The City of Milwaukee

To whom this may concern:

There was severe damage done to my garage by city workers who were attempting to clean up the garbage. The right door was pushed in and broken. The frame was also cracked and pushed in. I had to nail the left door shut because it does not roll on the track properly. The inside upper bunker is also sagging down. We are very hesitant to enter the garage due to the risk of it collapsing on someone. The two cars which belong to my tenants are parked in the garage. The cars cannot be moved due to the fear of the garage collapsing on them if moved. Therefore, the garage doors need to be replaced and the frame needs to be repaired. The roof structure will also need to be inspected for damage of any kind.

Please contact me at (414)699-3737. Thank you for your prompt attention to this matter!
