity and the accrued interest thereon, or at the City's option, if said Bond is prepayable, at its earliest redemption date, with the premium required for such redemption, if any, and the accrued interest thereon, provided that notice of the redemption of all prepayable Bonds on such date has been duly given or provided for.

Section 17. Tax Covenant; Rebate Fund. The interest on each Bond is intended to be excluded from gross income for purposes of federal income taxation. The City shall not take, or omit to take, any action lawful and within its power to take, which action or omission would cause interest on any Bond to become subject to federal income taxes in addition to federal income taxes to which interest on such Bond is subject on the date of original issuance thereof.

In order to maintain exclusion from gross income for purposes of federal income taxation, the City affirms that the tax covenant made in this Resolution shall apply to the Bonds. In furtherance of the foregoing, the City shall comply with the provisions of the non arbitrage or tax certificate executed by an Authorized Officer in connection with issuance of the Bonds; the obligation of the City to comply with the provisions herein with respect to the rebate to the Department of the Treasury of the United States of America relating to the Bonds shall remain in full force and effect so long as the City shall be required by the Code to rebate such earnings on the gross proceeds of the Bonds notwithstanding that the Bonds are no longer outstanding.

Unless the Bonds of a Series are exempt from the rebate requirements of the Internal Revenue Code of 1986 (the "Code"), a separate special fund of the City shall be established for such Series of Bonds to be designated with the applicable Series designation and named "[20__] Sewerage System CWFPR Rebate Fund" (each a "Rebate Fund"). The establishment of the Rebate Fund for each such Series of Bonds that is not exempt from the rebate requirements under the Code is hereby delegated to the Comptroller. The sole purpose of the Rebate Fund is to provide for the payment of any rebate liability with respect to the Bonds under the relevant provisions of the Code and the Treasury Regulations promulgated thereunder (the "Regulations"). The Rebate Fund shall be maintained by the City until all required rebate payments with respect to the Bonds have been made in accordance with the relevant provisions of the Code and the Regulations.

The City hereby covenants and agrees that it shall pay to the United States from the applicable Rebate Fund, on the dates and in the amounts and manner required by the Code and the Regulations, the portion of the "rebate amount" (as defined in Section 1.148-3(b) of the Regulations) that is due as of each "computation date" (within the meaning of Section 1.148-3(e) of the Regulations). As of the date of this Resolution, the provisions of the Regulations specifying the required amounts of rebate installment payments and the due dates and manner of such payments are contained in Sections 1.148-3(f) and (g) of the Regulations, respectively. Amounts held in a Rebate Fund

relating to a Series of Bonds, and the investment income therefrom, are not pledged as security for the First Lien Bonds, the Second Lien Bonds, or any other Subordinate Obligations and may only be used for the payment of any rebate liability with respect to such Series of Bonds.

The City may engage the services of a qualified rebate determination provider to assist it in determining the rebate payments, if any, owed to the United States with respect to the Bonds. The City shall maintain or cause to be maintained records of determinations of rebate liability made with respect to the Bonds for each computation date until three (3) years after the April 15th of the calendar year immediately preceding the retirement of the last Bond. The City shall make such records available to the CWFP upon reasonable request therefor.

Section 18. Resolution a Contract. The provisions of this Resolution shall constitute a contract between the City and the owner or owners of the Bonds, and after issuance of any of the Bonds no change or alteration of any kind in the provisions of this Resolution may be made, except as provided in Section 15, until all the Bonds have been paid in full as to both principal and interest. The owner or owners of any of the Bonds shall have the right in addition to all other rights, by mandamus or other suit or action in any court of competent jurisdiction, to enforce such owner's or owners' rights against the City, the Common Council, and any and all officers and agents thereof including, but without limitation, the right to require the City, the Common Council and any other authorized body, to fix and collect rates and charges fully adequate to carry out all of the provisions and agreements contained in this Resolution.

Section 19. Continuing Disclosure. The officers of the City are hereby authorized and directed, if requested by the CWFP, to provide (and to undertake in a written agreement to provide) to the CWFP and to such other persons or entities as directed by the CWFP such ongoing disclosure regarding the City's financial condition and other matters, at such times and in such manner as the CWFP may require, in order that securities issued by the City and the CWFP satisfy rules and regulations promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended or may be amended from time to time imposed on brokers and dealers of municipal securities before the brokers and dealers may buy, sell, or recommend the purchase of such securities.

A Continuing Disclosure Certificate, in substantially the form of a Supplemental Certificate authorized by the City's Resolution File Number 100846 adopted on November 23, 2010, is authorized to be executed and delivered by the Comptroller for each Series of the Bonds. The City authorizes and directs the appropriate officers and employees of the City to take all action necessary or appropriate to comply with and carry out all the provisions of the Continuing Disclosure Certificate as amended from time to time. Notwithstanding any other provision of this Resolution, failure of the City to perform in accordance with the Continuing Disclosure Certificate shall not constitute a default under this Resolution and the Continuing Disclosure Certificate may be enforced only as provided therein.

Section 20. Publication of Notice. The City Comptroller shall cause to be published a

separate notice for each Series of the Bonds notifying electors of the City that the City has agreed to sell such Series of the Bonds. Each notice shall be published promptly in the City's official newspaper as a class 1 notice under Chapter 985 of the Wisconsin Statutes after the date of the applicable Financial Assistance Agreement. Each notice shall be in substantially the form attached hereto as in Exhibit B. The Comptroller shall obtain proof, in affidavit form, of the publication, and shall compare the published notice with the attached form to confirm that no mistake was made in publication.

Section 21. Conflicting Resolutions. All ordinances, resolutions, or orders, or parts thereof heretofore enacted, adopted or entered, in conflict with the provisions of this Resolution, are hereby repealed, and this Resolution shall be in effect from and after its passage.

Section 22. Delegation of Approvals to the Commissioners of the Public Debt. It is hereby delegated to the Commissioners of the Public Debt, subject to the limitations as contained herein, the power with respect to each Series of the Bonds to determine, approve, and carry out the following: (a) the date or dates, maturity date or dates, principal amount of each maturity, and the amount and date of each annual principal installment payment, if any; provided, however, that the Bonds shall mature on May 1 of any year not exceeding 40 years from the date of issuance of such Series; (b) the interest rate or rates, if any, of the Bonds or the manner of determining such rate or rates, and the date from which interest on the Bonds shall accrue, the dates on which interest on the Bonds shall be payable, if any; provided, however, that the interest rate for the Bonds maturing in any year shall not exceed 8% per annum; (c) the redemption price or prices, if any, the redemption terms; (d) the provisions for the sale or exchange of the Bonds and for the delivery thereof; (e) directions for the application of the proceeds of the Bonds, the interest on such Bonds to be capitalized from the proceeds thereof, if any, and the date or dates to which such capitalized interest shall accrue; (f) the details for the form of each Bond in substantially the form attached as Exhibit A; and (g) any other provisions that are not in conflict with this Resolution. The Commissioners of the Public Debt shall finalize, by adopting one or more resolutions relating to each Series of Bonds, such determinations and approvals pursuant to the authority granted herein, which resolutions shall be filed with the City Clerk of the City.

Section 23. Authorized Officers. The Bonds shall be executed in accordance with the provisions of this Resolution. An Authorized Officer is hereby authorized to execute and deliver, in the name and on behalf of the City, any and all documents and instruments, and to do and cause to be done any and all acts and procedures, said Authorized Officer deems necessary or advisable in connection with the offering, sale and issuance of the Bonds and to carry out the transactions contemplated by this Resolution. For purposes of the CFWP Financial Assistance Application, the Commissioner of Public Works is designated as the Authorized Representative.

68. [231169](#) Resolution amending the City of Milwaukee's legislative package to seek introduction and passage of State of Wisconsin legislation that would prohibit an individual convicted of disorderly conduct as a result of domestic violence from possessing firearms.

Whereas, According to End Domestic Violence Wisconsin, deaths as a result of domestic abuse have risen sharply since 2018; and

Whereas, In 2022, 68 people were domestic violence homicide victims in Wisconsin, and an additional 22 domestic violence homicide perpetrators subsequently died by suicide; and

Whereas, The vast majority of domestic abuse homicides in Wisconsin, over 80%, involve a firearm; and

Whereas, Under federal law, a person is prohibited from possessing a firearm if he or she has been convicted of a misdemeanor crime of domestic violence; and

Whereas, Under Wisconsin state law, a person who is prohibited from possessing a firearm under federal or state law also may not purchase a firearm or be issued a license to carry a concealed weapon; and

Whereas, State law requires the Wisconsin Department of Justice (DOJ), before approving a handgun purchase or issuing a license, to conduct a background check to determine if the person is prohibited from possessing a firearm; and

Whereas, To determine if the person is prohibited under federal law, DOJ must review court records of all of the person's criminal convictions to identify if any conviction is for a misdemeanor crime of domestic violence; and

Whereas, DOJ must determine if the relationship between the offender and the victim qualifies as a domestic relationship and if the offender engaged in violent conduct when committing the crime; and

Whereas, Currently, state statutes do not make a distinction between violent and non-violent disorderly conduct; and

Whereas, Currently, Wisconsin's definition of domestic abuse encompasses relationship categories that are not part of the federal definition; and

Whereas, The current wording of the disorderly conduct and domestic violence statutes makes it difficult for DOJ to make a quick determination relating to possession of firearms in domestic abuse cases; and

Whereas, Reorganization and rewording of statutory language relating to the crime of disorderly conduct and the definition of domestic abuse would enable the DOJ to more easily determine if a conviction qualifies as a misdemeanor crime of domestic violence; now, therefore, be it

Resolved, By the Common Council of the City of Milwaukee, that Common Council Resolution File Number 220724 is amended by inserting the following item in the document attached to the file and identified as "Amended State Legislative Package":

Public Safety and Public Health	Common Council Seek introduction and passage of State legislation to prohibit an individual convicted of disorderly conduct as a result of domestic violence from possessing firearms.
