

January 8, 2009

To the Honorable
Common Council
City of Milwaukee

Dear Council Members:

Buildings and Fleet Services has received a matching grant from the State of Wisconsin, Department of Natural Resources for the Urban Nonpoint Source and Stormwater Management Program for Department of Public Works Field Headquarters (Tower) Pond.

This grant will assist in the construction of stormwater best management practices at the DPW Field Headquarters. It would, therefore, be in the best interests of the City of Milwaukee to accept this matching grant to improve pollution controls at the Department of Public Works Field Headquarters for stormwater control.

We, therefore, respectfully recommend the adoption of the attached resolution authorizing the Commissioner of Public Works to procure the necessary equipment, materials, and services to implement the Public Works Yard (Tower) Pond.

Very truly yours,

VENU J. GUPTA, Superintendent
Buildings and Fleet Services

JEFFREY J. MANTES, Commissioner
Department of Public Works
